

# 2022 RESEARCH AND SCHOLARSHIP

MARCH 19, 2022 - AUGUST 31, 2023

## A MESSAGE FROM THE DIRECTOR

***The Center for Research*** is proud to present the *Annual Report on Faculty Research and Scholarship*. This year's report, once again, captures a full range of diverse faculty scholarship highlighting the many talents of faculty across colleges and disciplines. This issue reports scholarship activities from March 19, 2022 to August 31, 2023.

***Since*** adopting *Boyer's Model for Scholarship*<sup>1,2</sup>, the Annual Research and Scholarship report has included faculty's accomplishments in the scholarship of discovery, integration, application, teaching and engagement. Organized by College and Schools, each section contains activities in each of these categories.

***As you review this compilation*** of scholarship and creativity, note the range that spans funded research, publications, presentations, peer-reviews, inter-disciplinary teamwork, academic service learning, performances, service to local, state, and regional communities, professional service at the state and national level including leadership positions on boards and committees. Additionally, this report captures ways in which faculty are keeping current such as applied practice in their field, achievement of additional credentials, certifications, and on-going continuing education.

***Madonna University's distinction*** of being grounded in the liberal arts tradition and guided by our Felician Franciscan values are clearly driving forces in faculty scholarship.

*Dr. Elizabeth A. Prough*

Professor of Political Science  
Director, Center for Research  
Interim Dean, The Graduate School

1. Boyer, E.L. (1990). *Scholarship Reconsidered: Priorities of the Professoriate*. Princeton, NJ: Carnegie Foundation.  
2. Boyer, E.L. (1996). The Scholarship of Engagement. *Journal of Public Service and Outreach*, 1(1), 11-20.
