UNIVERSITY OVERVIEW
THE UNIVERSITY

Madonna University History

Madonna University is proud of its commitment to quality liberal arts education and its history of public service. Founded by the Felician Sisters as Presentation Junior College in 1937, it was renamed Madonna College in 1947 and incorporated as a baccalaureate institution. It became coeducational in 1972, initiated its first graduate programs in 1982, and achieved University status in 1991. Madonna University maintains its tradition as an independent Catholic University.

Mission Statement

The mission of Madonna University is to instill in its students Christian humanistic values, intellectual inquiry, and a commitment to serving others through a liberal arts education, integrated with career preparation and based on the truths and principles recognized within a Catholic tradition.

The Franciscan Ideal

The Madonna University Community is committed to support and maintain an educational environment which is in harmony with the teachings of Jesus Christ as exemplified in the life of St. Francis of Assisi. These precepts encourage a "conversion of heart" away from selfish worldliness toward a Christ-centered vision of creation and decision-making based on that mentality. The Mission of the University receives its spirit from such Franciscan ideals as:

- a reverence for the dignity of each person;
- a love of God translated into assisting all people, especially the poor, minority, and handicapped;
- an appreciation of nature and all creation; and
- a desire to advance the arts & sciences and to develop the intellect so as to render service to humanity.

The Catholic Tradition

While maintaining fidelity to the teaching authority of the Catholic Church through its academic curriculum, Madonna University promotes an appreciation and openness for other religious traditions and encourages an atmosphere of respect and sensitivity to all persons. The faith environment is one that fosters the spirit of ecumenism, intellectual freedom, and open dialogue.

Through undergraduate, graduate, and continuing education opportunities, Madonna University aims to provide men and women with:
• the accomplishments of intellectual, spiritual and personal growth;
• the comfort and guidance of the Gospel message as relevant to problems of the contemporary world; and
• the courage to witness Christ to the world through pursuit of truth and commitment to service.

Liberal Arts with Career Preparation

Madonna University believes in the enduring values of the liberal arts, with its curriculum based on history, culture and traditions as the foundation for the critical thinking decision-making and higher literacy required as preparation for responsible careers in a contemporary work environment.

Courses for all students are designed:
• to be intellectually challenging;
• to foster independent learning;
• to cultivate new knowledge through study, research, dialogue, analysis and synthesis;
• to liberate the spirit; and
• to eliminate ignorance, fear and prejudice.

Christian Humanistic Values

Christian humanism, developing from the Judeo-Christian tradition of respect for life, supports the belief that a Higher Being judges and redeems life, thereby encouraging men and women to define their relationship with their brothers and sisters across the globe and toward history itself. This philosophy recognizes the innate dignity of each person and the capacity and freedom of will to develop one's physical, social, psychological, and spiritual well-being to the fullest.

Madonna University seeks to provide an educational setting in which students and faculty alike can:
• pursue humanistic endeavors, including appreciation of the cultural heritage of the world's peoples;
• discover a responsibility for lifelong learning;
• develop a sensitivity to human feelings and the expression of talents; and
• respond in social conscience to the needs of society.

Academic Goals and Competencies

Madonna University aims to educate students to become the embodiment of its mission through the attainment of defined goals and competencies.
The University community envisions the MADONNA UNIVERSITY GRADUATE to be a person who achieves the following goals:

1. **Communication** - Develop effective communication skills.

2. **Religious Values** - Achieve an understanding of religious and moral dimensions of human experience.

3. **Cultural Traditions** - Develop an understanding of and responsiveness to the aesthetic, emotive, and intellectual expressions of human concerns through the Humanities and Arts.

4. **Scientific Inquiry** - Achieve an understanding of modern concepts of science, computer technology and mathematics and the relationship between scientific and technological realities in contemporary life.

5. **Personal and Social Environment** - Develop an understanding of the ways in which individuals perceive, experience and behave in their personal and social environment.

6. **World Citizenship** - Develop a facility for international and national citizenship skills.

7. **Personal and Professional Development** - Achieve individual educational goals for personal enrichment and/or career development.

8. **Significant Content Knowledge** - Master a significant body of content knowledge.

The University Campus

The wooded forty-nine acre campus of Madonna University is located in Livonia, Michigan, a suburb on the western perimeter of metropolitan Detroit. The campus faces Schoolcraft Road and the Jeffries (I-96) Freeway (Exit 173 at Levan or Newburgh Road), with easy access to downtown Detroit, the Detroit Metropolitan Airport, and important state highways.

The Academic Building accommodates a variety of purposes from administrative offices and the University bookstore to classrooms and laboratories. Special facilities include the TV Studio/Graphics area, where students and faculty can work with media specialists to develop audio-visual materials for instruction or presentation.

The Academic Computer Laboratory (ACL) provides a wide variety of software applications for students, faculty and administration. Also, the University priority on computer literacy is achieved in many non-computing courses where computers are used to demonstrate the value of a computer in work-settings. Students’ assignments are completed on a variety of micro and mid-sized computers.
An IBM 4341 mainframe computer system is available to students in programming courses. An expanding network of terminals in a newly renovated environment provides these advanced students with easy access to high-speed processing power for class assignments. This hands-on experience duplicates many employment situations.

The laboratory is open during posted hours Monday through Saturday, including evenings. Sunday hours are available during Fall and Winter terms. Lab assistants are on duty during posted hours.

The Activities Center, attached to the academic building, seats 1,000 spectators and provides facilities for sports activities, stage productions, convocations, and lectures. The Livonia Symphony Orchestra as well as area dance and theatre troupes appear before student and community audiences. Adjacent courts for tennis, basketball, and volleyball encourage team and individual sports.

The Career Resource Center (CRC), a national model for liberal arts colleges, provides career counseling and advising to Madonna students. Students can investigate career alternatives with the aid of the CRC staff and materials, and utilize the testing, cooperative education and placement services of the center.

The Center for Personalized Instruction (CPI) is located in the educational development wing. The CPI provides tutoring services and self learning materials in basic college level skills.

The Computerized Writing Laboratory (also known as the Madonna Center for Academic Writing - MaCAW) was established in 1991 to provide additional support for the University's emphasis on computer literacy. The Computerized Writing Lab houses 6 Apple Image Writer dot matrix printers, and 2 HP LaserJet III printers. The lab is designed to facilitate individualized and small group writing assignments and projects.

The Angelo DiPonio Building, which houses the College of Nursing and Health, was acquired in 1991 through a generous gift from Mrs. Margaret DiPonio. In addition to 25 offices, a conference room, and a number of classrooms, the DiPonio Building also houses the Instruction Center, comprised of the Helene Fuld Computer Assisted Instruction Center, and the Ray A. and Jean S. Shapero Nursing Instruction Center. The center includes a practice laboratory for clinical instruction, a library of print and audio-visual resources in nursing, and individual study carrels.

The Learning Center offers services to children and adults from the surrounding communities in diagnosis and remediation of reading and learning problems. Here pre-service and in-service teachers gain valuable laboratory experience.
The Library, built in 1984, is a focal point for the academic life of the campus. Housing more than 130,000 books and other print and nonprint materials, the library provides comfortable study and reading areas, in addition to group study and conference rooms.

The library implemented a fully-automated library management system, in 1992, which enables patrons to search the catalog on-line through public access terminals. The complete data-base contains all library holdings, including serials, and allows keyword searching with Boolean operators in addition to standard bibliographic searches. The library expands its resources by subscribing to other online computer services such as Dialog and Bibliographic Retrieval Service (BRS). It also maintains membership in the Southeastern Michigan League of Libraries Infopass system. This entitles students to borrowing privileges at more than twenty participating university and public libraries. Additionally, books, abstracts, monographs, articles, research and technical reports, and policy manuals can be obtained through the Network Locator Services of the Michigan Library Association. Through such consortial arrangements students can take advantage of the extensive research and library resources in the Detroit-Ann Arbor area. Other library resources include coin and card operated photocopiers and word processing equipment, as well as microfilm and microfiche readers.

The library's ethnic heritage study alcoves contain a variety of artifacts relating to the cultural backgrounds of Madonna University's multiethnic student body, and the Livonia Bar Association Law Library, deeded to the Madonna University Library, constitutes a special resource for students studying law-related courses. The library wing also houses the University Archives and Kresge Hall, a 300-seat auditorium for special events.

The University Center/Residence Hall houses 200 men and women in separate wings. Through the year, the dorm lounges, the commons and snack bar, and the spacious dining halls are centers for floor parties, coffee houses, dances, speaking events, and workshops, as well as student government and club meetings. The roof-covered patio and the upper and lower terraces afford a view of the tree-lined pond and landscape.

All of the Madonna University buildings are barrier free for the physically handicapped. Closed captioned televisions, teletypewriters, and telephone boosters are available to hearing-impaired students.

ACADEMIC OPTIONS

Madonna University students may select certificate, associate or baccalaureate programs in over 50 different majors. In addition to the traditional academic program, Madonna University offers a variety of nontraditional options that create special opportunities for students. (Eight master degree programs are also available. See Graduate Studies Bulletin.)

The University Year: Flexible Scheduling

Madonna University has a three-term calendar, which enables some students to complete a bachelor's degree in three years.

**Term I, Fall:** 15 weeks, September through December
**Term II, Winter:** 15 weeks, January through April
**Term III, Spring/Summer:** 12 weeks, May through July

Students may attend morning, afternoon, evening or Saturday classes. Most classes are scheduled according to the following time blocks.

<table>

Weekend seminars, workshops and institutes offer additional learning opportunities.

Advanced Placement

Madonna University is a participant in the Advanced Placement Program of the College Entrance Examination Board (CEEB). Under this program, a high school student who earns a grade of 3, 4 or 5 on an Advanced Placement Examination automatically receives college credit in the area of his or her proficiency.

Advanced Placement scores and college credits are recorded on the student's transcript. Applicants who seek advanced placement should have examination results sent to the Director of Admissions.

Career Education

Madonna University’s model Career Resource Center (CRC) offers substantial individual assessment and short seminars and workshops which prepare students for the work world and which assist the student in integrating a liberal education with career goals. A full description of these services can be found in the Student Support Services section.

Catholic College Consortium

Madonna University is a member of the Detroit Area Catholic Higher Education Consortium. Marygrove, Sacred Heart Seminary, St. Mary of Orchard Lake College and the University of Detroit Mercy are participating institutions.
Full-time students of consortium institutions may take one or more courses during the academic year at participating institutions. Part-time students may not register for more than 12 s.h. of consortium credit during their undergraduate careers.

The student registers with Madonna University's Registrar and with the Registrar of the consortium college. Tuition is paid to Madonna University. For exact procedures, see the University Policies section.

Certificate of Achievement
A certificate of achievement is awarded in specified areas to admitted Madonna University students who earn 30 semester hours in a planned program of study, including ENG 101, with a grade point average of 2.0 (C) or better.

Certificate of Completion
A certificate of completion is awarded to admitted Madonna University students who successfully complete an approved program of study (9-29 s.h.) at Madonna University with a grade of C or better in each course.

Continuing Education
Each term Madonna University offers a wide variety of options for the lifelong learner. Long and short courses for Continuing Education Units (CEUs) are offered in the areas of health and human services, business and management, computers, and personal enrichment.

Continuing Education Units are a nationally recognized form of measurement which may be used as evidence of increased performance capabilities and personal interest, but not as college credit. One CEU equals ten instructional hours. Registration and scheduling are coordinated by the sponsoring departments. Continuing Education Units may not be converted at a later date to academic credit.

Cooperative Education (Co-op)
A Madonna University student can earn university credit for work related to the student's plan of study. Cooperative Education credit is approved by the faculty member who supervises, evaluates, and grades the student's performance. Students may also integrate a cooperative work experience with a course that calls for field experience, practicum, internship, or seminar.

The following majors require cooperative education coursework: journalism and public relations, criminal justice and security, occupational safety and health, home economics and family life, computer science, fashion merchandising, computer information systems, and international business. Madonna University’s Office of Cooperative Education coordinates the student placement in area business, industry, government, and service agencies. Application deadlines are:

Term I, Fall: June 1st
Term II, Winter: October 1st
Term III, Spring/Summer: February 1st

For additional information on work-study options, see the Academic Policies section.
Degree Programs

Madonna University offers programs leading to certificates of achievement; associate, baccalaureate and masters degrees; certificates of completion; and post-baccalaureate certificates. Madonna University follows a career ladder approach to course and degree work. Credits earned for the associate degree also apply toward the baccalaureate degree. For master degree programs, see the Madonna University Graduate Bulletin.

Experiential Learning

Life and work experiences which provide opportunities to master course competencies and to learn material taught in college courses can be evaluated for credit in a variety of ways. Among them are: University approved standardized tests (CLEP and NLN), Armed Services Evaluations (for education in the services), University department challenge exams (e.g., CIS 225 and 238), video (for musical/theatrical performances), interview, product, and portfolio. The method of evaluation is decided by the department faculty evaluator in consultation with the student.

- Up to sixty hours of credit may be granted for experiential learning (including a maximum of thirty CLEP credits (see next paragraph). Experiential learning credits are applicable to a baccalaureate degree, and may satisfy the requirements for General Education, a major, or an elective. Departmental policies also apply.

- Up to thirty semester hours may be granted on successful completion of CLEP examinations. Three to four semester hours for each course may be awarded to individuals who achieve a mean score, based on CLEP national norms samples. CLEP credit, like other experiential learning credits, can be used to satisfy graduation requirements. CLEP credits will NOT be awarded in a subject below the level of work already attained by a student. The English Composition CLEP exam does NOT fulfill the English requirement and the Natural Science CLEP exam does NOT apply towards a science degree.

- In some areas, the University expects the applicant to demonstrate adequate laboratory and clinical/field experience.

- Experiential learning credits are excluded when determining eligibility for financial aid, full- or part-time status, Dean's List, Academic Achievement List, and proof of U.S. residency (I-20 verification).

- Each student who plans to receive an undergraduate baccalaureate degree at Madonna University needs to take a minimum of thirty semester hours of coursework at Madonna University. Second baccalaureate degree students needing only to complete a minimum of thirty semester hours may not satisfy them with experiential learning credits.
• Students must be admitted to the University to make formal application for experiential learning credits. Credits are awarded on a satisfactory basis (S) but will not be recorded on the transcript until the student has completed 12 s.h. in residence.

For additional information on evaluation and registration procedures for experiential learning credits, consult the University Policies section of this Bulletin or the Office of Academic Advising Services.

Guest Students
Madonna University uses the Michigan Uniform Undergraduate Guest application. This assists visiting students in earning credits to be applied toward a program at their home institution. Madonna University students in good academic standing may secure a guest pass to take a course at another institution only when the course is not taught that academic year at Madonna University and when waiting an additional year would cause severe inconvenience. Students beyond sophomore standing may not earn credit in two-year institutions for transfer to Madonna University. Students must have written approval from their advisor and the Registrar to obtain a Michigan Uniform Undergraduate Guest Pass before registering for a course at another institution. The guest pass is good for only one term. A grade of C or better will transfer (credit only, not honor points).

If admitted students take classes at another institution but fail to secure the necessary approval or authorization, the credits taken at the other institution will not apply to the Madonna University degree unless the student is readmitted to the University. Financial Aid may not cover courses taken at other institutions.

Honors Program
The Honors Program at Madonna University offers special sections of selected General Education courses. These sections are distinguished from non-honors sections of the same courses in terms of:

Class Size: Enrollment is limited in number, varying with each course;

Eligibility: A 3.7 GPA is necessary for automatic eligibility, though interested students with lower GPAs are encouraged to seek permission of the instructor or permission of the Honors Program Director in order to be admitted to Honors sections;

Assignments: Honors sections typically differ as to the type and quantity of reading and writing assignments required of students.

Interested students should contact the Director of the Honors Program.

Independent Study
Students may earn credits for independent study with the approval of the divisional Dean and a faculty member of the department in which the study is
pursued. Independent study provides the option for in depth investigation of a subject which is of particular interest to the student.

Second Baccalaureate Degree

Students pursuing a second baccalaureate degree at Madonna University must complete the General Education Religious Studies requirement, the desired major, and the required support courses. At least 30 semester hours must be earned at Madonna University, which may include electives if necessary.

No courses used in the major of the first degree may be used in developing the major of the second degree. However, any other courses, including courses used in a minor posted with the first degree, may be so used. It is acceptable to use courses from the first degree major in the role of required support courses for the second degree major.

Study/Work/Travel Abroad

Madonna University promotes the expansion of international education through curricular development, through international exchange programs and the active recruitment of international students, and through study, work, and travel abroad opportunities for Madonna students. The University has a number of existing affiliations with universities in Argentina, Belgium, Great Britain, Japan, Poland, and Taiwan, as well as a resource library of programs throughout the United States. The University has also initiated a Financial Award for Travel and Education (F.A.T.E.) program to help qualified students defer some of the additional costs of studying abroad. Students interested in these and other study, work, and travel abroad opportunities should contact the Center for International Studies or the Office of the Academic Vice President.

Telecourses

Televised courses over cable and broadcast television allow students to pursue college coursework right in their homes. Normal registration procedures apply to telecourses.
ADMISSIONS

Madonna University welcomes students of various ages and economic, racial, experiential and religious backgrounds. Admission is granted to all qualified applicants who can attain their educational goals within the philosophy and academic framework of the University.

Prospective students are expected to possess the integrity, interest and talents that will enable them to contribute to and benefit from the life and programs of the University.

Application Procedure

1. Submit a complete application for admission and the nonrefundable admission fee. High school students may submit applications as early as their junior year.

2. Arrange to have the following documents sent directly to the Admissions Office:

   **First-Time University Applicants:**
   - Official high school transcript or General Education Development (GED) test results.
   - ACT College Report indicating results of the ACT or Enhanced ACT Assessment for all current high school students or recent high school graduates. Madonna University must be the direct recipient of this report. The ACT code number for Madonna University is 2022. Scholastic Aptitude Test (SAT) or other results are optional.

   **Transfer Applicants:**
   - Official high school transcript, or the equivalent, must be submitted by all applicants who do not hold an associate degree or higher.
   - Official transcript(s) from the college(s) attended.

The University reserves the right to request additional personal information and evidence of academic proficiency. Specific programs and departments within the University may require additional documentation.

Notification of Admission

Applicants can expect to receive written notification of their admission status within a period of two weeks following receipt of the required application documents by the Admissions Office. Exceptions to this practice involve those programs of limited access, which may, in some cases, result in a delay of notification. Following notification of University admission, students are required to meet with their designated advisor to design a plan of study. Students must meet the requirements of the Bulletin in effect at the term for which they are formally admitted or readmitted.
Regular Admission

Regular admission status is granted to:

• high school graduates who have earned a minimum cumulative high school grade point average of 2.5 on a 4-point scale and whose ACT or Enhanced ACT results indicate sufficient potential to succeed.

• transfer applicants who have earned a minimum cumulative college grade point average of 2.0 on a 4-point scale.

Specific programs and departments within the University may have higher and/or additional requirements for admission into that program or department. Students should consult the Plans of Study portion of this Bulletin for further information. Additional assistance can be obtained through the student's faculty advisor.

Provisional Admission

Provisional admission is offered to those applicants whose credentials may not satisfy the above criteria but whose maturity and seriousness of purpose indicate evidence of possible success. Students granted provisional admission:

• will be notified in the Admissions letter of the reason they were not granted regular admission;

• will be assigned a designated advisor and will be required to meet with the advisor before registration each term;

• will be required to comply with one or more of the following conditions:
  a) report for testing (English, Mathematics and/or Reading) within 30 days from the date of admission
  b) register for one or more specified courses (e.g., ENG 099, MTH 098) within the first year following admission
  c) contact a specified office (e.g., ESS, CPI) within 30 days from the date of admission

• will have one calendar year to successfully complete specified courses, achieve “satisfactory academic progress (as defined in the current bulletin) and, if successful, will be granted regular status.

Nonadmitted Students/Nondegree Seeking Students

Nonadmitted degree and/or credential seeking undergraduate and postdegree students complete a “Permit to Register” form and pay a $15 processing fee. They receive an application form and are requested to complete the admission process within eight weeks. One additional permit is allowed for the next term of attendance for a second $15 fee. Credits earned while attending as a nonadmitted student may or may not be applicable towards a degree at a later date.
Nondegree seeking students complete a “Permit to Register” form and pay a $15 processing fee each term of their attendance. The “Permit to Register” will include a disclaimer: Credits earned while attending as a nondegree seeking student may or may not be applicable towards a degree at a later date.

Readmission

Students admitted to Madonna University who have not been in attendance for two years at the University or who have transferred meanwhile to another college are required to file an application for readmission. Baccalaureate graduates of Madonna University returning for additional study are not required to apply for readmission, but must reactivate their file with the Registrar’s Office.

Students who are readmitted to the University must meet the degree requirements of the Bulletin which is in effect at the time of readmission. Credits earned in certain fields more than ten years prior to admission or readmission may not be valid as degree credits.

The files of applicants who are admitted for a specific term, but who do not register, are held in the Admissions Office for a period of two years following that term. After this period, nonregistered applicants must apply for readmission.

Incomplete files of nonregistered applicants are not kept beyond two years.

Readmission After Termination

A person who has been terminated and is seeking readmission is required to follow the normal admissions process (including application fee) and to provide documentation of activities during the dismissal period which supports the individual’s readiness to resume an academic career at Madonna University. This process must be completed well in advance of the beginning of the term for which readmission is desired and no later than December 1, March 1, or July 1 for admission to the following term.

Early Admission of High School Students

High school students of superior ability who have completed their junior year may be admitted to the freshman class at Madonna University. However, recommendation from the high school principal must accompany such an application indicating that the student has a scholastic standing of 3.0 or better. A personal interview is required prior to admission.

Superior senior high school students may enroll in one or more lower division courses at Madonna University. It is thus possible for the student to earn university credits while concurrently completing high school graduation requirements.

Transfer Students

Students transferring to Madonna University from either a two-year or four-year institution must provide evidence that they are in good academic and personal standing at their previous colleges. For admission and scholarship
consideration, all credits and honor points will be averaged to determine a
transfer GPA. Credits, honor points and GPAs will be listed on the Transfer
Credit Evaluation Form along with a notation of the actual number of hours
accepted by Madonna University. Only those courses completed at a regionally
accredited institution with a grade of C (2.0) or better will be considered for
transfer credit. Grades are not transferable.

Transfer students pursuing their first baccalaureate degree at Madonna
University must complete the requirements for General Education and the
desired major. The last 30 semester hours of the 120 required for the bachelor
degree must be earned at Madonna University including electives, if necessary.

Transfer students pursuing their second baccalaureate degree at Madonna
University must complete the requirements for General Education and the
desired major. They must earn at least 30 semester hours at Madonna
University including electives, if necessary. Transfer students pursuing an
associate degree at Madonna University must complete the requirements for
General Education and the desired major. The last 15 semester hours of the 60
required for the associate degree must be earned at Madonna University.

The University will consider accepting credits from degree-granting
institutions listed in Accredited Institutions of Higher Learning published by
the American Council on Education.

All requests for adjustments, additions, and corrections to the Transfer Credit
Evaluation Form must be submitted in writing to the Admissions Office within
the term following the student's admission to the University. A form for this
purpose is available in the Admissions Office.

In addition, credit will not be granted at a later date for coursework
completed at an institution not listed on a student's application for admission,
nor will that credit be added if the student has cause to be re-admitted to the
University. A student may be liable for dismissal if it comes to light that a prior
academic history was omitted in order to gain admission.

Graduates with Associate Degrees/Satisfying the MACRAO
Transfer Agreement

Madonna University provides educational opportunities to graduates of
community colleges who have earned associate degrees and are interested in
pursuing baccalaureate degrees.

Ordinarily, a student may not transfer more than 64 semester hours or the
equivalent from a two-year college into a baccalaureate program at Madonna.

An Associate of Arts or Associate of Science degree from a community college
is recognized as fulfilling the General Education requirements at Madonna
University provided that the transfer courses conform with the MACRAO
Agreement, and it is indicated on the student's transcript from the two-year
institution that the student has satisfied the MACRAO Agreement.

If the transfer credits do not include courses in Religious Studies, the student
is required to take 6 semester hours in Religious Studies for a baccalaureate
degree in keeping with the philosophy of Madonna University.
Additionally, students who satisfy the MACRAO Agreement may still be required to fulfill additional baccalaureate general education requirements in the following areas:

- Junior or Senior Level English Literature ........................................ 4 s.h.
- Biological Science, Physical Science, or Mathematics .................... 3-4 s.h.
- Computer Literacy ........................................................................... 2-3 s.h.
- Social Sciences ................................................................................ 7 s.h.

Finally no transfer credit will be granted for a course or courses in which grades lower than a C or 2.0 are earned.

**Advanced Standing for Nontraditional Students**

Madonna University believes that higher education should be available to persons throughout their lifetime and not just immediately after high school graduation. The University welcomes all persons who wish to return to study later in life, either on full-time or part-time schedules. Military personnel, civil service employees, management and supervisory personnel from business and industry, housewives and personnel from allied health occupations may pursue degree programs appropriate to their lifetime interests. All applicants follow the regular admissions procedures.

Candidates from areas of specialization, e.g., law enforcement, fire protection and occupational safety, health and social work, may receive credit for on-the-job field experience and for related knowledge.

Each academic department determines the credit awarded for external study experience and professional training. A personal interview with the Experiential Learning Director is required.

**International Students**

International students are encouraged to apply for admission to the University at least one year before enrolling in classes. In addition to fulfilling the admission requirements previously listed, these students must submit:

1. A statement signed by the applicant’s parent, guardian, or sponsor assuring full financial responsibility for the student;
2. Official results of the Test of English as a Foreign Language (TOEFL) or an equivalent English proficiency test.

In order to qualify for regular admission to the University, applicants who are non-native speakers of English must meet the following English language proficiency requirements:

- TOEFL (Test of English as a Foreign Language): Score 540
- TWE (Test of Written English): Score 4
- MELAB (Michigan English Language Assessment): Score 80

Students who do not meet these standards may be admitted provisionally to the University, and are required to successfully complete the appropriate ESL courses. ESL placement is determined by a number of assessments and
institutional evaluations. Students meeting the above requirements may be admitted without being required to take ESL courses, but are welcome to elect ESL courses to sharpen their skills.

ESL courses are specifically designed to prepare students for the English proficiency necessary to complete their academic courses. A number of those courses can be taken concurrently with academic courses in the student’s program of study. ESL courses are credit bearing, and 9 s.h. at the 400 level may apply towards the baccalaureate degree requirements. Interested students should contact the ESL Program Director for additional information.

Applicants to Madonna University who are graduates of a high school outside the United States must have academic preparation equivalent to that required for eligible U.S. high school graduates. Following notification of admission, the student must submit an advance enrollment deposit of $1,500. The Director of Admissions will issue the I-20 following receipt of the deposit.

Additional policies relating to international students may be obtained from the International Student Policy Handbook, available from the Center for International Studies.

Contractual Agreements

Madonna University has a number of contractual agreements with area institutions. Upon admission to Madonna University, students who have completed an approved program of study are able to obtain transfer credits which can be applied towards the requirements of specific majors within the University or, often, used as general electives within other programs of study. Specific guidelines and requirements vary. Interested students should consult the information below. Additional information can be obtained through the Admissions Office.

CDI Career Development Center: CDI (Control Data Institute) Career Development Center graduates of the computer programming and the computer technology programs are granted 30 semester hours of credit toward a bachelor of science degree with a major in computer information systems. (Selected courses may apply toward a computer science major.) These 30 semester hours will be recognized as the major concentration for the associate of science degree in computer technology. To complete the requirements for this degree, the student must complete an additional 30-32 semester hours in General Education at Madonna University.

Center for Banking Education (formerly the American Institute of Banking): Students may transfer a maximum of 30 credit hours with a grade of C or better from the Center for Banking Education as electives toward any major in the School of Business for a bachelor of science degree at Madonna University.

EMS Provider Institute: Graduates of the EMS Provider Institute will be granted 10, 16 or 26 credit hours, depending upon their current state licensure as a Basic EMT, Advanced EMT or both. These credits may be applied towards
the majors in Fire Science or Occupational Safety, Health & Fire Science, or as general electives toward another degree program at Madonna University. Credit will be transcripted after a student has successfully completed 12 semester hours at Madonna University.

**Michigan Fire Fighters Training Council:** Persons who have completed the programs offered through the Michigan Firefighters Training Council may request experiential learning credits through the Program Coordinator for Fire Science (FS)/Occupational Safety, Health, and Fire Science (OSF) in the Department of Physical and Applied Sciences. Credits to be awarded will be determined on an individual basis after the student has successfully completed 12 s.h. at Madonna University. These credits may apply toward degree completion in the Fire Science major, or in the Occupational Safety, Health, and Fire Science major.

**Michigan Technical Institute:** Graduates of the Michigan Technical Institute Computer/Data Processing Program, will be awarded a maximum of 30 semester hours of credit when they are admitted to Madonna University. Some of these credits will be recognized as satisfying requirements for a major in computer science or computer information systems. Other credits will be accepted as general electives. These credits will apply toward the requirements for the associate of science degree or the bachelor of science degree at Madonna University.

**MoTech Automotive Education Center:** MoTech students who have completed the program in Auto Collision Repair, Auto Mechanics, Electronics Technology, or Industrial Controls will be granted a maximum of 30 semester hours of credit towards an Associate of Applied Science degree in either Auto Collision Repair, Auto Mechanics, Electronics Technology, or Industrial Controls, or as elective credit towards another degree program at Madonna University. MoTech students must successfully complete 12 semester hours at Madonna University in order to have credit transcribed.

**National Education Center (formerly National Institute of Technology):** Graduates of the National Education Center who have completed the Electronics Technology program are granted 31-38 semester hours of credit. These credits will be recognized as the core for a major in electronics technology applied toward an associate or bachelor degree in applied science. Students interested in this degree should contact the College of Science & Mathematics. Graduates may also choose to have these credits apply toward other degrees. Credits will be transcripted after having successfully completed 12 semester hours at Madonna University.

**Specs Howard School of Broadcast Arts:** Students who have completed Specs Howard School of Broadcast Arts program in Fundamentals of Practical Broadcasting Arts are granted up to 20 semester hours to be applied as the specialty area within the video communications major. Students apply to the English & Communication Arts department for the credit after having successfully completed 12 semester hours at Madonna University.
TUITION AND FEES

Madonna University believes that higher education should be affordable to all who seek it. The following schedule is in effect for the Fall Term I, 1994.

STUDENT PAYMENT POLICIES

Students may register for courses when past due financial obligations have been met. Registration fees are due and payable at the time of registration at the Student Accounts Office.

Students whose accounts are past due for a current semester's enrollment or who are in debt to the University at the end of any term are not entitled to register, receive a transcript, or diploma until the account is settled.

Payment Plans

1. Tuition and fees are payable in advance in full at the time billed. Students may pay by cash (U.S. currency), check, money order or credit card (Mastercard or Visa). Payment may be made by telephone for credit card holders. Payment may also be made by mail. However, the University is not responsible for lost or delayed mail. The assessment of registration adjustment and late payment charges will be determined by the postmark date.

2. Students who do not pay in full in advance automatically choose the deferred payment plan of two equal installments at an additional cost of $15 (see Fee listing above). The initial payment is due approximately two weeks prior to the beginning of each term. The balance of tuition and fees is due six weeks after the beginning of the term. The Class Schedule Bulletin carries the exact due dates for each term. The deferred payment plan is denied to students whose accounts have in the past been referred to a collection agency because of the student's failure to pay the University.

   NOTE: Each billing due date will have an associated billing close date. The close date will be approximately two weeks prior to each billing due date. Students who register after the established billing close date, or add additional courses to their initial registration, will be required to pay the minimum advance payment of 50 percent before registration forms are processed. Students registering for non-credit or CEU will be required to pay 100 percent of the charges at the time of registration.
3. Payment may be made through the direct crediting of a financial aid award to the student's account, provided the award is sufficient to cover the required advanced minimum payment. This plan excludes college work-study awards. Students with an insufficient amount of financial aid to cover the minimum advance payment of 50 percent are required to pay the difference by the invoice due date. Students who have not received their official award verification notice prior to the billing close date are also required to pay the minimum advance payment of 50 percent when due.

NOTE: Veterans benefits and special departmental awards, for which the student has applied and/or been approved but from which the student has not yet received funds, will not serve to release the student from the obligation of required minimum payments when due.

4. Students whose employers will be invoiced for tuition and expenses may submit a billing authorization form prior to the billing due date. Failure to provide the Student Accounts Office with your employer authorization form by the due date may result in additional penalties.

Billing Error or Dispute

Errors or disputes about a bill must be submitted in writing within 30 days after the mailing date of the bill. The written inquiry must include: name and social security number, a description of the presumed error, and the dollar amount of the presumed error.

The student remains obligated to pay the portion of the bill not in dispute, but the disputed amount may remain unpaid until such time that the problem is resolved. Send billing inquiries to Student Accounts Office, Madonna University, 36600 Schoolcraft Road, Livonia, Michigan 48150-1173.

Penalties

1. Late Payment Penalty:
   a.) Failure to meet the required minimum advance payment due date will result in the suspension of the student's registration. Prior to the end of add/drop week, in order to reinstate the registration, the student is required to pay a $10 late payment fee in addition to the full payment. At the end of add/drop week, in order to reinstate the registration, the student is required to pay $40 in addition to the full payment. A student who does not plan to attend must withdraw through the Registrar's Office.
   b.) A penalty of 5 percent up to a maximum of $50 is assessed if the second payment is not received by the invoice due date.

2. Returned Checks: Checks returned for any reason will constitute non-payment and will be subject to a $15 penalty per check. Late penalty charges will be assessed when applicable.
3. Change in Registration Fee:
   a.) Complete Drop: A complete drop of all courses prior to the first day of
       the term is not assessed a fee. Thereafter, a complete drop of all courses
       is assessed $15.
   b.) Add/Drop Change of Courses: Each Add/Drop change form processed to
       alter an existing registration is assessed $15. A minimum of 50% of
       the increased tuition and fees resulting from a change in registration
       made after the billing close date must be paid at the time of adjustment.
       No change in registration fee is assessed for changes required as a
       result of University actions.

4. Open Registration Fee: Returning students who do not complete registration
   on the days designated in the Schedule of Classes will be assessed a fee of $55.
   This includes the $40 registration fee. Additional penalties may be assessed
   dependent upon the actual date of registration. Any student registering
   during the designated add/drop week pays $90.

5. Record Replacement Fee: Requests to duplicate billing records to verify
   payments are assessed a $5 per term replacement fee.

Refunds/Credit Adjustments

Students are required to officially drop or withdraw from classes in person
or in writing through the Registrar's Office. The date the Registrar's Office
receives the request determines the amount of any adjustment of tuition after
classes have begun.

Students who do not officially drop or withdraw from classes within the
specified add/drop periods are responsible for full tuition and fees for the
courses. In such cases the student receives a failing grade, which is entered for
the courses on the student's transcript.

Tuition credit adjustments are made according to the following schedule:

FULL TERM:
Add/Drop Week ........................................... 100% minus $15 adjustment fee
Second week of term .................................... 75%
Third week of term .................................... 50%
Fourth week of term ................................... 25%
No credit past the fourth week.

No credit past the third class meeting.
NOTE: Students unable to complete the withdrawal process within the designated time periods, or those compelled to withdraw completely at any time due to circumstances beyond their control, may appeal the credit adjustment decision in writing to the Manager of Student Accounts.

REFUND vs. CREDITS

Students who receive financial aid and have a credit balance on their account after all financial aid is posted to their account must make a written request to the Student Accounts Office for a refund check. These refunds are processed for payment according to the following schedule:

<table>
<thead>
<tr>
<th>Term</th>

</tr>
</tbody>
</table>

Students who do not receive financial aid and have a credit balance on their account can make a written request to the Student Accounts Office at anytime for a refund check. Students should allow ten working days from the Friday of the week that the request is submitted for processing. Refund checks may be picked up at the Office of Student Accounts between 3:00 and 5:00 p.m. on Fridays. Checks not picked up will be mailed the following Friday.

Students who have a credit balance on their account at the end of the term for which they are currently enrolled will automatically receive a refund only if they do not register for classes during the next fall or winter term.

A credit balance of $1.00 or less is not credited to the student's account during any subsequent term of enrollment and is only refundable upon written request of the student.

In all cases, students should allow two weeks for processing and mailing before receipt of their refund check.

All fees incurred during the term are non-refundable.
FINANCIAL AID

Madonna University provides financial assistance to admitted students whose scholastic aptitude merits a scholarship and/or whose personal and family resources are inadequate to meet the educational cost. All students are urged to apply for financial aid.

The primary responsibility for financing a college education rests with the student, the parents and/or the spouse. Financial aid is a supplement to the funds which can reasonably be provided by the applicant and the applicant's family. The student is expected to contribute toward education expenses through savings, employment, Social Security benefits, untaxed income, and earnings from both the student's spouse and/or parents.

Because the demand for student aid exceeds the supply of funds available, most financial aid programs must limit their awards to students who can demonstrate need according to a nationally accepted formula which is applied uniformly to all individuals applying for aid.

Eligibility for Financial Aid

The eligibility requirements for the Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Michigan Tuition Grant, Michigan Competitive Scholarship, Federal Perkins Loan, Federal Stafford Student Loan, Federal Parent Loan for Undergraduate Students (PLUS), and Federal Work-Study are as follows:

1. The student must be a U.S. citizen*, national or U.S. permanent resident who has an I-151 or I-551 (Alien Registration Receipt Card) or I-94 with proper endorsement.
   *Michigan residence for Michigan Tuition Grant and Competitive Scholarship.

2. The student must be enrolled in an eligible course of study on at least a half-time basis* (six credit hours). NOTE: Credit by examination, audit, life experience, and/or experiential learning are NOT counted in determining a student's eligibility for any type of financial aid.
   *Less than half-time students may qualify for some programs. See the Financial Aid Office for details.

3. The student must have a high school diploma, a GED, or pass a test approved by the U.S. Department of Education.

4. To be eligible to apply for and/or to continue to receive financial aid, the student MUST be making satisfactory academic progress. Satisfactory progress is determined based on two criteria: cumulative grade point average and movement toward a degree as measured by course completion. The student must maintain a minimum cumulative GPA of 2.00. In addition, the full-time student must successfully complete a minimum of 20 s.h. per academic year. Half-time students (those enrolled for 6-11 s.h.) must complete a minimum of 10 s.h. per academic year. (A formula will be applied to determine the completion factor for students whose enrollment status (FT, HT) changes from one term to the next.)
Students who do not meet the criteria of “satisfactory progress” will be placed on financial aid probation the following term they enroll.

Failure to make satisfactory progress during the probation term will result in dismissal from the University and loss of all Federal, State and Institutional aid.

Students may appeal their dismissal and/or loss of aid to the Vice President for Student Life.

More detailed information on Satisfactory Academic Progress is available in the Policies section of the Bulletin and upon request from the Vice President for Student Life.

5. The student must not be in default on a student loan or owe a refund on a student grant.

6. The student must sign a Statement of Educational Purpose/Registration Compliance.

7. The student must have demonstrated financial need.

In addition to the criteria listed above, applicants must be officially admitted to Madonna University and be enrolled in a degree or certificate program to be eligible for the Federal Pell Grant, Federal Supplemental Grant, Federal Perkins Loan, Federal Work Study, Federal Parent Loan for Undergraduate Students (PLUS) and Federal Stafford Student Loans.

Application Procedure
To apply for the Federal Pell, Federal Work Study, Federal Perkins Loan, Federal Supplemental Educational Opportunity Grant, Michigan Tuition Grant and Michigan Competitive Scholarship, Adult Part-Time Grant, or Federal Stafford Student Loan, a student must:

1. Complete a Madonna University Financial Aid Application, sign it, and return it to the Madonna University Financial Aid Office.

2. Complete a Free Application for Federal Student Aid which is available from high schools, libraries and the Madonna University Financial Aid Office.

3. Students whose applications are selected for verification may be required to provide additional supportive documentation (tax forms, social security benefit statements, etc.).

4. All students who attended another college or university prior to coming to Madonna University MUST request that those institutions previously attended complete a Financial Aid Transcript and send it to the Madonna University Financial Aid Office. These forms are available from the Madonna University Financial Aid Office.
5. Students who are not U.S. Citizens or U.S. Nationals may be asked to provide a copy of their I-151 or I-551 (Alien Registration Receipt Card) or I-94 with proper endorsement.

6. Applications should be submitted as early as possible each year. To ensure full consideration students are encouraged to apply as follows:

   Fall Term: February 15th
   Winter Term: September 1st
   Spring/Summer Term: January 1st

   NOTE: Students need to apply once each academic year.

7. Procedures for students applying for Madonna University Scholarships and Endowment Scholarships:
   - Fulfill requirements for admission to Madonna University.
   - Complete Madonna University Scholarship Application by March 1.
   - Scholarship/Award winners will be notified by April 30.

Federal Aid Programs

1. FEDERAL PELL GRANTS: Undergraduate students from limited income families are entitled to up to $2,300 per year in Federal Pell Grant aid on the basis of financial need. The grants can be renewed annually until the student completes an undergraduate degree.

2. FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANTS (SEOG): The federally funded Supplemental Educational Opportunity Grants may be awarded to undergraduate students whose financial aid applications demonstrate exceptional need. These grants may be renewed each year that need is shown and funds are available until the student completes an undergraduate degree.

3. FEDERAL WORK STUDY: The Federal Work Study Program encourages on-campus employment for financially needy undergraduate and graduate students. These jobs are secured through the University Financial Aid Office.

4. FEDERAL STAFFORD STUDENT LOANS:
   - SUBSIDIZED: Available to undergraduate and graduate students with financial need. The interest on the loan is paid by the government while the student is enrolled at least half-time.
   - UNSUBSIDIZED: Available to undergraduate and graduate students regardless of financial need. The interest IS NOT paid by the federal government while the student is enrolled in school.
Loan amounts vary depending on the student's dependency status and the year in school. Interest rates are variable and change annually, but will not exceed 9%. Interest rates for first-time borrowers on or after July 1, 1994 will not exceed 8.25%.

5. FEDERAL PERKINS LOANS: Available to undergraduate and graduate students with financial need. The interest rate is 5% and is deferred while the student is enrolled at least half-time.

6. FEDERAL PLUS LOAN: Available to creditworthy parents of dependent undergraduate students regardless of financial need. Parents may borrow up to the cost of education minus other financial aid awarded. Interest rates are variable and change annually but will not exceed 10%. Interest rates for loans disbursed on or after July 1, 1994 will not exceed 9%.

Detailed information regarding current loan amounts, interest rates, deferment, postponement, cancellation, and repayment provisions for the loans listed above are available upon request from the Financial Aid Office.

Students are encouraged to consult “The Student Guide,” available from the Financial Aid Office, for detailed information on all federal aid programs.

Michigan Aid Programs

1. MICHIGAN TUITION GRANTS: The Tuition Grant Program provides grants up to $1,975 per year to qualifying Michigan residents for tuition and fee expenses. This aid is granted to students whose financial aid application shows financial need.

Tuition Grants are provided to eligible full-time or half-time undergraduate students for up to the equivalent of 10 semesters of study. Graduate students may receive the grants for up to 6 semesters (or equivalent).

2. MICHIGAN COMPETITIVE SCHOLARSHIPS: Michigan Competitive Scholarships of up to $1,975 are awarded annually to college freshman (Michigan residents) whose scores on the American College Test (ACT) or Enhanced ACT qualify them and whose financial aid applications indicate financial need. Undergraduate students may renew their scholarships for up to the equivalent of ten semesters by maintaining eligibility.

3. MICHIGAN ADULT PART-TIME GRANTS: Grants up to $600 per year not to exceed two academic years are awarded to part-time students (3-11 s.h.) with demonstrated financial need.
Madonna University Aid Programs

To be eligible for University awards, general scholarships and endowed scholarships, students must be officially admitted, have a minimum 3.2 GPA, (some scholarships have higher requirements) and be enrolled full-time (12 s.h.) unless otherwise noted. For transfer students, the GPA is determined at the time of admission. See Transfer Student information in the Admissions section of this bulletin.

NOTE: Scholarship and award recipients who receive state or federal assistance may have their awards reduced, so as to comply with state or federal award guidelines.

For additional information on these scholarships and awards, contact the Financial Aid Office.

Supplemental Assistance Programs
A variety of funds are also available from government agencies for students who are in specific kinds of situations. Some of the major sources of such funds are:

1. VETERANS' EDUCATIONAL BENEFITS: The Department of Veterans Affairs administers a number of education programs for veterans, servicepersons, and eligible dependents. Contact the Financial Aid Office or the Department of Veterans' Affairs for more information.

2. VOCATIONAL REHABILITATION EDUCATION BENEFITS: Vocational Rehabilitation Education Benefits are for students with physical or mental disabilities which result in substantial handicaps due to employment. Contact local VRS Office for additional information.

3. EMPLOYEE TUITION REIMBURSEMENT PROGRAM: Many employers will pay tuition for their employees who successfully complete coursework at Madonna University. For more details check with the Personnel Office at your place of employment.

More detailed information on all financial aid programs is available from the Madonna University Financial Aid Office (313) 591-5036. All students are encouraged to contact the Financial Aid Office for further information and assistance in applying for financial aid. The Financial Aid Office is open Monday and Thursday from 8:00 a.m. to 7:00 p.m. and Tuesday, Wednesday, and Friday from 8:00 a.m. to 5:00 p.m. Students should consult the Madonna University Student Financial Aid Handbook for detailed information on all University aid programs. Particular attention should be paid to application deadlines and to award and packaging priorities.
STUDENT LIFE

Madonna University recognizes that quality college life is not limited to educational opportunities alone. Diverse and stimulating extracurricular activities promote individual growth and interest, making college far more than attending classes. The following opportunities exist for all our students: young, older, men, women, handicapped, commuter and resident.

Student Clubs & Organizations

Madonna University students have the opportunity to express their interests and develop leadership skills by committing to club memberships and campus chapter organizations. Active campus organizations include:

- Athletic Club
- Madonna University Business Professional Association
- Chorale
- Council for Exceptional Children
- Data Processing Management Association
- Deaf Club
- Fashion Merchandising Professional Association
- Gerontology Association
- Health Managers Organization
- International Student Organization
- Latino Student Association
- Legal Assistant Association of Madonna University
- Multicultural Forum
- Madonna University Music Club
- Music Education National Conference Student Chapter (MENC)
- Madonna University Nursing Student Association (MUNSA)

- Project Earth (Environmental Action Group)
- Psi Sigma Omega (Political Student Organization)
- Psychology Club
- Residence Hall Council
- Social Work Student Association
- Student Ambassador Club
- Student Government
- Student Michigan Education Association (SMEA)

Student Honors Societies

Madonna University also offers a number of organizations which recognize scholastic and academic achievement within a variety of departments and programs. These honors societies include:

- National Catholic Honors Society: Kappa Gamma Pi
- Business Honors Society: Delta Mu Delta
- Education Honors Society: Kappa Delta Pi
- Gerontology Honors Society: Sigma Phi Omega
- Nursing Honors Society: Sigma Theta Tau
- Social Work Honors Society: Phi Alpha
Student Government

Annual elections are held for the Madonna University Student Government, which promotes the interests and welfare of the student body. Student Government coordinates the campus clubs and organizations, whose presidents are voting members. Special events such as dances, community projects, and participation in other University activities are Student Government sponsored.

Student Representation: University Committees

Students are represented on most standing committees of the faculty and the Board of Trustees, including:

Faculty Standing
Admissions and Financial Aid
Campus Ministry
Cultural Affairs
Curriculum & Educational Policy
Graduate Studies
Library
Marketing
Teacher Education

Board of Trustees
Academic Affairs
Physical Plant
Public Relations & Development
Student Development

Cultural Affairs

An essential dimension of a liberal arts education is the opportunity for artistic expression and appreciation. Madonna University offers various programs in the fine and performing arts for student participation.

In the fall and spring there are student fine art and photography exhibits. Music recitals and the Madonna University Chorale, open to all students and community members, offer opportunities for performing arts expression.

The University's Cultural Affairs Committee, with input from students, plan an outstanding series of performing arts. Past events have included nationally-known dance, drama and musical performances, as well as lectures.

The University also sponsors a captioned film series of recent movies for the deaf and hearing impaired. A student publication, Madonna Herald, offers students the opportunity to produce a campus newspaper.

Students who wish to go off campus for cultural activities will find many opportunities in the greater Detroit-Ann Arbor metropolitan areas.

Physical Education

The Physical Education Department offers a variety of classes geared toward the development of good health and fitness. Offerings include aerobics, physical fitness and conditioning, and other seasonal classes. Instruction in sports includes tennis, bowling, and golf. Winter classes include downhill and cross-country skiing.
Athletics

The Madonna University Athletic Department has shown significant growth since its inception. Once a one-sport program that featured women's tennis, the Athletic Department has since developed into a major intercollegiate sports program that offers women's volleyball, men and women's basketball, and men and women's baseball. In addition, the Athletic Department sponsors a dynamic Intramural Program that allows students to enjoy co-ed volleyball, floor hockey, indoor soccer, basketball, tennis, and softball. A special Leisure Activities Program designed for the non-competitive student offers a variety of social activities with chess tournaments, euchre, backgammon, ping-pong championships and movies. The new Wellness Program is for the health-minded individual with emphasis on fitness and conditioning. Aerobics, walking and jogging, diet and nutrition, smoking cessation, relaxation techniques and stress management are among the offerings.

Madonna University is a member of the NAIA (National Association of Intercollegiate Athletics). Madonna University's campus features a regulation-size gymnasium located in the Activities Center which seats up to 700 people. There are four regulation tennis courts with bleachers and outdoor lights as well as outdoor basketball courts. A fitness court features outdoor conditioning. The Activities Center is open to students during posted Open Gym Hours. Locker room facilities are available for men and women.

The Athletic Club, available to all students, promotes school spirit through the sponsorship of the annual 5K (3.1 mile) fun run, sports clinics, and other events. Athletic scholarships and grants are available to students of promising talent. The Athletic Department employs a full-time Athletic Director, an Assistant Director of Intramurals, five part-time coaches and clerical staff.

Campus Ministry

Campus Ministry at Madonna University is an important religious ministry dedicated to the service of individuals and the total University community. As a searching, believing, loving and worshipping community, it is the presence of the Catholic Church on the University campus.

Religious and lay members of Madonna University's Campus Ministry team serve as counselors and spiritual activity coordinators for students of all denominations. Campus Ministry seeks to encourage the practical application of Christian moral principles through student participation.

Among the activities sponsored by the Ministry are: weekday celebrations of the Eucharist, a weekly holy hour, Reconciliation services, prayer group meetings, lectures on current issues, annual student retreats and Thanksgiving and Christmas food/clothing drives for the needy.

The University Chapel is located on the ground floor of the Residence Hall. A prayer room is also available for students to spend time in quiet reflection.

Food Services

The cafeteria is available on campus in the Residence Hall. Three meals are served daily, except during the vacation periods. A 15 or 21 meal plan is offered.
to residents who are required to take their meals in the cafeteria. No refund will be made on the board fee because of contractual arrangements relating to service in the cafeteria. Occasional or weekend absences are non-refundable.

The cafeteria is also open to commuter students, staff, and guests of the University. The cafeteria hours are:

A snack bar is available on the lower level of the Administration Building from 5:00-7:00 p.m. Monday through Thursday.

University Center/Residence Hall

Madonna University maintains separate residence halls for male and female students. Room and board are provided as part of the residence contract. Admitted full-time students apply for residence through the Director of Residence. A Residence Handbook is available for students and explains policies for life in the dormitories.

Health Services

Health services are available at St. Mary Hospital, which is adjacent to the University at Five Mile and Levan Roads, and also at the St. Mary Hospital Family Medical Centers, located within a five mile radius of the University.

Students are responsible for all medical bills incurred because of sickness or injury on or off campus. Students may apply for medical insurance through Madonna University.

Handicapped & Hearing Impaired Students

Madonna University endeavors to include handicapped students in all aspects of student life, by providing facilities and services for handicapped students. For example, a ramp between the residence and academic buildings and special lavatories in the classroom and gymnasium areas promote access and independence of movement for students. The flat terrain, ramps, elevators, curb cuts, special lavatories and electronic opening doors provide additional ease of movement.

Madonna University has as its stated goal an integrated hearing-deaf community. (See Student Support Services section of this bulletin.)
STUDENT SUPPORT SERVICES

To assure that Madonna University students have opportunities to progress and excel, the University offers extensive support services. Students of various racial, cultural, and ethnic backgrounds, handicapped students, older adults returning to college, veterans and underprepared/provisionally admitted students have access to the following services.

Academic Advising Services

Students with many or few interests and who are unsure of which major to declare are encouraged to seek academic advice through the Office of Academic Advising Services, located off the South Lounge.

Academic Computer Laboratory

The Academic Computer Laboratory (ACL) provides a wide variety of software applications for students, faculty and administration. Also, the University priority on computer literacy is achieved in many non-computing courses where computers are used to demonstrate the value of a computer in work-settings. Students' assignments are completed on a variety of micro and mid-sized computers.

An IBM 4341 mainframe computer system is available to students in programming courses. An expanding network of terminals in a newly renovated environment provides these advanced students with easy access to high-speed processing power for class assignments. This hands-on experience duplicates many employment situations.

The laboratory is open during posted hours Monday through Saturday, including evenings. Sunday hours are available during Fall and Winter terms. Lab assistants are on duty during posted hours.

Career Resource Center

The Career Resource Center (CRC), in the Offices of Student Life, located on the lower level of the administration wing, is available free of charge to all students of Madonna University. High school students and the general public are offered many of the testing services at minimal cost. The staff of the Admissions Office, Cooperative Education & Placement, Student Life and Student Activities directly assist in career resource activities. Services include simulation of job interviewing situations, on-the-job decision making experiences, preparation of resumes, and review of hiring practices.

Career-related information is available through SIGI (System of Interactive Guidance and Information), a computer-based information system for use by individuals to determine career/life goals. SIGI helps individuals determine personal values, interests, abilities, and preferences in making career decisions. The Michigan Occupational Information System (MOIS) on microfiche, reflects the current state-wide employment and education outlook. Both systems place at the fingertips of the user a wealth of personal, occupational, and institutional information vital to career development.
The CRC is open 8:00 a.m.-7:00 p.m. Monday through Thursday, and 8:00 a.m.-4:30 p.m. on Friday; summer hours are 8:00 a.m.-4:30 p.m. weekdays.

Center for International Studies
The Center for International Studies was established in 1991 to serve as a centralized clearinghouse for international education programs, both programs within the University and programs external to it. The Center promotes and facilitates a broad and expanding range of international initiatives at Madonna University, including: study, work, and travel abroad; student and faculty exchanges; curriculum and program development; international faculty development opportunities; and the exploration of expanded offerings in area studies and foreign languages. The Center also administers the Financial Awards for Travel and Education (F.A.T.E.) program, which is designed to help qualified students defer some of the additional costs of studying abroad. The Center works closely with other support services, particularly with the Office of Admissions and with the English as a Second Language (ESL) Program office, to accommodate a growing international student population at the University.

Computerized Writing Laboratory
The Computerized Writing Laboratory (also known as the Madonna Center for Academic Writing - MaCAW) was established in 1991 to provide additional support for the University's emphasis on computer literacy. The Computerized Writing Lab houses 6 Apple Image Writer dot matrix printers, and 2 HP LaserJet III printers. The lab is designed to facilitate individualized and small group writing assignments and projects.

Counseling
Individual counseling is available for educational, career, social, or personal concerns. Students, whose academic performance is being disturbed by personal problems due to stress, may contact the Vice President for Student Life or a member of the Campus Ministry team for assistance. A brochure of available counseling services is updated each term and available in the Offices of Student Life. Referrals to community professionals are made in cases where problem resolution is beyond the realm of University resources.

At Madonna University much emphasis is placed on advising students in their plans of study. Students are normally expected to meet with their advisors each term. (See University Policies section.)

Handicapped/Hearing-Impaired Services
Students with a documented physical handicap are eligible for special support services to assist them in their educational progress. The Office of Educational Support Services (ESS) employs a support team that includes:

- **Interpreters**, proficient in American Sign Language, who interpret upon request for the deaf and hearing-impaired in the classrooms and at other important events.
Notetakers, for students whose disability prevents them from taking notes in their classes.

Counselors, who are trained and sensitive to the needs of special students, and who assist students in making academic and personal adjustments to college life.

While students are ultimately responsible for their own progress, the support team assures that students will have equal access to classroom information.

Funding for students in need of services such as interpreting, notetaking, and tutoring (in basic skills areas) is requested from Vocational Rehabilitation Services where available. If handicapped students are not eligible for governmental rehabilitation funds, the University will provide these services.

Instruction Center
The Instruction Center, which is comprised of the Helene Fuld Computer Assisted Instruction Center, and the Ray A. and Jean S. Shapero Nursing Instruction Center, is located in the Angelo DiPonio Building. The Instruction Center consists of an autotutorial area equipped with computers, interactive videos and practice lab. The lab provides clinical equipment for student practice or faculty-planned simulations. The Instruction Center maintains evening and Saturday hours for convenience of students and faculty.

Library Services
The present library houses over 130,000 volumes and consists of an open stacks area, a periodical and a reference area. Madonna University recently implemented a fully-automated library management system, utilizing VTLS software, which enables on-line users to search the catalog through public access terminals. The library is also connected with the On-Line Computer Library Center which expands the library resources available to Madonna University students. In addition, library resources include study carrels and reading areas, photocopiers, microfilm and microfiche readers, and audio-visual equipment.

The Library-Media Center houses a large lecture hall, an art exhibit gallery, the University Archives and other related offices and services.

When withdrawing books, students are asked to show a valid, current Madonna University I.D. card.

The University library is open daily. Regular library hours are:

Summer library hours and vacation schedules are posted well in advance near the second floor Library entrance. Students are advised to check with the Library for any changes in the hours.
Madonna Academic Performance Program (MAPP)

Located in the Center for Personalized Instruction (CPI), the MAPP program assists underprepared students experiencing difficulty in basic skills areas. Tutors are available in specific subject areas as well as in basic reading, writing, mathematics and chemistry.

Students may be admitted to the program by self-referral or referral by a faculty member. The director of the program reviews the student's problem area and prepares a plan for regularly scheduled remediation and subsequent evaluation.
UNIVERSITY POLICIES

Academic Advising & Counseling

Admitted students with declared majors are assigned academic faculty advisors who assist them in developing plans of study to meet their graduation requirements. Admitted students with no declared majors are assigned temporarily to an advisor in the Office of Student Life or Academic Advising Services until a major is declared. The Office of Academic Advising Services is also available to assist students with questions related to the advising process. In addition to the academic advisors, students have access to counselors who assist in promoting personal growth and development and who aid them in times of stress and need. Students interested in these services should consult the Student Support Services section of this bulletin or with the Office of Student Life.

Students are required to meet with their academic advisors prior to each registration period to have the program for the term approved. The University assumes no responsibility for a student’s program if the student is self-advised. Students who have developed an official Plan of Study in consultation with their major advisor are not required to meet with the advisor on a term-by-term basis, but are urged to meet periodically with their advisor to update the Plan of Study, and to discuss academic progress and future plans.

University Bulletin Requirements

Students must meet the requirements of the University Bulletin in effect at the term for which they are formally admitted or readmitted. In the event that students change their major or program during their course of study, the students are expected to meet the requirements for that major or program from the University Bulletin in effect at the date of the change. The General Education requirements, however, may be in compliance with the University Bulletin in force at the time of admission or readmission.

Student Load

The normal credit hour load per semester is sixteen; maximum load without special permission from the Vice President for Student Life is eighteen, exclusive of choral and physical education activities. A minimum of twelve credit hours is required for certification as a full-time undergraduate student. Freshman status is 0-29 hours. Sophomore status is 30-59 hours. Junior status is 60-89 hours. Senior status is 90 hours or more.

Level of Instruction

Courses with numbers from 100-299 are lower division courses intended primarily for freshmen and sophomores. Juniors and seniors are urged to take upper division courses with numbers from 300-499. Additional guidelines can be found in the Course Numbering Guidelines section of this Bulletin.

Students must observe prerequisites set by the University and/or by their specific departments. Since the University must consider the needs of the entire
student body, it may be impossible to honor individual requests for particular hours and instructors. The scheduling of courses and sections at certain hours does not assure a student's admission to any given section.

The University may cancel or substitute any course listed for which there is insufficient registration.

Registration
To enroll in courses, students must register with the Office of the Registrar. Admitted students may register through the mail or in person according to dates published in the University Calendar. That office also manages registration for consortium, guest, and credit-by-examination.

Currently enrolled students are expected to register on days specified in the University calendar. Students enrolling for the first time may register up to the add/drop period. For workshops and institutes, students may register any time prior to the first session. No registration is permitted during the add/drop period.

Necessary changes in registration, including withdrawal in writing from a course, are made through the Registrar's Office. A service fee is charged for a change in registration. A student who does not withdraw officially, in writing, from a course receives a failing grade.

Attendance
Class attendance is required of all students. Repeated absences may result in lowering of grade or loss of credit. The University places the responsibility for attendance upon the student.

When a faculty member is unavoidably detained for a scheduled class, students are expected to wait one half hour.

Students should report prolonged absences to the Vice President for Student Life.

Interpretation of Grades
Effective Fall Term, 1991, Madonna University adopted a plus/minus grading scale which includes the following grades: A (4.0), A- (3.66), B+ (3.33), B (3.0), B- (2.66), C+ (2.33), C (2.0), D (1.0), and F (0.0). Specific accommodations to the new plus/minus grading scale (i.e., A-, B+, B-, and C+) have been left to the discretion and interpretation of the individual departments, but should be consistent with the following general guidelines:

A — Exceptional — 4 honor points per semester hour.

Represents outstanding achievement. It implies that the student:

a. consistently exceeds average requirements;

b. is always alert, active and makes original and pertinent contributions to class discussions with evidence of a well-developed critical attitude and sound judgment;
c. is prompt, accurate in assignments, and shows command of English and
mastery of the subjects;

d. reads extensively, works independently and pursues research projects
independently;

e. gives evidence of superior aptitude, high originality and great ability to
grasp and organize the subject matter of the course and apply it to other
fields and to the problems of daily life.

B — Very Good — 3 honor points per semester hour.

Represents work which is decidedly above average. It implies that the student:

a. frequently exceeds average requirements;

b. is usually alert and active in class discussion, showing some critical
attitude and good judgment;

c. exercises noticeable care in working on assignments and gives evidence
of doing independent reading and research;

d. is eager to learn and willing to profit from direction and criticism;

e. has ability to transfer the general principles of the course to other
situations.

C — Satisfactory — 2 honor points per semester hour.

Represents work which is good. It implies that the student:

a. performs the required assignments regularly;

b. is attentive during class hours and gives adequate answers;

c. is usually careful, neat and accurate in work;

d. masters the facts of general principles of the course and grasps their
more general significance;

e. uses material from preceding courses but needs additional assistance;

f. does research and independent reading.

D — Poor but Passing — 1 honor point per semester hour.

Designates work which is below average, that is, below the standards set for
graduation unless it is balanced by superior work in other courses. D grades are
not acceptable for major courses. A D grade implies that the student:
a. usually does the minimum requirements and merely grasps the basic material of the course;

b. frequently misunderstands the assignments and is careless in preparation of them;

c. is willing but slow to comply with instruction and correction;

d. seldom or never participates in class discussion and only gives irregular answers when detailed questions are directed by the instructor or other students.

F — Failure — 0 honor points.

a. designates unacceptable work and requires the student to repeat the course to gain credit.

b. F is included in computing the grade point average.

S — Satisfactory (Optional Grade: C or better)

Except for specifically designated S courses open to all students, only juniors or seniors may elect in each semester one course for which the usual academic credit will be granted with a designation of S but without any quality points for the grade. The policies governing such markings are:

a. The courses for S marking may not be given in courses for the major, minor, or professional programs, unless granted by department chairperson for life-work experiences.

b. Students may elect the S grade at the Registrar's Office not later than the date specified in the school calendar.

c. Instructors will issue conventional grades for coursework which will be converted to S on the academic record.

d. Only grades of C and above will be converted to S. A grade of D is not converted to S.

e. Unsatisfactory performance in S grade courses is recorded as F.

f. S grades cannot be converted to letter grades at a later date.

g. Students taking CLEP exams must decide whether they will accept an A, B, or C grade or select an "S" grade at the time they sit for the exam. If they choose to take an "S" grade, they will fill out, sign, and turn in (to the CLEP Administrator) the Request for an "S" Grade form prior to the taking of the exam. Students must discuss this decision with their major advisors (department policies vary).
W — Withdrawal
Students who wish to withdraw from a course(s) must do so officially, in writing, at the Registrar's Office before the deadline date specified in the calendar of the University bulletin. Failure to officially withdraw from a course will be recorded as F, a failing grade, and computed in the grade point average.

Y — Carry-Over
For courses taught over two terms with grade awarded in second term.

AUD — Audit
Audit status must be approved both by the student's advisor and the course instructor. Audit status must be selected at the time of registration. Auditors must adhere to the attendance policy of the course; those who fail to meet the attendance requirements will be recorded as W on their transcript.

I — Incomplete
A grade of I automatically becomes F, a failing grade, if not removed within six weeks after the end of the term. In extenuating circumstances, students must submit a request for extension of this limit in writing to the Registrar's Office which must be approved by the Instructor and the Registrar. Forms are available at the Registrar's Office.

NOTE:
1. Students receiving a grade of D or NC may be permitted to repeat the course once; twice, if approved by the instructor and department. Repeated courses must be taken at Madonna University, and cannot be transferred in.
2. Only a grade of C or better is applicable toward a major, minor, a professional program, or required supportive courses.
3. Students receiving a grade of D or F in a major, minor, professional program or a required support course taken at Madonna University must repeat that course at Madonna University. A comparable course taken at another institution will not be transferred in.
4. The University reserves the right to request students to withdraw from a program due to unsatisfactory performance in the theoretical and/or practical phases of that program or because of inappropriate behavior.

How to Calculate a GPA/CUM
To compute a Grade Point Average (GPA) for one term: multiply the number of points representing the grade (A, B, C, D, or F) for each course times the number of semester hours for the course; add the grade points earned for the term; divide the total points by the number of semester hours attempted that term (excluding "S" grades and their semester hours). The result will be the term GPA. For example:
<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
<th>Grade</th>
<th>Point Value</th>
<th>Calculation</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENG 101</td>
<td>3 s.h.</td>
<td>B+</td>
<td>3.33</td>
<td>3 x 3.33 = 9.99</td>
<td></td>
</tr>
<tr>
<td>SOC 101</td>
<td>4 s.h.</td>
<td>C</td>
<td>2.00</td>
<td>4 x 2.00 = 8.00</td>
<td></td>
</tr>
<tr>
<td>RST 133</td>
<td>3 s.h.</td>
<td>A-</td>
<td>3.66</td>
<td>3 x 3.66 = 10.98</td>
<td></td>
</tr>
<tr>
<td>COL 101</td>
<td>1 s.h.</td>
<td>F</td>
<td>0.00</td>
<td>1 x 0.00 = 0.00</td>
<td></td>
</tr>
<tr>
<td>BIO 101</td>
<td>4 s.h.</td>
<td>D</td>
<td>1.00</td>
<td>4 x 1.00 = 4.00</td>
<td></td>
</tr>
<tr>
<td></td>
<td>15 s.h.</td>
<td></td>
<td></td>
<td></td>
<td>32.97</td>
</tr>
</tbody>
</table>

The term GPA in this example is the total grade points (32.97) divided by the total semester hours (15), i.e., 2.19 term GPA.

The cumulative average (CUM) is calculated the same way including all terms, course grades and credit hours attempted at Madonna University.

**Examination, Grade Reports, & Transcripts**

Final examinations are administered at the end of each term. An unexcused absence from a final examination may constitute a failure in the course.

A report of the final grade in each course and the student's grade point average for the term is mailed to each student.

Transcripts are issued within a week after a request is signed by the student. Transcripts for completed coursework will be mailed after all grades have been posted, usually within three weeks of the end of the term. Issuance of the first transcript is free; additional requests for transcripts require a fee. (See Tuition & Fees section.)

**Scholastic Integrity**

All written work and computer work is presumed to be the effort of the individual student.

Scholastic dishonesty will be penalized in accordance with the gravity of the situation. (See Style Manual for particulars.)

Cheating on examinations results in automatic failure in the course. A student so accused has the right of appeal to the Student Grievance Board.

Violating library rules regarding unauthorized removal or damaging of books, magazines, or periodicals is also violation of integrity.

**Declaration/Change of Major or Minor**

Students wishing to declare, change or delete a major and/or minor do so after consultation with their assigned advisor and an advisor in the discipline which they wish to declare. The Declaration/Change of Major form must be filled out, signed by the appropriate advisor(s) and submitted to the Office of Academic Advising Services. Students changing their major/minor are to meet the requirements for that major/minor in the University Bulletin in effect at the time of change. The General Education requirements, however, may be in compliance with the University Bulletin in force at the time of admission. Specific departmental requirements must be met before requesting a change of major into one of the following programs: Dietetics, Legal Assistant, Nursing, Social Work and Teacher Education.
Dean's List

Full-time students who register for and complete at least 12 semester hours of letter-graded Madonna University credit (none by evaluation) and who maintain a grade point average of 3.5 or better during the term merit first honors on the Dean's List; 3.25 to 3.49, second honors. The GPA will be computed only upon earned grades of A, B, C, D or F. Grades from courses taken concurrently at other institutions will be excluded from consideration.

Academic Achievement List

Part-time students who register for and complete not less than 6 and not more than 11 semester hours of letter-graded Madonna University credit (none by evaluation) and who maintain a grade point average of 3.5 or better during the term merit first honors on the Academic Achievement List; 3.25 to 3.49, second honors. The GPA will be computed only upon earned grades of A, B, C, D or F. Grades from courses taken concurrently at other institutions will be excluded from consideration.

Degrees with Distinction

Degrees with distinction are available to baccalaureate students. To be eligible for a degree with distinction a student must complete a minimum of 56 GPA hours at Madonna University. The GPA considered for a degree with distinction will be based on all credits prior to the winter term preceding commencement. Credits taken for an “S” grade will not be included in the required 56 GPA credit hours. If a course is repeated, the last grade earned will be included in the GPA calculation.

Degrees with distinction are based on the following grade point averages:
With honors, 3.5 - 3.699; With High Honors, 3.7 - 3.899; With Highest Honors, 3.9 - 4.0.

A student pursuing a second baccalaureate degree may earn a degree with distinction based on all coursework beyond the first degree (minimum 45 s.h.).

Good Standing

Students who maintain a term and cumulative grade point average (GPA) of 2.0 or higher and make satisfactory academic progress, as described below, are considered to be in good standing.

Satisfactory Academic Progress
Satisfactory Academic Progress is determined by three factors:

1. minimum 2.0 term grade point average;

2. minimum 2.0 cumulative grade point average; and

3. rate of course completion based on enrollment status, according to the following table:
ENROLLMENT STATUS | MINIMUM COURSE COMPLETION
--- | ---
Full-Time | 24+ s.h./a.y.*
 | 12+ s.h./term
3/4-Time | 18+ s.h./a.y.
 | 9-11 s.h./term
Half-Time | 12+ s.h./a.y.
 | 6-8 s.h./term
Less Than Half-Time | Less than 6 s.h./term
 | one course per term

* Key: s.h./a.y. = semester hours per academic year.

A formula will be applied to determine the completion factor for students whose enrollment status (full-time or part-time) changes from one term to the next.

NOTE: Names of individuals receiving Veterans' Benefits who fail to make satisfactory progress are submitted to the Department of Veterans Affairs.

Probation
Failure to achieve a 2.0 term GPA and/or cumulative GPA will cause a student to be placed on probation. This status is recorded on a student's transcript.

Termination
Students who remain on probation for two consecutive terms are automatically terminated. An exception to this rule occurs when a student achieves at least a 2.0 term GPA, and maintains satisfactory academic progress as defined above. Such a student is considered to be making progress, but is still on probation. This student must achieve good standing within three terms or be terminated. Once a student on probation reaches good standing, the student is required to maintain this status for three consecutive terms or be terminated.

Reinstatement After Termination
A student who has been terminated for failure to make satisfactory progress and who wishes to appeal the termination shall appeal to the Vice President for Student Life within seven days after notification of termination. Reinstatement of a student terminated from the University is considered when the student gives evidence of improved circumstances that will ensure successful performance in the next term of enrollment. A student is reinstated to continue in the University, not necessarily in a particular major. A student may be reinstated only once.

Readmission After Termination
A person who has been terminated and is seeking readmission is required to follow the normal admissions process (including application fee) and to provide
documentation of activities during the dismissal period which supports the individual's readiness to resume an academic career at Madonna University. This process must be completed well in advance of the beginning of the term for which readmission is desired and no later than December 1, March 1, or July 1 for admission to the following term.

Student Grievance Procedure & Appeal Board

The Student Grievance Procedure provides a method for setting student grievances which result from misinterpretations in areas related to the Madonna University Bulletin and/or departmental policies and/or a grade received in class. The grievance procedure must be initiated within 15 days following the grievant's knowledge of the complaint. Students appealing termination or dismissal for academic reasons have seven days from the date of notification to appeal. See the Student Handbook for complete Student Appeal procedures. The Student Handbook is available in and outside of the Offices of Student Life, and in the Take-Five Lounge.

Experiential Learning

The evaluation and registration procedures for experiential learning credits include:

1. Once a student is formally admitted, s/he may speak to the faculty evaluator or to the Director of Academic Advising Services for referral to the evaluator. The first meeting with the evaluator is to decide which course contents have been mastered and how the knowledge will be documented (exam, portfolio, product, video, etc. - see below for CLEP exam procedures).

2. After the student has earned 12 semester hours of coursework at Madonna University, the student and evaluator must complete the Experiential Evaluation Form, available at the Office of Academic Advising Services. The completed form must be signed by the faculty evaluator and the department chairperson.

3. An application fee is paid at the Student Accounts Office prior to registering the credits. Reduced tuition is charged for experiential learning credits.

4. Registration of experiential learning credits, including CLEP exams, is completed ONLY during regular term registration periods, on the same registration form used to register term courses. Consequently, grades for experiential learning credits will only appear AT THE END OF THE TERM IN WHICH THEY ARE REGISTERED.

5. When registering experiential learning credits, the course number must be followed by a .1. Term reports and transcripts of students who have been awarded experiential learning credits will carry the notation xxx.1 to indicate that credit was granted by evaluation, e.g., PSY 101.1, General Psychology.
6. Grading for prior learning credit is usually Satisfactory (S). A failing evaluation is not recorded.

7. Each student who plans to receive an undergraduate baccalaureate degree at Madonna University needs to take a minimum of thirty semester hours of coursework at Madonna University. Second baccalaureate degree students needing only to complete a minimum of thirty semester hours may not satisfy them with experiential learning credits.

8. Experiential learning credits are excluded when determining eligibility for financial aid, full- or part-time status, Dean's List, Academic Achievement List, and proof of U.S. residency (I-20 verification).

For additional information on experiential learning credits, consult the Academic Options section of this bulletin, or the Office of Academic Advising Services.

**CLEP Exam Procedures**

Experiential learning can be evaluated by the standardized College Level Examination Program (CLEP) examinations, which are administered at Madonna University monthly on the Thursday before the third Saturday, with the exception of December. It takes approximately one month after the exam is taken to receive final scores prior to registering the credit at the University. Students interested in taking CLEP exams must:

1. Register a month in advance for the specific exam(s) at the Office of Academic Advising Services by paying for the exam(s).

2. Decide whether they will accept an A, B, or C grade or select an “S” grade at the time they sit for the exam. If they choose to take an “S” grade, they will fill out, sign, and turn in (to the CLEP Administrator) the Request for an “S” Grade form prior to the taking of the exam. Students must discuss this decision with their major advisors (department policies vary).

3. Obtain the Experiential Learning Credit Evaluation form from the Office of Academic Advising Services after notification of scores, and register for the credits as outlined in the Experiential Learning section above.

**Cooperative Education (Co-op)**

Students are encouraged to incorporate into their degree plans academically related work experience of sufficient duration — a minimum of two terms. Course numbers for cooperative education are 191, 192, 291, 292, 391, 392, 491, and 492.
The Cooperative Education program offers the following work and study schedules:

- Alternating: semester of full-time co-oping (40 hours per week) followed by a semester of coursework on campus.

- Parallel: full or part-time co-oping and on-campus coursework pursued daily or weekly during the same semester.

Eligibility criteria for students interested in cooperative education:

1. Sophomore or higher college status, unless approved for earlier job placement by the department granting credit.

2. Transfer students qualify after earning twelve semester hours at Madonna University or earlier upon departmental recommendation.

3. A cumulative and Madonna University grade point average of 2.5 or better or as defined by the department in which co-op credit will be earned.

4. Full intent to complete a minimum of two co-op terms and a degree program at Madonna University.

5. Employable on terms of the employer as defined in the job placement.

A student may apply for cooperative education by obtaining an application form from the Office of Cooperative Education and making an appointment with a Co-op coordinator.

Application for cooperative education studies should be completed by June 1st for Term I, October 1st for Term II, and February 1st for Term III.

Catholic College Consortium

General procedures for enrolling in consortium college classes through the Detroit Area Catholic Higher Education Consortium, of which Madonna University is a member, include:

1. Students must enroll for at least 12 s.h. including the course(s) at the consortium college. Official authorization form is obtained from the home Registrar, completed, and validated. The completed authorization form is presented to the Registrars of both home and host schools and the registration procedures of the host institution are followed.

2. Tuition is paid to the home institution. Special laboratory and/or studio fees are paid directly to the host school.

3. To drop a course taken on the above basis, student must comply with the deadlines of the home and host institutions and must officially inform the Registrars of both home and host schools of the decision.
4. The authority to limit total number of courses which Madonna University students may pursue at other consortium schools rests with the Academic Vice President.

5. A part-time student may not register for more than 12 s.h. of consortium credit during his or her undergraduate career.

Student Records

In accordance with the “Family Educational Rights & Privacy Act of 1974”, the policy of Madonna University regarding student records is as follows:

1. Students have the right to inspect their records. The institution will comply with the student’s request for information within 45 days after the request has been filed.

2. Confidential information pertaining to students will not be disclosed to any person, organization or agency outside the University without the written authorization of the student.

3. A parent or legal guardian of a student under 18 years of age may request to view the dependent’s records.

4. Directory information is public information.

Excluded from inspection are the following:

1. Parental financial records.

2. Confidential records of recommendation filed before January 1, 1975.

3. Confidential letters solicited under a waiver of the right of future access.

Records excluded from the provisions of the Act:

1. Personal notes of teachers and administrators.

2. Law enforcement records.

3. Employment records.

4. Medical psychiatric reports or related professional files.

Records may be released without written consent to:

1. Other school officials within the University.

2. Accrediting organizations.

3. Officials with application or receipt of financial aid.

4. State or local officials as required by state statute.
5. Organizations conducting studies on behalf of educational institutions.

6. In an emergency: health or safety.

A record of requests for information must be kept with each student's file.

Application for Graduation

Students who plan to earn bachelor degrees, associate degrees, or certificates of achievement must file appropriate notices with the Registrar one semester before the term in which they plan to finish their coursework. Deadline dates are specified in the calendar of the University Undergraduate Bulletin and in the schedule of classes each term. Failure to meet the deadline date may result in graduation being postponed until the following term. There is a $50 fee when filing an application for graduation.

Graduation

Students may graduate at the end of each term upon completion of degree requirements. A minimum 2.0 final grade point average is required. The annual commencement exercises are scheduled early in May. Students receiving degrees are expected to participate in the exercises. Each candidate is assessed a $50 fee for expenses, regardless of participation.

Commencement

Students who expect to complete degree requirements at the end of the summer session may participate in the current May commencement exercises. Such students must have no more than 9 semester hours remaining to complete graduation requirements. Students must register for these courses during Mail-in registration for Spring/Summer term. These students are required to:

1) meet the deadline for filing the “Application for Graduation,”

2) have a minimum 2.0 Madonna University and cumulative grade point average, and

3) complete and file the “Petition to Participate in Graduation” form with the Registrar by the posted deadline.

July graduates who choose to participate in the current year Commencement will have their honors noted on their transcripts and in the following year Commencement program.

Diplomas

Diplomas for December and May graduates are send out 10 weeks after the July graduation date.

STUDENT LIFE POLICIES

Students are responsible for knowledge of any authorized changes in policy, regulations, and procedures that may be implemented during the academic year.
Address Change

It is the responsibility of the student to inform the University of any address changes by completing a change of address form in the Student Accounts Office or Registration Office. Mail returned to the University because of an address change will not defer the assessment of penalty charges.

Dress Code

When on campus, students are expected to exercise good judgment and propriety in wearing clothing appropriate to the academic setting.

Drives & Solicitation of Funds

Individual students, staff or organizations are not permitted to operate stores or conduct sales in the dormitory or on the campus. Nor shall anyone solicit funds or organize and participate in fund-raising drives for any reason without first obtaining approval from the Office of Development.

I.D. Cards

University student identification cards are issued by the Offices of Student Life at the time of the first registration. The I.D. card can be replaced for $8.00. The I.D. card should be carried at all times; it is used whenever identification is necessary, and must be presented when requested by a University staff member or security guard. I.D. cards are to be updated each term at the Offices of Student Life or at the Registrar.

Madonna University Alumni Association (MUAA)

All graduates of Madonna University are considered members of the Madonna University Alumni Association. The MUAA provides recruitment assistance, on-campus activities and off-campus trips in which current students can participate. In cooperation with the Alumni Office, the MUAA raises funds for the University Annual Fund Campaign and Association projects.

Name Change

Students who wish to have their name changed on their official records must complete a change of name form, available at the Student Accounts Office or the Registration Office. A copy of the official authorization of change must be provided when the completed form is submitted.

Parking Regulations

Students may use all the parking lots, except where restrictions are posted for reserved parking for the disabled or for designated purposes. There is no parking on the grass or anywhere on the inner campus. Parking violators will be ticketed.

Prohibitions

Students are prohibited from gambling or using narcotics, drugs and alcoholic beverages on campus. Madonna University recognizes its duty to
uphold the laws of the State of Michigan. Students are reminded that violation of these laws may be considered a misdemeanor or a felony. The University will not condone the abuse of the law or of persons. The University acknowledges, however, that alcohol and drug dependence is an illness and may make treatment recommendations in lieu of or in addition to penalties.

In deference to non-smokers, all buildings of the campus are smoke-free.

Respect for Property
Damage caused by students to University property will result in disciplinary action as well as financial assessment for replacement or repair.

Social Security Number Change
It is the responsibility of the student to inform the University of a correction to an erroneous social security number. A change of social security number form is available from the Student Accounts Office or the Registration Office. A copy of your social security card is required before the form can be processed.
SECTION II.

EIGHT ACADEMIC GOALS
AND COMPETENCIES
GENERAL EDUCATION REQUIREMENTS

Liberal Arts Education is an education for life, designed to expand the students' understanding of significant ideas and issues relevant to culture and the complexity of the modern world. Madonna University provides students with career preparation within a liberal arts framework consistent with the mission statement of the University.

To this end, the University requires all students to complete a program of study which includes a general education core as well as a major program area.

The program of study requirements evolve from statements of eight Academic Goals and Competencies that together characterize the liberally educated person. These eight competencies provide a rationale for the courses that are required to fulfill the general education and program major goals.

**General Education Core (Goals 1-6)**

**Goal 1 - Communication** - Develop effective communication skills.
1.1 Demonstrate the ability to write clear, effective English prose.
1.2 Demonstrate the ability to read effectively, think critically, and communicate clearly in group situations as well as in individual presentations.

**Goal 2 - Religious Values** - Achieve an understanding of religious and moral dimensions of human experience.
2.1 Identify and describe the values, questions and expressions of truth as exemplified in the Judeo-Christian tradition as well as within various other religious traditions.
2.2 Explain the impact and influence of religion on contemporary institutions and on individual value decisions.

**Goal 3 - Cultural Traditions** - Develop an understanding of and responsiveness to the aesthetic, emotive, and intellectual expressions of human concerns through the Humanities and Arts.
3.1 Demonstrate the ability to interpret the Humanities as they are expressed in their cultural richness and ethnic diversity.
3.2 Identify and describe the stages of human civilizations as expressed through the creative arts.
3.3 Explain how historical and/or philosophical investigation of human experience reveals multiple views of the human condition.
3.4 Critically assess how literature through the creative power of language evokes complex realities in response to questions of human worth, human purpose, and human potential.

**Goal 4 - Scientific Inquiry** - Achieve an understanding of modern concepts of science, computer technology and mathematics and the relationship between scientific and technological realities in contemporary life.
4.1 Demonstrate an understanding of the concepts, language and tools of mathematics and develop the ability to reason using mathematical techniques.

4.2 Demonstrate an understanding of the scientific bases for the study of the physical and biological worlds and their relationship to one's cultural and social life.

4.3 Demonstrate an understanding of the scientific method and its application to problem solving and discovery.

4.4 Demonstrate a fundamental understanding of the theory and application of computer technology and information management.

Goal 5 - Personal and Social Environment - Develop an understanding of the ways in which individuals perceive, experience and behave in their personal and social environment.

5.1 Describe the ways in which the individual is affected by the total environment.

5.2 Describe and analyze the elements which contribute to effective interpersonal relationships.

5.3 Identify and analyze social problems confronting modern pluralistic society and the various personal and community strategies for dealing with these.

5.4 Demonstrate an understanding of adaptation to change in personal and social environments.

Goal 6 - World Citizenship - Develop a facility for international and national citizenship skills.

- MGT 316 Human Behavior & Leadership 2 s.h.
- MGT 375 Allied Health Management 3 s.h.
- Approved Electives 3-4 s.h.

Field Placements for Allied Health Administration are available by arrangement (1-12 s.h.).

**APPLIED SCIENCE**

Applied Science Major

The Applied Science program is designed for technical programs in which a student may earn, where applicable, an associate or bachelor degree in applied science. The program applies to these areas:

1. Select Allied Health Program graduates.

2. Two year program in Medical Laboratory Technician completed at Madonna University.

3. Electronics Technology program completed at National Education Center, Livonia or Eastpointe (formerly East Detroit), Michigan.

5. Select certificate and associate degree technical programs completed at community colleges.

6. Select vocational and trade programs completed at collegiate or non-collegiate institutions which are applicable to a Michigan Temporary Vocational Authorization Certificate or a Michigan Secondary Provisional Certificate with Vocational Endorsement.

The Applied Science program is under the direction of the Department of Physical and Applied Sciences.

**Required Major Courses**:

- **ART 495** Senior Seminar 2 s.h.

* See the Department of Physical and Applied Sciences for specific Plans of Study, which list other course requirements.

24 s.h.
NOTE: Although CSC 309, Practical Operating Systems (3 s.h.) is not a required course in this program, it is highly recommended.

**CRIMINAL JUSTICE**

Criminal Justice Major (30 s.h.)

| Required Major Core Courses:* |  |
| CJS 102 | Introduction to Criminal Justice | 3 s.h. |
| CJS 201 | Criminal Justice Organization & Administration | 3 s.h. |
| CJS 265 | Criminal Law | 3 s.h. |
| CJS 321 | Principles of Criminology | 3 s.h. |
| CJS 485 | Criminal Justice Seminar | 3 s.h. |
|  |  | 15 s.h. |

* A Practicum/Cooperative Education in Criminal Justice (CJS 291, 391 or 491; 3 s.h. each) is strongly recommended for pre-service students.

| Required Support Courses: |  |
| CIS 238 | Introduction to Computers | 3 s.h. |
| PSC 251 | American Government | 4 s.h. |
| PSY 342 or | Abnormal Psychology | 4 s.h. |
| SOC 367 | Social Psychology | 4 s.h. |
| SOC 101 or | Introduction to Sociology & Cultural Anthropology | 4 s.h. |
| SOC 221 | Social Issues and Movements | 4 s.h. |
| SOC 322 or | Race, Ethnicity, & Social Class in American Life | 4 s.h. |
| SOC 442 | Urban Sociology | 4 s.h. |
|  |  | 19 s.h. |

In addition to the required courses and required support courses listed above, majors in Criminal Justice at the baccalaureate level must complete 15 semester hours in one of three areas of specialization, as indicated below.

**Areas of Specialization**

**Administration/Management:**

Core courses plus:

| MGT 236 | Principles of Management | 3 s.h. |
| MGT 316 | Human Behavior & Leadership | 2 s.h. |
| PSC 310 | Introduction to Public Administration | 4 s.h. |
| SOC 233 | Interviewing Techniques | 3 s.h. |
| Electives |  | 3 s.h. |
|  |  | 15 s.h. |

**Corrections:**

Core courses plus:

| CJS 121 | Introduction to Corrections | 3 s.h. |
| CJS 235 | Probation & Parole | 3 s.h. |
| CJS 280 | Principles & Methods of Corrections I | 3 s.h. |
| CJS 281 | Principles & Methods of Corrections II | 3 s.h. |
| CJS 402 | Human Relations for Corrections | 3 s.h. |
|  |  | 15 s.h. |
Law Enforcement:
Core courses plus:
CJ 211  Law Enforcement Administration  3 s.h.
CJ 305  Criminal Procedure  3 s.h.
CJ 311  Criminal Investigation  3 s.h.
CJ 323  Juvenile Justice  3 s.h.
CJ 401  Crime Prevention & Police Community Relations  3 s.h.

Criminal Justice Major - Associate Degree (20-24 s.h.)
Required Major Core Courses:
CJ 102  Introduction to Criminal Justice  3 s.h.
CJ 201  Criminal Justice Organization & Administration  3 s.h.
CJ 265  Criminal Law  3 s.h.
CJ 321  Principles of Criminology  3 s.h.

Required Support Course:
SOC 101  Introduction to Sociology & Cultural Anthropology  4 s.h.

In addition to the required courses and required support courses listed above, majors in Criminal Justice at the associate level must complete 8-12 semester hours in one of three areas of specialization, as indicated below.

Areas of Specialization
Administration/Management:
Core courses plus:
MGT 236  Principles of Management  3 s.h.
MGT 316  Human Behavior & Leadership  2 s.h.
SOC 233  Interviewing Techniques  3 s.h.

Corrections:
Core courses plus:
CJ 121  Introduction to Corrections  3 s.h.
CJ 280  Principles & Methods of Corrections I  3 s.h.
CJ 281  Principles & Methods of Corrections II  3 s.h.

Law Enforcement:
Core courses plus:
CJ 305  Criminal Procedure  3 s.h.
CJ 311  Criminal Investigation  3 s.h.
CJ 323  Juvenile Justice  3 s.h.
CJ 401  Crime Prevention & Police Community Relations  3 s.h.

15 s.h.
Criminal Justice Minor (20 s.h.)

Required Minor Courses:
- CJ 102 Introduction to Criminal Justice 3 s.h.
- CJ 201 Criminal Justice Organization & Administration 3 s.h.
- CJ 265 Criminal Law 3 s.h.
- CJ 321 Principles of Criminology 3 s.h.
- Minor Electives 8 s.h.
- Total 20 s.h.

Criminal Justice - Certificate of Achievement (30 s.h.)

Required Core Courses:
- CJ 102 Introduction to Criminal Justice 3 s.h.
- CJ 265 Criminal Law 3 s.h.
- CJ 321 Principles of Criminology 3 s.h.
- ENG 101 Communication Skills I 3 s.h.
-ENG 102 Communication Skills II 3 s.h.
- Criminal Law Electives 6 s.h.
- Total 12 s.h.

In addition to the required courses listed above, students in the Criminal Justice Certificate of Achievement program must complete 18 semester hours in one of two areas of specialization, as indicated below.

Areas of Specialization:

Corrections:
- Core Courses plus:
- CJ 121 Introduction to Corrections 3 s.h.
- CJ 280 Principles & Methods of Corrections I 3 s.h.
- CJ 281 Principles & Methods of Corrections II 3 s.h.
- Criminal Justice Electives 3 s.h.
- Total 18 s.h.

Law Enforcement:
- Core courses plus:
- CJ 305 Criminal Procedure 3 s.h.
- CJ 311 Criminal Investigation 3 s.h.
- CJ 323 Juvenile Justice 3 s.h.
- CJ 401 Crime Prevention & Police Community Relations 3 s.h.
- Criminal Justice Electives 3 s.h.
- Total 18 s.h.

Dietetics

Dietetics Major - ADA Approved - Didactic Program (42 s.h.)

Required Major Courses:
- FCR 225 Human Nutrition 4 s.h.
- FCR 226 Introductory Food Science 4 s.h.
- FCR 325 Clinical Nutrition I 4 s.h.
- Total 12 s.h.
FCR 326 Advanced Food Science 4 s.h.
FCR 338 Methods in Nutrition Education 3 s.h.
FCR 346 Food Service Management I 3 s.h.
FCR 376 Food Service Laboratory 2 s.h.
FCR 425 Advanced Human Nutrition 4 s.h.
FCR 438 Community Nutrition 2 s.h.
FCR 442 Clinical Nutrition II 2 s.h.

**EDUCATION**

The Madonna University elementary and secondary teacher preparation programs are approved by the Michigan Department of Education and accredited by the National Council for Accreditation of Teacher Education (NCATE). The University recommends students for both provisional (initial) certification and the Professional Education Certificate, as well as for additional endorsements to existing certificates. The University also recommends students for Vocational Authorizations and endorsements in Trade & Industry, Health Occupations, and Home Economics & Family Life.

**Initial (Provisional) Teacher Certification Programs**

Students may complete requirements for either elementary provisional certification (K-8) or secondary provisional certification (7-12). Majors in Art, Computer Science, or Music lead to K-12 endorsements on the basic teaching certificate.

Students who are contemplating a teaching career are required to meet with an education department advisor immediately after being admitted to the University, since the following four sets of requirements must be met (although Madonna University reserves the right to change program requirements to remain in compliance with changes in the State certification code):

**PLANS OF STUDY**

**EDUCATION**
1. General Education (see Plan of Study section of this bulletin). Note that the following courses in General Education are to be included in the programs of teacher education students according to their prospective level of certification:

Secondary Certification:
SOC 101 Introduction to Sociology & Cultural Anthropology 4 s.h.

Elementary Certification:
ENG 300 Children's Literature & Drama 4 s.h.
NSC 373 Science Foundations I: Chemistry & Life Science 4 s.h.
NSC 374 Science Foundations II: Astronomy, Earth Science & Physics 4 s.h.
PSC 251 or American Government 4 s.h.
GEO 301 World Regional Geography 4 s.h.
SOC 101 Introduction to Sociology & Cultural Anthropology 4 s.h.

2. Teaching Major (must be selected from the listing of Madonna University Teacher Education Programs).

3. Teaching Minor. Secondary candidates must select a minor from the Madonna University Teacher Education Programs. Elementary candidates must complete either the Elementary Curriculum minor (Elementary Planned Program) or the Early Childhood Education minor.

The Elementary Planned Program consists of the following courses:
ART/EDU 316 Art for the Elementary School Teacher 2 s.h.
EDU 335 Language Arts & Linguistics Foundations 3 s.h.
ENG/EDU 300 Children's Literature & Drama 4 s.h.
MTH/EDU 233 Learning and Teaching Number Concepts 3 s.h.
MTH/EDU 234 Learning and Teaching Geometric and Statistical Concepts 3 s.h.
MUS/EDU 309 Music for the Classroom Teacher 2 s.h.
NSC/EDU 374 Science Foundations II: Earth Science, Physics & Astronomy 4 s.h.
SSC/EDU 307 Social Studies Foundations 3 s.h. 24 s.h.

4. The Professional Education sequence consists of the following courses:
EDU 200 Introduction to Professional Education Experiences 3 s.h.
EDU 312 Educational Psychology 4 s.h.
EDU 321 Theory and Principles of Reading Instruction 3 s.h.
EDU 330 The Exceptional Learner in the Classroom 3 s.h.
EDU 346 Instructional Media 2 s.h.
EDU 382 Reading in the Content Areas 3 s.h.
EDU 440* Behavior Management in the Classroom 2 s.h.
Theory & Techniques of Instruction - to be chosen from: 4 s.h.
EDU 450 Theory & Techniques of
    Instruction: Elementary School (K-8) (4 s.h.)
EDU 451 Theory & Techniques of
    Instruction: Art (K-12) (4 s.h.)
EDU 452 Theory & Techniques of

K-12 Programs:
All candidates for K-12 certification in Art, Music, or Computer Science will fulfill the requirements for their certificate levels (elementary or secondary) as well as additional methods and Directed Teaching requirements for the other level.

Example: Elementary Certification with K-12 Endorsement in Art or Music.
EDU 450 and Theory & Techniques of Instruction:
   Elementary School (K-8) 4 s.h.
EDU 451 or Theory & Techniques of Instruction: Art (K-12) 4 s.h.
EDU 456 Theory & Techniques of Instruction: Music (K-12) 4 s.h.
EDU 470 and Directed Teaching: Elementary School (K-8) 4 s.h.
EDU 471 or Directed Teaching: Art (K-12) 8 s.h.
EDU 476 Directed Teaching: Music (K-12) 8 s.h.

Secondary Certification with K-12 Endorsement in Art, Music or Computer Science.
EDU 451 or Theory & Techniques of Instruction: Art (K-12) 4 s.h.
EDU 456 or Theory & Techniques of Instruction: Music (K-12) 4 s.h.
EDU 461 Theory & Techniques of Instruction:
   Computer Science (K-12) 2,4 s.h.
EDU 466 or Directed Teaching: Computer Science (K-12) 8 s.h.
EDU 471 or Directed Teaching: Art (K-12) 8 s.h.
EDU 476 Directed Teaching: Music (K-12) 8 s.h.

Admission to the Teacher Education Program:
Students planning to pursue a program in teacher education take the following steps:

1. Declare intention of preparing for the profession of teaching either on the elementary or secondary level at the time of application to the University.
2. Apply for admission to the Teacher Education program during the semester of enrollment in EDU 200 (the third or fourth semester for full-time students).
3. Meet the following criteria for admission to and retention in the program:
   1. 2.5 or higher grade point average;
   2. 3 semester hours of EDU 200 with a grade of C or better;
   3. proficiency in use of communication skills, as well as other skills related to general education content, to be established through both the Michigan Basic Skills Test and the Teacher Education Program Basic Skills Tests, as well as other measures;
4. two recommendations (one from faculty member in the major) testifying to personal integrity, emotional stability, and social and academic competence.

Applications for admission to the Teacher Education Program are reviewed and approved by the Teacher Education Committee.

Transfer students will be evaluated on an individual basis but must complete a minimum of 20 semester hours at Madonna University before being recommended for initial certification.

Admission to Directed Teaching:

The student applies for admission to Directed Teaching at least one semester in advance, according to posted deadlines. At this time the student will submit evidence of the following:

1. Academic competency as evidenced by a grade point average of 2.5 or better;
2. Attainment of a grade of C or better in professional education courses, major, minor, or planned program;
3. Evidence of growth in professional teaching competence;
4. Completion of the relevant subject area tests of the Michigan Test for Teacher Certification (MTTC).
5. Written recommendation from major advisor, and departmental approval.

Applications for admission to Directed Teaching are reviewed and approved by the Teacher Education Committee.

Admission to the Teacher Education Program and admission to directed teaching do not guarantee eventual recommendation for a certificate. Students must maintain satisfactory standards, and a grade point average of 2.5 or better, to be retained in the program, and they must be recommended for certification by the Teacher Education Committee.

Programs for Certified Teachers

The following programs are of particular interest to those certified teachers wishing to complete an 18-hour planned program for the Professional Education Certificate and to those individuals who wish to add another teaching endorsement to their current teaching certificate:

1. Middle School (5-9)
The middle school endorsement is a minimum 18 s.h. endorsement having both generic requirements and subject matter requirements. Note that since 1987
middle school endorsements may be given in individual subject fields only. If the teacher's subject matter area needs strengthening, the middle school endorsement program may exceed 18 s.h. The generic requirements are:

The subject area test in Reading of the Michigan Test for Teacher Certification (MTTC) is also required.

3. ZA Endorsement

Early Childhood Pre-K and K. An 18 s.h. program planned with the Department of Family & Consumer Resources. The subject area test in Early Childhood Education of the Michigan Test for Teacher Certification (MTTC) is also required.

4. Learning Disabilities Endorsement Program

See the 1993-1995 Graduate Bulletin for a description of this program.

5. Level Changes

To add elementary certification to a secondary certificate or secondary certification to an elementary certificate, the student must complete requirements of the requested certification.

6. Additional Major or Minor

May be planned in any academic area certifiable through Madonna University (see table for Teacher Education Programs). The relevant subject area test of the Michigan Test for Teacher Certification (MTTC) is required when the major or minor is completed.

For all Planned Programs, the student must take a minimum of 12 s.h. at Madonna University in order for the University to make the certificate recommendation to the Michigan Department of Education. Transfer credits from accredited four-year institutions will be evaluated on an individual basis.
Students in Planned Programs are expected to maintain a grade point average of 2.5 or better, and must earn a C or better in each course used in the planned program, major, or minor.

Teachers in planned programs are admitted to Madonna University as a post-degree students and pay undergraduate tuition. Graduate credit is not required by the Michigan Department of Education for these endorsement programs.

EMERGENCY MEDICAL TECHNOLOGY

Madonna University does not offer degree completion in Emergency Medical Technology. The University does offer experiential learning credits for completion of Basic EMT as evidenced by current State of Michigan licensure. Experiential learning credits in EMT may be used to satisfy the biological science requirement with lab under General Education for majors in Fire Science (FS), in Occupational Safety, Health, and Fire Science (OSF), and in Allied Health Administration (AHA). Application for Basic EMT credits is to be made through the Fire Science/Occupational Health, Safety, and Fire Science Program Coordinator in the Department of Physical and Applied Sciences, or the Allied Health Administration Program Coordinator in the Department of Biological and Health Sciences, depending on the major selected.

**Combined Baccalaureate/Master Degree**

An accelerated program is offered which results in a student earning a Bachelor of Science degree in International Business and a Master of Science in Business Administration with a major in International Business. Students interested in this accelerated program should apply at least one term before they plan to take the graduate-level courses. Students who participate in this track must satisfy all undergraduate degree requirements for their major. They may meet part of these requirements by counting the graduate courses taken before receiving the baccalaureate.

If the student’s cumulative GPA is less than 3.25, the Graduate Management Admission Test (GMAT) must be completed before any graduate courses may be taken. Therefore, it is recommended that this test be taken while the student is in the junior year so that students majoring in International Business may substitute the following graduate courses for required undergraduate courses:

<table>
<thead>
<tr>
<th>Graduate Course and Number</th>
<th>Undergraduate Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>INB 535 - International Trade Structures and Systems</td>
<td>INB 435</td>
</tr>
<tr>
<td>INB 545 - International Management</td>
<td>INB 445</td>
</tr>
<tr>
<td>MTH 554 - International Economics</td>
<td>ECN 454</td>
</tr>
<tr>
<td>INB 935 - Foreign Business and Culture Experience</td>
<td>INB 419</td>
</tr>
</tbody>
</table>

Taking these graduate courses in the undergraduate program does not automatically guarantee admission into the graduate program for International Business.

THE MADONNA UNIVERSITY LEGAL ASSISTANT PROGRAM IS APPROVED BY THE AMERICAN BAR ASSOCIATION

Completion of the Legal Assistant Program degree requirements DOES NOT AUTHORIZE graduates to practice law as an attorney.

Admission to courses other than LAW 100 requires departmental approval.

Two letters of recommendation attesting to the applicant's abilities and integrity are required.

The last twenty semester hours of legal courses, including LAW 495: Legal Seminar and Practicum, must be completed at Madonna University.
LONG TERM CARE ADMINISTRATION

All students working toward a certificate, Associate or Bachelor degree in Long Term Care Administration are required to complete a series of approved professional contacts. This will assure each student has been introduced to a wide range of current programs, services, and organizations available in the field of long term care.

Medical Laboratory Technician Internships may be full or part-time. CAHEA accredited Medical Technology Internships are full-time. AMT accredited Medical Technology Internships may be full or part-time.

Students who elect the medical technology program follow an approved plan of work and will maintain a grade point average of 2.8 or better to be considered
for the internship. Madonna University participates in the Medical Technology Internship Matching Program of Michigan (MTIMP).

Medical Technology Post-Baccalaureate Certificate (31 s.h.)

Required Courses:

- AHA 101 Medical Terminology 2 s.h.
- MTE 201 Introduction to Health Technology 2 s.h.
- MTE 305 Clinical Hematology 4 s.h.
- MTE 307 Immunohematology & Serology 4 s.h.

- MTE 393 Clinical Internship I 4 s.h.
- MTE 394 Clinical Internship II 4 s.h.
- MTE 495 Senior Seminar 2 s.h.

31 s.h.

Applicants for the Post-Baccalaureate Certificate must provide transcript evidence of completion of Biology, Chemistry, and Math courses required by the appropriate credentialing agency.

International applicants must provide an evaluation of foreign educational credentials prior to enrollment in the program. Please see the Office of Admissions for additional information on credential evaluation services.

MUSIC

Music Major (37-55 s.h.)
All Music majors must complete a 24 s.h. core curriculum in addition to an area of concentration in Church Music (31 s.h.), Performance (27 s.h.), Music Education (19 s.h.), or Music Management (13-15 s.h.). Students selecting a concentration in Church Music or in Music Management must also complete specified required support courses.

Participation in group performance is expected of all music majors each term they are enrolled as majors in the department. This is a part of the music student's collegial obligation. Exceptions can be made only in cases of extreme hardship or unusual circumstances. In no case shall students in the Church Music concentration complete fewer than 8 s.h. in Chorale (MUS 108) nor will those in the other concentrations complete fewer than 4 s.h. in group performance (MUS 108, 362 or 372).

Advanced placement or credit by evaluation is based upon assessment of prior musical training.

Written approval of the Music Department, prior to registration, is required for all vocal, instrumental and theory courses prior to registration.

Required Major Courses:
Theoretical Studies:
MUS 111 Theory I
MUS 112 Theory II
MUS 211 Theory III
MUS 212 Theory IV
MUS 402 Contrapuntal Techniques

Historical Analysis
MUS 333* History of Music Literature I
MUS 334* History of Music Literature II

*MUS 333, 334 satisfies the fine arts component of general education in the program of all music majors.

NATURAL SCIENCE

Natural Science Major (54-62 s.h.)
Consists of courses in the pure sciences of Biology, Chemistry, and Physics distributed in the following manner: a core of 22 s.h. in one area and a track of 16 s.h. in each of the other two. Teacher Certification also requires 4 s.h. in NSC 216 Earth Science and 4 s.h. in NSC 329 Principles of Astronomy in addition to the above.

Biology Core:
BIO 103  General Biology I  4 s.h.
BIO 104  General Biology II  4 s.h.
BIO 224  Basic Human Physiology  4 s.h.
BIO 226  Microbiology  4 s.h.
BIO 301  Genetics  4 s.h.
BIO 495  Senior Seminar  2 s.h.

Chemistry Core:
CHM 111  General Chemistry I  4 s.h.
CHM 112  General Chemistry II  4 s.h.
CHM 221  Organic Chemistry I  4 s.h.
CHM 222 or  Organic Chemistry II  4 s.h.
CHM 361  Biochemistry I  4 s.h.
CHM 331  Quantitative Analysis  4 s.h.
CHM 495  Senior Seminar  2 s.h.

- RST 411 Medical Ethics 3 s.h.
- SOC 101 Introduction to Sociology & Cultural Anthropology 4 s.h.

* Only students admitted into the Nursing major may enroll in NUR courses, with the exception of NUR 110 and NUR 111.

Madonna University offers a Bachelor of Science in Nursing (BSN) degree for beginning nursing students, licensed practical nurses (LPNs), and registered nurses (RNs) from associate degree and diploma programs. The nursing program has been accredited since 1970 by the National League for Nursing.
The University also offers a Master of Science in Nursing (MSN) degree with majors in Nursing Administration, Adult Health: Chronic Health Conditions, and a dual degree MSN/MSA (Business Administration) program. See the Graduate Studies Bulletin for information about these programs.

BSN Admission Requirements

1. Basic students need high school transcripts with at least a C level achievement in chemistry, biology, and algebra.

   Transfer students, RNs and LPNs need official transcripts from colleges or postsecondary institutions attended. Applicants who do not hold an associate degree or higher must submit official high school transcripts, or the equivalent.

2. Beginning January, 1993, a minimum 2.75 grade point average in high school college preparatory courses is required for basic students. Transfer students must have a 2.5 grade point average for 12 to 24 semester hours of work.

3. Basic students must provide ACT or Enhanced ACT scores indicating strong potential to succeed in the program.

   RNs and LPNs must provide a photocopy of current Michigan nursing license.

4. RNs and LPNs should submit a resume of professional work experience.

5. Applicants must be in good physical condition adequate to meet professional performance standards as attested to by a Physician or Master Nurse Clinician.

Progress in the Nursing Major

Students are admitted directly to the major. They must maintain the following:

1. Minimum grade of C in all nursing and required support courses, and a minimum cumulative GPA of 2.0.

2. Proficiency in communication skills.

3. Evidence of personal integrity, emotional stability, social competence and a positive attitude. The University reserves the right to request student’s withdrawal from the program or nursing course because of unsatisfactory performance in the theory or clinical phases of the program and/or for inappropriate behavior.
Program Requirements

The organizing framework that gives cohesion to the nursing curriculum uses an interactional model vitalized by Christian Humanism. The content is arranged so that students are introduced to the past, present, and future of nursing at the freshman level, to basic concepts of nursing care with adults at the sophomore level, to advanced concepts of care with adults and parents and children at the junior level, and to care for clients, families and groups in both acute care and community agencies during the senior year. The complexity of content and nursing role increases as the student progresses through the program. Clinical nursing role increases as the student progresses through the program. ---

Formal application for admission to the Pastoral Ministry major/minor will be made at the conclusion of the student’s second semester of work at Madonna University. Forms are to be obtained from the Religious Studies Chairperson’s office.

Pastoral Ministry majors and minors will be required to select an area of specialization from programs offered at Madonna University and to complete a major, minor, or the equivalent of the latter as part of the Pastoral Ministry program. Special adjustments will be made for persons currently involved in ministerial roles.

Credit may be obtained through the process of evaluation of life experience for work already completed. The Religious Studies Department does not extend this process, however, to highly personal activities such as personal spiritual direction, retreats, prayer services, and the like.

Social Science Group Major, Political Science (36 s.h.) including 16 s.h. in Political Science.

PRE-ENGINEERING

Students may earn an engineering degree through special arrangements between Madonna University and the University of Detroit Mercy. Following a planned program fulfilling the degree requirements of each institution, the student may earn a Bachelor of Science degree from Madonna University and a Bachelor of Engineering degree from the University of Detroit Mercy.

This program is under the direction of the Department of Physical & Applied Sciences.
PRE-LAW

Law schools do not prescribe particular curricula for admission. Madonna University, therefore, approaches the preparation for law on an individual basis, tailoring the program of each student to individual needs and desires. Thus, students may major in English, history, political science, or other liberal arts.

PRE-PROFESSIONAL PROGRAMS*

Pre-Dentistry, Pre-Medicine, Pre-Osteopathy, Pre-Optometry, Pre-Podiatry, Pre-Veterinary

Students preparing for a health professions career may major in any area whose free electives allow completion of the following basic courses:

Total: 30 s.h.

Formal application for admission to the Religious Studies major or minor is to be made at the conclusion of a student's second semester at Madonna University. Forms may be obtained from the Religious Studies Department office.

The following courses are designed basically within the Catholic tradition but are not restricted to persons of that religious persuasion:

- RST 345 Contemporary Catholicism (3 s.h.)
- RST 347 The Catholic Sacraments (3 s.h.)
- RST 470 Catechesis (3 s.h.)

All other courses are ecumenical in content and method of presentation.

A variety of contemporary religious/moral/catechetical topics are presented in 1 and 2 s.h. workshops throughout the academic year.
Madonna University, in cooperation with the Detroit Archdiocesan Department of Religious Education and the Detroit Area Consortium of Catholic Colleges, following evaluation and approval by the RST/PHIL Department, offers college credit in religious studies for courses offered at parishes throughout the Archdiocese. Further, courses in religious studies offered at Madonna University can be applied to one of four Phases: Catechetics; Scripture; Values, Morals, Christian Formation; and Teaching Techniques.

Upon completion of Spectrum, Ministerial apprenticeship, Pastoral/Hospital/Hospice, or other Christian Ministry programs, students may apply for evaluation and assignment of academic credit. It is not the policy of the Religious Studies Department, however, to include retreats, personal/shared prayer, spiritual direction or similar highly personal experiences in the evaluation process. Students are to initiate the Life Experience work at the beginning of each term.

Comprehensive examinations are fulfilled in HUM 495, 1 s.h., under the co-direction of the course coordinator and a designated RST department member.

Persons working toward an associate degree are encouraged to select elective courses that apply to the ministry in which they operate.

**PLANS OF STUDY**

**SIGN LANGUAGE**
American Sign Language (ASL) is the language of the American Deaf Community. ASL has become a serious area of study for individuals interested in communicating and working with Deaf persons. The Sign Language Studies/Interpreting Department offers students the opportunity to develop ASL communication skills and an understanding of the language and its community. Interpreting courses are also offered for students interested in Sign language interpretation. Second language teaching methods include: structural, functional and communicative approaches to language learning.

Emphasis is placed on the sociocultural aspects of American Deaf Culture and the right of Deaf children and adults to learn and use American Sign Language.

Students pursuing a bachelor's degree in Sign language studies are encouraged to consider a second major as well. Such program planning will assist the student in developing career-related skills by integrating other majors with the SLS major. (See chart of Madonna University Majors.)

Students can be admitted to the interpreter program by completing the SLS core and meeting departmental language requirements. Students may also be admitted to the interpreting concentration if interested in interpreter upgrading or preparation for certification. Please direct all questions to the SLS/Interpreting department.

**SOCIAL WORK**

Social Work Major (47 s.h.)

Madonna University offers a Bachelor of Social Work (B.S.W.) degree program which is accredited by the Council on Social Work Education. The B.S.W. program is designed to prepare students for entry-level professional
employment and for graduate professional education. Social Work is enhancing the problem-solving and coping capacities of people; linking people with systems that provide them with resources, services, and opportunities; promoting humane services, especially for oppressed and vulnerable populations. Focus will be on the value and the strengths of the diversity of culture.

The Social Work curriculum is based on the premise that a social worker needs a well-integrated program of liberal arts content, specific professional content, and a professionally guided field practicum. These experiences focus on the delivery of services to individuals, families, groups, organizations, and/or communities within Generalist Practice.

Admission to the B.S.W. Program

Students must submit an application for formal acceptance to the program after completing SW 230 with a grade of B or better and successful completion of the required support courses (see below). In addition, applicants should show aptitude for social work practice as evidenced in pre-field experience and recommendations. A GPA of 2.66 is required at the time of application. Only students formally admitted to the program will be permitted to enroll in SW 480/485 and SW 490/495.

Transfer students only may take SW 230 as a corequisite with SW 235, and 240 provided that required support courses have been completed. These social work courses must be completed before transfer students may continue in the sequence of the program.

VOCATIONAL AUTHORIZATION OR ENDORSEMENT

Individuals who have worked two years in a particular health field or trade or industry can apply for recommendation by Madonna University to the State Department of Education for a Temporary Vocational Authorization, valid for teaching in State-reimbursed vocational classrooms, provided that they have also completed a Bachelor’s degree program and have a major in the health, trade, or industry area. In order to be recommended, the student must complete a minimum of 12 s.h. of coursework at Madonna University. Students will be encouraged to include the courses EDU 200 and EDU 312 in this 12 s.h.

In order to be recommended for a secondary provisional teaching certificate with a vocational endorsement, the student must meet the above requirements, and complete an academic minor, the Basic Skills Tests requirement, and the Teacher Education Program, including the state subject area test requirement (see Education section of this bulletin).
SECTION IV.

COURSE DESCRIPTIONS
COURSE NUMBERING GUIDELINES

The following guidelines for course numbering were approved by the Madonna University Curriculum & Educational Policy Committee on May 19, 1991. These guidelines are intended to facilitate an understanding of and the consistent use of the course numbering system at Madonna University, particularly in the areas of student advisement and new course development.

Major Divisions:

Numbers below 100 designate Remedial Courses* (e.g., ENG 099)

1xx = 100 level courses are open to freshmen, sophomores, juniors, and seniors (e.g., PSY 101)

2xx = 200 level courses are open to sophomores, juniors, seniors, and qualified freshmen (e.g., HUM 201)

3xx = 300 level courses are open to juniors, seniors, and other qualified students (e.g., NSC 325)

4xx = 400 level courses are open to seniors and other qualified students (e.g., HIS 463)

* Remedial courses are designed to strengthen college level skills. Remedial courses, however, are not counted toward the degree requirements. These credits are used for such things as calculating athletic and financial aid eligibility, credit load, tuition charges, and the Madonna University cumulative GPA.

Secondary Divisions:

x17, x18, x19 = Workshops (e.g., BUS 419)

x20, x60 = Independent Study (e.g., HUM 360)

x91, x92 = Paid Co-op (e.g., JRN 491)

x93, x94 = Internship/Practicum (Unpaid Co-op) (e.g., FCR 493)

495 = Senior Seminar (e.g., SSC 495)

Decimal Places:

xxx.1 = Experiential Learning or Credit by Exam (e.g., AHM 130.1)

xxx.2 = Telecourse (e.g., BUS 338.2)

xxx.3 through xxx.9 are used to allow for expansion of the numbering system (e.g., PED 209.5; BUS 419.8). Generally, odd decimals are used in fall term, even decimals in winter term.

Section Numbers:

Section 26 = Honors Section

Sections 31-39 = Corporate Programs

Sections 41-49 = International Programs

Sections 51-59 = General off-site programs
Additional Guidelines:

1. For courses in a sequence, earlier courses must have lower numbering.

2. Prerequisites for a course, within the same Department, must have lower numbering.

3. The difficulty of coursework increases with hundreds place only (i.e., CIS 385 is not necessarily more difficult than CIS 330).

4. Whenever possible, related coursework should have "related" course numbering (e.g., MUS 126, 127; 226, 227, etc., or EDU 451-461).

5. Although some courses at and above the 200 level do not have explicit prerequisites, there is an implicit prerequisite of class standing or comparable level of academic preparation for such courses.

6. All students should be encouraged to work at the level of their ability. Although students in upper grade levels are permitted to take courses numbered in the lower sequences, they should be discouraged from doing so habitually.
COURSE DESCRIPTIONS

To the Student: What follows is a description of all the courses offered at Madonna University. Students are encouraged to see their academic advisors to review courses and to make course selections. An asterisk (*) is included in parentheses after a course which is cross-listed in other departments; the asterisk indicates the department in which the course originates and in which the full course description can be found. Example:

405 Constitutional Law (CJ*/LAW)
This course is taught in the Criminal Justice (CJ) Department.

ACCOUNTING (ACC)

201 Principles of Accounting I 4 s.h.
Elementary accounting theory and procedures, including classification of accounts, journalizing, posting, preparation of working papers and financial statements, recording of plant assets, inflation accounting and partnership accounting. A computer application is included. Prerequisite: CIS 238.

202 Principles of Accounting II 4 s.h.
Continued study of accounting principles, emphasizing capital stock, cost accounting, budgeting and income tax considerations. A computer application is included. Prerequisite: ACC 201.

303 Intermediate Accounting I 3 s.h.
An intermediate level examination of the basic accounting statements and underlying accounting principles. Topics include: present value concepts, current tangible and intangible assets. A computer application is included. Prerequisite: ACC 202.

304 Intermediate Accounting II 3 s.h.
A continuation of the intermediate level examination of the basic accounting statements and underlying accounting principles. Topics include: accounting for leases, pensions, income taxes, earnings per share, financial statement analysis, long-term liabilities, equity transactions and cash flow statements. Prerequisite: ACC 303. Must be taken a Madonna University.

313 Managerial Accounting 3 s.h.
Management use of accounting information for planning and control. Topics: basic cost concepts, CVP analysis, relevant costs, budgets, product costs, and capital expenditures. No credit for accounting majors. Prerequisite: ACC 202.
358  Taxation I (LAW) 3 s.h.
A study of the principles of taxation emphasizing the individual as a taxable entity. Included is a study of tax law as it pertains to inclusions in gross income, exclusions from gross income and deductions available to the taxpayer. Prerequisites: ACC 202 and BL 333 or instructor's consent. Must be taken at Madonna University.

361  Taxation II (LAW) 3 s.h.
Continued study of principles of taxation; emphasis on business entities, estates and trusts. Prerequisite: ACC 358.

370  Cost Accounting 3 s.h.
Analysis including product and process costs. Emphasis on techniques for planning and control, such as budgets, variance analysis, and measures of profitability. Prerequisite: ACC 303; must be taken at Madonna University.

391  Cooperative Education 1 s.h.

405  Advanced Accounting 3 s.h.
Advanced accounting theory as it applies to partnerships, consolidated financial statements, bankruptcy, fund accounting and international foreign currency translation including forward exchange contracts. Prerequisite: ACC 304.

406  Government and Non-Profit Accounting 3 s.h.
Emphasis placed on in-depth analysis of accounting principles and procedures applicable to governmental units and non-profit organizations. Prerequisite: ACC 304.

450  Auditing 3 s.h.
Analysis of the audit process, the audit examination and procedures for completing the audit test. Emphasis on generally accepted auditing standards and professional ethics. Prerequisite: ACC 304.

471-475  Seminars 1-3 s.h.
Prerequisites for all seminars: Junior level or full time work experience.
471  Brunch with an Expert Seminar 1 s.h.
472  Literature Review Seminar 3 s.h.
473  Research Seminar 3 s.h.
474  General Topic Seminar 1-3 s.h.
475  Leadership Seminar 3 s.h.
491  Cooperative Education 1 s.h.
ALLIED HEALTH ADMINISTRATION (AHA)

101 Medical Terminology 2 s.h.
Development of medical vocabulary with emphasis on anatomical terms, diseases, symptoms, treatments, and acceptable medical abbreviations.

201 Introduction to Health Technology (MTE) 2 s.h.
Academic, professional and certification requirements of the allied health professions with emphasis on ethical, technical and procedural orientation. Required for MLT, MTE, NMT and RTE programs.

375 Allied Health Management (MGT*IRTE) 3 s.h.

380 Health Care Organization 2 s.h.
Overview of legislative, judicial, and political decisions which influence the workings of the health care industry. Examination of issues affecting the roles of health professionals as providers and consumers.

393 Internship I 1-6 s.h.
Supervised experience in health care administration. Prerequisite: departmental approval.

394 Internship II 1-6 s.h.
Supervised experience in health care administration. Prerequisite: AHA 393.

425 Health Care Law and Public Policy (LAW) 3 s.h.
This course is designed to address the needs of health professionals for information on the fundamentals of Michigan law. Legal terminology, organization of the court system, the source of law and basic principles of civil liability as it relates to negligence and malpractice will be addressed. Issues relative to confidentiality documentation, informed consent, conflict of law and advanced directives will be presented.

474 Health Care Finance 3 s.h.
Introduction to the theory and practice of health care finance addressing issues of medical cost, models of provider behaviors, regulatory constraint, technology assessment and access to care. Prerequisites: ACC 201 and ECN 271.

476 Issues in Health Care Administration (MTE/RTE) 3 s.h.
Current concepts of administrative practice in allied health occupations. Institutional assessment and practices which impact on responsibility, liability, and quality issues. Prerequisites: MGT 236 and MGT 375.

478 Educational Principles for Health Care Personnel (MTE/RTE) 2 s.h.
Principles of educational practice for health care professionals. Preparation and presentation of materials for staff development and patient education.
490  Fundamentals of Health Care Research  2 s.h.
    Introduction to the planning, conducting, and presentation of an
    analytical study of a topic of contemporary clinical significance. Prerequisite:
    senior status in major.

495  Senior Seminar (MTE/RTE)  2 s.h.
    Preparation and presentation of major paper in allied health discipline.
    Required for major. Prerequisites: AHA 490 and departmental approval.

APPLIED SCIENCE (APS)

291  Cooperative Education I  1-4 s.h.
    Supervised work experience in a professional setting related to the
    student's area of specialization. Prerequisite: approval of advisor.

293  Internship I  1-4 s.h.
    Supervised work experience in a professional setting related to the
    student's area of specialization. Prerequisite: approval of advisor.

302  Field Experience  1-4 s.h.
    Credit awarded to individuals for evidence of completion of licensure
    programs in a technical field and/or full-time employment of two or more years
    in applied technology. Documentation of competencies required.

391  Cooperative Education II  1-4 s.h.
    Advanced semi-professional level assignments in on-the-job applications
    related to the student's area of specialization. Prerequisite: approval of advisor.

393  Internship II  1-4 s.h.
    Advanced semi-professional level assignments in on-the-job applications
    related to the student's area of specialization. Prerequisite: approval of advisor.

495  Senior Seminar  2 s.h.
    Preparation and presentation of a library research paper or project that
    integrates knowledge gained in the technology core of the applied science
    discipline. Taken by students with senior status as a requirement for
    graduation; to be taken in the final six hours of the program.

ART (ART)

105  The Visual Arts in 2-D  4 s.h.
    Instruction in drawing through extensive exercises in line, texture,
    value, shape, space and composition. Introduction to various drawing media.

121  Introduction to Commercial Art (JRN)  4 s.h.
    Introduction to the advertising field, its language, manner of working
    and preparation of ads for commercial purposes. Prerequisite: ART 105 or
    permission of instructor.
201  **Art Appreciation**  
Survey of major works in visual arts from all ages with emphasis on the appreciation of the contributions of various cultures to the world of art and understanding of the language of design within the context of various media. 
(Interpreter available; not applicable to an art major.)

202  **Great Monuments in World Art**  
Slide lectures and discussions of important artifacts and masters in the visual arts, stressing the understanding and appreciation of man's creative ability as seen through works of art. (Not for art majors.)

207  **Creative Design & Color**  
Elements and principles of design and color studied as the basic factors of creative expression. Experimentation in line, texture, value, shape, space and color within the context of principles of composition, balance and movement.

210  **Commercial Illustration**  
The combination of drawing skills and color application of designer's gouache for the purpose of developing commercial illustration as reflected in multi-media fields. Prerequisites: ART 105, 121 or permission of instructor.

268  **Commercial Art Experiences**  
Advertising problems employing prefabricated graphic arts materials, photography and other equipment. Introduction to writing creative captions and related visuals for magazine and newspaper ads, cover designs, posters, flyers and billboards. Prerequisites: ART 105, 121 and 207 or permission of instructor.

270  **Introduction to Computer Art**  
Design principles and procedures on the Macintosh as applied to creative graphic design projects.

275  **Painting & Composition**  
The development of skills requisite to oil painting or acrylics, based on a systematic treatment of composition and the technique of painting. Emphasis on the most effective use of materials and concepts. Prerequisites: ART 105 and 207.

280  **Creative Watercolor**  
Introduction to watercolor techniques and application of both traditional and avant-garde methods of painting to imaginative composition and/or stylization of subject matter. Development of advanced understanding of color theory. Prerequisite: ART 207 or permission of instructor.

305  **Lettering & Calligraphy**  
Development of the skills and the art of lettering, spacing and layout as applied to writing of certificates, announcements and resolutions. Preparation of work for professional use. Recommended for commercial art students.

</table>
Three Dimensional Forms 4 s.h.
Three dimensional forms including sculpture or ceramics. Choice of one medium made and experimented with in depth. Wood, stone, plaster, as well as more contemporary materials employed.

Modern Art: Late 19th Century & 20th Century Art (HUM) 4 s.h.
A detailed study of the art movements, artists and new media of the 19th & 20th centuries in Europe and contemporary America.

Advanced Problems in Commercial Art 4 s.h.
Advertising campaign problems; camera-ready layout and illustration; color separation and preparation of artwork for printing; advanced and independent problems for business and/or institutions, preparation of a job-seeking portfolio.

Advanced Studio 2-4 s.h.
Independent advanced work in media and disciplines not currently offered, such as advanced painting, design, sculpture, advertising, etc. Permission of department head and instructor required.

Intaglio (Etching) 3 s.h.
A studio course designed to introduce the various intaglio processes; etching, aquatint, drypoint and the exploration of color and black and white printing. Principles of historical and contemporary techniques are approached and discussed.

Lithography 3 s.h.
A studio course designed to introduce both stone and metal plate lithography. Printing in both color and black and white, advanced exploration and experimentation are encouraged and desired. Principles of historical and contemporary techniques are approached and discussed.

Studies in Art History 3 s.h.
Topics in art history will vary according to period, artists, school, culture or patronage. Prerequisite: ART 202 or permission of instructor.

Senior Seminar (HUM) 1 s.h.
Required of all fine arts majors.

BIOLOGY (BIO)

Introductory Biology 4 s.h.
A course for non-science majors presenting biological concepts influencing individual decisions affecting community structure and the state of the world. Lecture 3 hours, laboratory 3 hours.
103, 104 General Biology I, II  4, 4 s.h.
Fundamental biological principles and problems as they apply to molecular, cellular, organismic, and ecological levels of the plant and animal worlds. Lecture 3 hours, laboratory 3 hours. Corequisite: enrollment in or completion of CHM 111 or equivalent. One year of high school biology and chemistry recommended.

224 Basic Human Physiology  4 s.h.
Non-laboratory study of the functioning of the body systems considering the integration and control of life processes in the cells, tissues, organs, and systems of the human body.

226 Microbiology  4 s.h.
Fundamental principles of microbiology with emphasis on the biology of bacteria and other microbes (metabolism, genetics, growth and death); their ecological relationships in natural and controlled environments and the interactions of pathogenic microorganisms and their human and animal hosts. Lecture 3 hours, laboratory 3 hours. Prerequisites: CHM 161 or 221 and BIO 103 or 224 or 243.

243, 244 Anatomy and Physiology I, II  3, 3 s.h.
Study of the structure and function of the ten major body systems. Supplementary topics include: the cell, fluids and electrolytes, and acid-base balance. Lecture 2 hours, laboratory 2 hours.

301 Genetics  4 s.h.
Principles of genetic theory with its application to plants, animals, microorganisms, and humans and techniques (including statistics). Lecture 3 hours, laboratory 3 hours. Prerequisites: 12 s.h. of biology including BIO 226; MTH 235; CHM 361 recommended.

317 Invertebrate Zoology (Parasitology)  4 s.h.
Study focuses upon the morphology, classification, life cycles, epidemiology and control of major human parasites. Laboratory will emphasize the identification of parasitic adult and larval forms as observed in clinical specimens. Lecture 2 hours, laboratory 6 hours. Prerequisite: BIO 226.

321 General Ecology  3 s.h.
Study of the principles of ecological interdependence and interaction between plants and animals with each other and with their environment. An overview of research methods used in field studies complements theoretical concepts in lecture. Lecture 2 hours, laboratory/field 3 hours. Prerequisite: 6 s.h. in biology.

328 Immunology  4 s.h.
Basic principles of immunology and serology with emphasis on the nature of antigens and antibodies, the theories of the immune response and the application of principles in hypersensitivity, tumor and transplantation immunology. Theory and practice of serological techniques including
Biology

350 Medical Mycology 4 s.h.
Studies in the isolation and identification of fungi with emphasis on the fungi of medical importance. Lecture 3 hours, laboratory 3 hours. Prerequisite: BIO 226.

361 Epidemiology 3 s.h.
Study of factors involved in the occurrence and prevention of diseases within human populations. Prerequisite: BIO 226.

371 Pathophysiology 3 s.h.
Study of disease processes affecting normal functioning of the human body in cardiovascular, pulmonary, endocrine, neurological and renal systems. Prerequisites: BIO 243, 244.

402 Advanced Human Physiology 4 s.h.
A study of the normal functioning of the human organ systems with emphasis on muscle, nerve, and cardiovascular physiology. Special topics include cellular transport and acid-base balance. Prerequisite: BIO 224 or 244.

427 Clinical Bacteriology 4 s.h.
Study of the qualitative and quantitative aspect of bacteriology in relation to diseases as found in humans. Methods of detection, isolation, enumeration, toxin production and techniques in the identification of pathogenic bacteria. Lecture 2 hours, laboratory 6 hours. Prerequisite: BIO 226; BIO 328 recommended.

470 Biological Investigation 1-4 s.h.
Independent research, directed reading or special problems under the supervision of a faculty member. Prerequisites: recommendation of major advisor and problem director.

495 Senior Seminar 2 s.h.
Preparation and presentation of a scientific paper. Taken by students with senior status as a requirement for graduation; to be taken in the final six hours of the program.

Business Administration (BUS)

099 Language of Business 2 s.h.
A pre-business class, designed to develop increased vocabulary skills of key business concepts and basic operating techniques. Emphasis on developing a personal glossary of business terms, and creating suitable examples (scenarios) to illustrate the application and usefulness of each term. Special attention is given to students having limited skills in reading, writing, and/or understanding basic business procedures. Note: This class is not considered a substitute for BUS 101.
Contemporary Society & The Organization 3 s.h.
The dynamics of contemporary administrative, social and political influences on the organization; laws and regulatory agencies and their impact on the organization; career opportunities in the organization. General elective or General Education only; does not apply toward Business major or minor. (Also offered through TV.)

Business and Society 3 s.h.
A conceptual course which studies the historic and sociological relationship between business and society; the development of economic and management thought; and the social responsibility of business. Prerequisites: junior standing, MKT 244, MGT 236. Recommended: PHL 406.

Seminars 1-3 s.h.
Prerequisites for all seminars: Junior level or full time work experience.

471 Brunch with an Expert Seminar 1 s.h.
472 Literature Review Seminar 3 s.h.
473 Research Seminar 3 s.h.
474 General Topic Seminar 1-3 s.h.
475 Leadership Seminar 3 s.h.
491 Cooperative Education 1 s.h.
491 Cooperative Education 1 s.h.

BUSINESS LAW (BL)

Business Law I 3 s.h.
Study of the law and the legal process as it relates to business and society. Emphasis is on the law of contracts, sales under the U.C.C., negotiable instruments, secured transactions and agency. Basic concepts of the law of crimes and torts, including products liabilities, and performing legal research will be covered. Prerequisite: MGT 236 or consent of instructor.

Business Law II 3 s.h.
A continuation of Business Law 333 with emphasis on the legal aspects of corporations and partnerships, property rights, debtor-creditor relations and securities regulation. The general principles of governmental regulation of business and the legal aspects of international business transactions will be explored. Prerequisite: BL 333.
CHEMISTRY (CHM)

101 Introductory Principles of Chemistry  
A study of the basic principles of general chemistry and their applications including: systems of measurement; structure and properties of atoms; the periodic table; chemical symbols and their equations; stoichiometry; introduction to chemical bonding; solutions; acids, bases, and salts; and special topics as nuclear and environmental chemistry. This course may be used to satisfy the physical science general education requirement with laboratory and the chemistry prerequisite for CHM 111. Lecture 3 hours, recitation 1 hour, laboratory 2 hours. Prerequisite: one year of high school algebra or MTH 104 with grade of C or better. (Does not apply toward Chemistry major or minor.)

111 General Chemistry I  
Principles of chemistry including atomic structure and periodicity, chemical bonding, stoichiometry, gas laws, solution concepts, acid-base theory, redox processes, and equilibrium. Lecture 3 hours, laboratory 3 hours. Prerequisites: one year of high school chemistry or CHM 101 with grade of C or better; one year of high school algebra or MTH 104 with grade of C or better. Two years of high school algebra highly recommended, or MTH 104 and 105 with grades of C or better.

112 General Chemistry II  
Principles of thermodynamics, kinetics, equilibrium systems, proton transfer, electrochemistry, and nuclear chemistry. Laboratory projects related to each major subject area. Lecture 3 hours, laboratory 3 hours. Prerequisite: CHM 111 or equivalent; prerequisite or corequisite MTH 106 or 121 or equivalent.

161 Introduction to Life Chemistry  
Integrated organic and biochemical principles related to normal functioning of the human body. Lecture 3 hours, laboratory 3 hours. Prerequisite: CHM 111 with grade of C or better. (Does not apply toward chemistry major or minor.)

221 Organic Chemistry I  
Structure and classification of compounds of carbon with stress on the aliphatics; IUPAC nomenclature; properties, characteristic reactions of the common functional groups, especially of the oxygen functions; concepts of stereochemistry; introduction to mechanisms; stress on Brønsted and Lewis acid/base processes. Laboratory exercises directed to demonstration of mechanistic processes. Lecture 3 hours, laboratory 3 hours. Prerequisite: CHM 111 or equivalent.

222 Organic Chemistry II  
More extensive study of reaction mechanisms; aromatics; spectroscopy; organometallics. Laboratory exercises directed to the systematic identification of organic functional groups, spectroscopy and gas chromatography. Lecture 3 hours, laboratory 3 hours. Prerequisites: CHM 111 and 221.
331 Quantitative Analysis 4 s.h.
Theory and techniques of classical quantitative analysis, including acquisition and evaluation of analytical data from gravimetry, titrimetry, potentiometry, and spectrophotometry techniques. Lecture 3 hours, laboratory 3 hours. Prerequisites: CHM 111, 112, 221, MTH 121 or equivalent.

351 Advanced Inorganic Chemistry 4 s.h.
Descriptive chemistry of the representative elements, transition metal complexes and organometallic compounds; ligand field theory, molecular orbital and valence bond theories, symmetry and group theory, nuclear chemistry. Prerequisites: CHM 111, 112, MTH 121 or equivalent.

361 Biochemistry I 4 s.h.
Principles of biochemistry; major metabolic and biosynthetic pathways, structure and conformation of biological molecules and their molecular biology. Laboratory exercises in enzyme kinetics, electrophoresis, chromatography and DNA isolation and manipulation. Lecture 3 hours, laboratory 3 hours. Prerequisites: CHM 111, 221.

362 Biochemistry II 4 s.h.
Advanced treatment of modern topics including DNA structure and function; gene control; recombinant techniques; and newer techniques of protein design and engineering. Laboratory exercises in molecular cloning, transformation, DNA transfer techniques, immunoprecipitation and mutagenesis studies. Lecture 3 hours, laboratory 3 hours. Prerequisites: CHM 111, 221, and 361.

363 Clinical Chemistry I (MTE*) 3 s.h.

365 Clinical Chemistry II (MTE*) 3 s.h.

441 Physical Chemistry I 4 s.h.
Kinetics, mechanisms, rate laws, properties of solids, liquids, and gases; kinetic theory of gases, phase rules, thermodynamics, equilibria, chemical activity, and electrochemistry; introduction to statistical mechanics. Lecture 3 hours, laboratory 3 hours. Prerequisites: CHM 111, 112, 221; MTH 251, 252; PHY 253, 254.

442 Physical Chemistry II 4 s.h.
Atomic and molecular structure, quantum theory and mechanics, analytical spectroscopy, selection rules, photochemistry. Lecture 3 hours, laboratory 3 hours. Prerequisites: CHM 111, 112, 221, 441; MTH 251, 252; PHY 253, 254.

451 Instrumental Analysis 4 s.h.
Theory and techniques of modern instrumental analysis including UV, visible, and IR spectrophotometry; NMR, EPR, and mass spectrosopies;
electrochemistry; chromatography including HPLC; other current topics. Lecture 3 hours, laboratory 3 hours. Prerequisites: CHM 111, 112, 221; MTH 121 or 251 and 252; PHY 253, 254.

490 Problems in Chemistry 1-4 s.h.
Advanced study in a special area of interest in laboratory or library research studies. Prerequisite: Recommendation of major advisor.

495 Senior Seminar 2 s.h.
Preparation and presentation of a scientific paper. Taken by students with senior status as a requirement for graduation; to be taken in the final six hours of the program.

**CHILD DEVELOPMENT (CD)**

216 Child Development & Guidance 3 s.h.
Growth and behavior of a child from the prenatal stage through early childhood as well as guidance techniques for each stage of development.

258 The Use of Art, Music, Movement and Play in Curriculum For Preschool and Elementary School Children 4 s.h.
This course teaches the student the elements of art, music, creative play and movement. Included in the course is learning to plan creative activities in these curriculum areas based on the developmental needs of children. An emphasis will be placed on the integration of these content areas into the daily or weekly plans for children’s learning in the affective, cognitive and psychomotor domains.

310 Language Development & Language Arts 3 s.h.
This course examines the development of the language of a child from birth through elementary school. It also applies linguistic theory to language arts education including an overview of structural and transformational linguistics, and its impact on oral and written communication and an exploration of the theory and techniques of listening, speaking and writing effectively in the English language. Prerequisites: ENG 101, EDU 200.

316 Administration of Child Care Centers 3 s.h.
Basic processes of administration including planning, organizing, supervising, assembling resources, accounting and specific administrative skills required by child care center administrator. Prerequisite: experience in child care and planning.

358 Developing Curriculum for Early Childhood 3 s.h.
Study of how to design curriculum and the environment to promote the growth in the social/emotional, cognitive and psychomotor domains of the preschool child. Corequisite, CD 359.
393 Curriculum Practicum
1 s.h.
This class is taken concurrently with CD 358. It provides the field experience for observing, planning and practicing strategies that are learned in CD 358.

410 Philosophies in Early Childhood Education
3 s.h.
Montessori, Piaget, Behavior Analysis, Head Start, innovative programs explored; observations in preschools.

413 Parents and Teachers - Partners in Education (EDU)
3 s.h.
Information and strategies that can be utilized by teachers to aid parents to work in partnership with schools to promote the cognitive, affective and psychomotor development of their children.

416 Assessing Children's Behavior
2 s.h.
A study of the purposes for assessing children's behavior and the development of skills required for evaluating behavior. Emphasis will be placed on preparing reports for parents and institutions.

493 Senior Practicum
2-4 s.h.
Supervised work experience in a professional situation related to the student's area of specialization. Prerequisite: approval of advisor.

495 Seminar
2 s.h.
In-depth consideration of controversial issues in a related field, integration and verification of exit-level competencies.

COLLEGE (COL)

101 Orientation to Higher Education
1 s.h.
This course is designed to provide first-year students with information and insights into themselves and into the demands of higher education. It will introduce students to University policies and procedures, assist them in developing study strategies, time and stress management skills, personal and multicultural awareness, career exploration, decision making skills and in meeting the challenges of leadership and involvement in order to be more effective in college.

COMPUTER INFORMATION SYSTEMS (CIS)

225 Computer Fundamentals
2 s.h.
Introduction to the fundamentals of computers for the non-technical person. Study the operating functions of both the hardware and software components of an information system. Emphasis on hands-on experiences with word processing, spreadsheet, and data base management systems. Study the evolution, application, and ethical aspects of computer systems. Does not apply towards credit for business or computer information systems majors.
238 Introduction to Computers  
Study the evolution of computers and the operating functions of the hardware, systems software, application software, data communications, and ethics of data storage and retrieval; explore the integration and application of information processing in the business environment and in the global society; hands-on experience with word processing, electronic spreadsheets, graphics, data base management and electronic mail.

243 Introduction to Business Application Programming  
Emphasis on a structured, multi-phase approach to program design and development. Uses problem-solving techniques which are independent of programming languages. Introductory instruction of BASIC. Proposed solutions will be coded in BASIC. Prerequisite: CIS 238.

245 Programming Applications: RPG II/III  
Problem-solving with the computer using the computer languages RPG II & RPG III. Numerical and non-numerical applications in a business environment. Emphasis on translating specifications into RPG II & RPG III, using a top-down structure approach. Prerequisite: CIS 243.

248 Programming Applications: COBOL  
Problem-solving with the computer, using the programming language COBOL. Numerical and non-numerical applications in a business environment. Emphasis on understanding problem definition, top-down structured design, related program design tools and translation of specifications into COBOL syntax. Hands-on testing and debugging of assignments, which include: sequential file processing, file matching, and table handling. Prerequisite: CIS 243.

291 Cooperative Education I: Computer Operations  
Experience in a computer environment; includes programming, use of software packages, trouble-shooting, and hands-on experience with a computer system. Prerequisite: CIS 248.

330 Information Systems for Decision Making  
Presents the fundamental concepts of information systems. Emphasis on the process by which systems are developed from the end user's perspective. Problem solving using computer based information systems. Analyze existing Information Systems by way of case study methodology. Prerequisite: CIS 225 or 238. No credit for Computer Information Systems majors.

341 Programming Applications: Pascal  
Problem-solving with the computer, using the computer language PASCAL: numerical and non-numerical applications in a business environment; covers basic PASCAL programming constructs, user-defined scalars, pointers, subroutines, and functions. Prerequisites: CIS 243 or equivalent, and one programming course.
342 Computer Graphics in Business  2 s.h.
Study of the principles of presentation graphics, including design, creation, and usage of graphics hardware and software. Includes the design of a business oriented graphic presentation project. Prerequisites: CIS 225 or 238 or CSC 208.

345 Systems Analysis & Design  3 s.h.
An overview of the systems development life cycle with emphasis on techniques and tools of analysis, design, documentation, and logical system specification. Prerequisite: CIS 248.

348 Data Structures  3 s.h.
Data file organization and manipulation: includes sequential and random access, indexed files, linked lists, trees, searches and sorts. Prerequisites: CIS 243 or equivalent, MTH 105, and working knowledge of a procedural language other than COBOL.

386 Decision Support and Expert Systems  2 s.h.
Study of how computers provide important insight to business decision alternatives. Assembling, organizing, and designing the line of reasoning for more effective problem solving. Prerequisite: CIS 345.

388 Programming Languages: Fourth Generation  3 s.h.
Problem solving with the computer using a fourth generation language. Survey of procedural, non-procedural, and fourth generation languages. Develop a business oriented computer system using a fourth generation language product. Prerequisite: CIS 345.

389 Software and Hardware Architecture  2 s.h.
Study of computing environment and the organization of components and devices into information system configurations. Discuss the principles of system software and build an understanding of combinations of hardware and software within architectural designs. Prerequisite: CIS 345.

391 Cooperative Education II: Programming/Analysis  1 s.h.
Experience in a computer environment. Apply the skills and techniques learned in programming and systems courses to a systems development project. Prerequisite: CIS 388.

396 Advanced System Programming and Design  3 s.h.
Advanced coverage of the strategies and techniques of structured systems development and application programming, using COBOL. Prerequisites: CIS 248 and 348.

425 Advanced Office & Telecommunications Systems  2 s.h.
Structured analysis and design of hardware/software systems in an advanced office environment. Considers centralization vs. distribution, communication technologies, distributed data bases, distributed processing, and management concerns. Prerequisite: CIS 345.
471-475 Seminars 1-3 s.h.
Prerequisites for all seminars: Junior level or full time work experience.

471 Brunch with an Expert Seminar 1 s.h.
472 Literature Review Seminar 3 s.h.
473 Research Seminar 3 s.h.
474 General Topic Seminar 1-3 s.h.
475 Leadership Seminar 3 s.h.
491 Cooperative Education 1 s.h.

432 Audit & Control of Accounting & Information Systems 2 s.h.
Principles of auditing of information systems with emphasis on controls, audit types, security, and audit techniques and their effects on accounting and computer system development. Prerequisites: CIS 345 or 330 and ACC 202.

485 Data Base Management 3 s.h.
Study of the concepts governing the design and management of database systems. Comparison of the hierarchical, inverted list, network, and relational data models. In depth study of the relational data model theory. Development of a business oriented computer system using a relational data base management system. Analysis of data base issues, such as security, privacy, and integrity, for which a Chief Information Officer is held responsible. Prerequisites: BUS 395, CIS 388, and CIS 396.

490 Information Systems Policy 3 s.h.
A capstone course covering advanced strategies for matching an information system department to the structure and behavior of the organization. Study of the overall information needs of an organization and the role information systems play in meeting them. Investigate the administrative and management issues relative to administration of the information systems function. Prerequisite: Must be taken within final six hours of major.

491 Cooperative Education III: Programming/Analysis 1 s.h.
Experience in a computer environment; applies skills and techniques learned in programming and systems courses to a systems development project. Prerequisite: CIS 391.

COMPUTER SCIENCE (CSC)

208 Principles of Computer Science 3 s.h.
Overview of computers and introduction to programming in C language. Introduction to algorithms, data types, iteration, subprograms and dimensioned variables. Study of the impact of computers on society. Does not apply toward math major or minor.
246 Programming: BASIC  
In-depth study of BASIC programming language, with applications in mathematics and the sciences. Introduction to file handling, structured programming, multi-dimension arrays. Prerequisite: CSC 208 or equivalent.

247 Programming: FORTRAN  
In-depth study of FORTRAN programming language with applications in mathematics and the sciences. Structured programming using subprograms, nested iterations and matrix processing. Prerequisite: CSC 208 or equivalent.

248 Programming: C  
Students will design and write programs using the C language. Explorations center on: graphics, memory management, pop-up windows, ergonomics, as well as terminate and stay resident programming. Prerequisite: CSC 208 or departmental approval.

291 Cooperative Education in Operations  
Cooperative education experience with emphasis on computer operations. Consent of advisor is required.

301 Numerical Analysis for Computer Science  
Study of numerical methods in the solution of mathematical problems: integration, differentiation, curve construction and fitting, interpolation and extrapolation. Introduction to numerical computer algorithms. Prerequisite: CSC 247 or 248, MTH 362.

303 Operating Systems  
Study of the organization and operation of computer system software; control of computer resources; command parsing; logical and Physical I/O; algorithms for multiprogramming and resource sharing. Prerequisites: PASCAL or C programming and one additional computer science course above CSC 208, all with grades of C or better.

305 Computer Organization & Assembly Language  
Study of the organization and operation of the digital computer and the techniques of programming in machine and assembler language. Prerequisite: 6 s.h. of computer programming with a grade of C or better.

309 Practical Operating Systems  
In this laboratory based course, students will explore Operating Systems Languages currently in use on mainframes and on personal computers. Students will learn how to establish and maintain user disk space, programs, and files. Students will learn modular programming techniques, and gain experience in program design and implementation.
### 313 Compiler & Language Theory  
**3 s.h.**  
Study of the operation of language compilers and the underlying theory of computer languages: parsing algorithms, scanning techniques, grammars and code generation. Prerequisite: CSC 303 with a grade of C or better.

### 349 Interpretive Languages for Artificial Intelligence  
**3 s.h.**  
Study of interpretive languages LISP and PROLOG as they apply to the Artificial Intelligence Community. List processing, query manipulation, and data management techniques discussed. Current trends in the national and international Artificial Intelligence Community explored. Prerequisites: FORTRAN (CSC 247) or C programming (CSC 248) with a grade of C or better.

### 391 Cooperative Education in Software  
**2-3 s.h.**  
Cooperative education experience with emphasis on computer programming or software engineering. Consent of advisor is required.

### 485 Seminar: Computers & Society  
**3 s.h.**  
Study of positive and negative impacts of computers in society; introduction to automation, robotics, and artificial intelligence, and the implications of each; examination of computer crime and methods to detect and prevent it; ethics and professionalism in computer science. Prerequisites: Senior status and major in computer science; to be taken in the final six hours of the program.

### CRIMINAL JUSTICE (CJ)

#### 102 Introduction to Criminal Justice  
**3 s.h.**  
Study of agencies and processes in the criminal justice system. Responsibilities of the police, prosecutor, courts, corrections and society in the criminal justice process.

#### 121 Introduction to Corrections  
**3 s.h.**  
Philosophical and historical background of corrections; European antecedents and the American evolution of correctional facilities and programs; survey of career opportunities.

#### 201 Criminal Justice Organization & Administration (PSC)  
**3 s.h.**  
Organization and management of the various criminal justice agencies through the United States. Includes systems of management, alcoholism as a management problem, and systems analyses and their relationships.

#### 211 Law Enforcement Administration  
**3 s.h.**  
Organization and Management of law enforcement agencies, the role of the police administrator in line and staff functions. Investigation of areas of police qualifications, promotional standards and cadet systems.
213 Traffic Operations, Administration & Investigation 3 s.h.
Role of police administrator in traffic operations, administration and supervision. Strategies for moving and controlling traffic; investigations of vehicular accidents; familiarization with traffic safety programs.

216 Human Behavior & Attitudes (MGT*) 2 s.h.

231 Correctional Justice Organization & Administration 3 s.h.
Organization and management principles of correctional agencies; correctional procedures, rights and processes.

233 Interviewing Techniques (SOC*) 3 s.h.
235 Probation & Parole 3 s.h.
History and philosophy of probation and parole; function and operation of pardon and parole boards; statutory limitations; modern trends; personnel qualifications.

236 Principles of Management (MGT*) 3 s.h.

265 Criminal Law 3 s.h.
History, purposes and philosophy of criminal law, local, state and federal law; development, application and rights of the offender.

280 Principles & Methods of Corrections I 3 s.h.
Legal aspects of probation, drug addition and alcoholism; analysis of human behavior from the viewpoint of corrections; understanding basic counseling techniques and establishing therapeutic relationships.

281 Principles & Methods of Corrections II 3 s.h.
Continuation of CJ 280 including demonstration of practical ability to apply counseling psychology to casework. Prerequisite: CJ 280.

291, 391, 491 Practicum/Cooperative Education in Criminal Justice 3, 3, 3 s.h.
Internship in an approved criminal justice setting designed to provide opportunities to synthesize theory with practice. Laboratory 32 hours for each semester hour, available for cooperative education.

301 Basic Police Training 3 s.h.
Credit awarded to those who have successfully completed 240 instruction hours in a Michigan Regional Police Academy, or equivalent instruction.

302 Field Experience 3 s.h.
Credit awarded by the chairperson for one year full-time experience in an appropriate area of the criminal justice system.
303  **Jail Operations**  2 s.h.  
Credit awarded to those who successfully complete the U.S. Bureau of Prisons course in "Jail Operations."

304  **Jail Administration**  2 s.h.  
Credit awarded to those who successfully complete the U.S. Bureau of Prisons course in "Jail Administration".

305  **Criminal Procedures (LAW)**  3 s.h.  
Procedural law for law enforcement officers. Law of arrest, evidence and search and seizure. Prerequisite: CJ 265.

310  **Introduction to Public Administration (PSC*)**  4 s.h.

311  **Criminal Investigation**  3 s.h.
Basic principles and procedures of criminal investigation; conduct at crime scene; search, collection and preservation of evidence; interviewing; and methods used in crime laboratories.

316  **Human Behavior & Leadership (MGT*)**  2 s.h.

321  **Principles of Criminology (SOC)**  3 s.h.
Study of the incidence, type, causes and theories of adult deviant behavior. Emphasis is placed upon current crime trends and statistics and the processes involved in dealing with crime.

323  **Juvenile Justice (SOC)**  3 s.h.
Theories of causation and prevention of delinquency; role of the courts, policy prevention programs, institutions in the control and prevention of juvenile delinquency.

355  **Contemporary Correctional Methods**  3 s.h.
Current practices and trends in correctional methods; parole, probation and correctional institutions.

401  **Crime Prevention & Police Community Relations**  3 s.h.
Social responsibility of criminal justice personnel; cooperation between criminal justice personnel and the community; emphasis on minority groups, political pressure and cultural problems.

402  **Human Relations for Corrections**  3 s.h.
Study of the sociological, psychological and political determinants in the development of human relations as viewed from aspects of corrections in the criminal justice system.

405  **Constitutional Law (PSC/LAW)**  3 s.h.
Introduction to constitutional law, political theory. Historical examination of the major Supreme Court decisions which have contributed to contemporary judicial interpretations of the Constitution.
412 Organized Crime Institute 3 s.h.

414 Narcotics Institute 3 s.h.
Problems faced by local, state, federal and international law enforcement agencies concerning drug manufacture, trafficking and investigative techniques. Examination of social problems caused by drug use.

423 Homicide Investigation 3 s.h.
Study of many facets which comprise a thorough, sound and reliable homicide investigation; inquiry into new investigative techniques as well as a review of State laws concerning homicide. Consideration of case preparation, warrant writing, arrests, arraignment and preliminary examinations.

435 The American Judicial Process 3 s.h.
Analysis of the American state and federal court system; a comparative study of foreign court systems. Prerequisite: CJ 265 and 305 or chairperson's permission.

495 Criminal Justice Seminar 3 s.h.
Evaluation of criminal justice practices and procedures. Emphasis on contemporary criminal justice problems and their solutions.

ECONOMICS (ECN)

271 Economics for Human Services 3 s.h.
A survey of the discipline of economics with special reference to a market-driven economy. Attention given to economic policy in relation to social issues and problems including government and the quality of life, distribution of wealth and income, unemployment, poverty, the disadvantaged, respect for the law, public health, and aid to the Third World. (No credit for business, economics, or computer information systems majors.)

272 Principles of Microeconomics 4 s.h.
Theories of production and cost, demand, supply, competitiveness, consumer behavior, and distribution of income. Prerequisite: MTH 105.

273 Principles of Macroeconomics 4 s.h.
Measurement and determination of economic activities and development, aggregate income, and employment. Emphasis on consumption, monetary policy, fiscal policy, taxes, government, investment, and expenditures. Prerequisites: Ecn 272, MTH 105.

280 Money & Banking 3 s.h.
Study of the nature and function of money with reference to the expansion and contraction of the money supply. The various functions of the Federal Reserve System including the control of the rate of interest and money supply. Prerequisites: Ecn 272, 273, and ACC 201.
394 Economic Geography 3 s.h.
Geography from an economic perspective; locations and locational changes in primary, secondary, and tertiary production; services, a comparative analysis of global demography; role and rise of the city and the metropolis; effects of technology; nations and regional and strategic political and commercial alignments and realignments; natural and human resources; the Less developed, More developed and Developing Worlds; "core" and "periphery;" multinational corporations and the "global village." Prerequisites: ECN 271 or ECN 272 or the equivalent, INB 314, MGT 236, QS 355.

451 Economic & Business History of the United States (HIS*) 4 s.h.

454 International Economics 3 s.h.
An examination of the economic process and economic science in a market-driven economy. Special reference is made to economic fluctuations and forecasting. Economic analysis, measurement, and economic policy are stressed. Some contemporary methods of economic forecasting as they relate to national income accounts, survey of future events, diverse time series, and computer modeling approaches. Fiscal and monetary measures are discussed. Prerequisites: ECN 272 and 273.

**EDUCATION (EDU)**

200 Introduction to Professional Education Experiences 3 s.h.
Introduces the student to the realities of the teaching profession, the structure and operation of schools, current educational issues and trends, and the foundations of education. Coursework includes observation and participation in classroom settings. Lecture 2 hours, laboratory 1 hour. Prerequisite: PSY 101.

201 Introductory Education Practicum 1 s.h.
Observations and participation in classroom settings. The course is designed for students who have completed an introductory education course equivalent to EDU 200, but do not have the required field experience.

233 Learning and Teaching Number Concepts (MTH*) 3 s.h.

234 Learning and Teaching Geometric and Statistical Concepts (MTH*) 3 s.h.

300 Children's Literature & Drama (ENG*/SPH) 4 s.h.

302 Program Planning for Older Adults (GER*) 3 s.h.

307 Social Studies Foundations (SSC*) 3 s.h.

309 Music for the Classroom Teacher (MUS*) 2 s.h.
312 Educational Psychology
Focus on the learning process: role of the teacher in learning; efficiency of learning as it is affected by the developmental processes; psychological principles that are central to the learning process and their relationship to the teaching situation; variables in learning; evaluation of the outcomes of learning. Application of learning theory and multicultural concepts in a field-based context. Lecture 3 hours, laboratory 1 hour. Prerequisites: PSY 101 and EDU 200.

313 Practicum for Educational Psychology
Observations and participation in classroom settings. The course is designed for students who have completed an educational psychology course equivalent to EDU 312, but do not have the required field experience.

316 Art for the Elementary School Teacher (ART*)

321 Theory and Principles of Reading Instruction
Study of theory and process in developmentally appropriate reading/writing instruction including language and literacy acquisition, comprehension, word recognition, methods of instruction and assessment, program development, and planning for individual instructional needs. Prerequisites: EDU 200, PSY 101. Prerequisite or corequisite: EDU 312.

330 The Exceptional Learner in the Classroom (SED)
Study of physical, psychological, social and educational factors related to exceptional individuals, including intellectually gifted and the handicapped. Emphasis upon collaborative historical, legal, legislative, and futurist aspects of education for the exceptional. Prerequisite: EDU 200 or departmental approval.

335 Language Arts & Linguistics Foundations
Application of linguistic theory to language arts education, including an overview of structural and transformational linguistics, and its impact on oral and written communication; techniques of handwriting, and an exploration of the theory and techniques of listening, speaking, and writing effectively in the English language. Prerequisites: ENG 101 and EDU 200.

346 Instructional Media
Selecting, evaluating and using appropriate media, including microcomputers, as an integral part of the curriculum to achieve stated learning or behavioral objectives. Experience in preparing and using audio-visual materials and equipment for effective classroom presentations.

372 Diagnosis & Remedial Techniques in Reading
Identification of reading and associated difficulties; methods in diagnostic and remedial work; use of tests and clinical apparatus in improvement of learning; modification of reading materials to meet the needs of handicapped students; observations and laboratory experiences. Lecture 2 hours, laboratory 1 hour. Prerequisite: EDU 321.

Theory & Techniques of Instruction: Elementary School (K-8) 4 s.h.
Theory of instruction, methods, and materials in the elementary school curriculum; observation of classroom procedures; participation in simulation and micro-teaching. Emphasis on the application of effective instructional theory and practice, sound decision-making and multicultural education in a field-based context. Lecture 3 hours, laboratory 1 hour. Offered Fall, Winter. Prerequisites: EDU 200 and 312.

451-461 Theory & Techniques of Instruction: Major Field (Secondary) 4 s.h.
Theory of instruction, secondary methods and materials in the secondary subject-matter fields in which students expect to teach; observations of classroom procedures; participation in simulation and micro-teaching. Emphasis upon the application of effective instructional theory and practice, sound decision-making and multicultural education in a field-based context. Lecture 3 hours, laboratory 1 hour. </table>
485  Reading Practicum  2-4 s.h.
Supervised clinical and classroom teaching of reading. Thirty clock hours of laboratory for each semester hour. Prerequisites: EDU 321, 372, at least two years of teaching experience, and approval of instructor.

EMERGENCY MEDICAL TECHNOLOGY (EMT)

155  Basic EMT  1-10 s.h.
Experiential learning credits available to those who have current State of Michigan licensure. Application for credit is to be made through the Program Coordinator for Fire Science and Occupational Safety, Health and Fire Science in the Department of Physical and Applied Sciences.

ENGLISH & COMMUNICATION ARTS (ENG)

099  Basic Writing Skills  3 s.h.
A basic reading and writing course for beginning college students. The course's format allows students to develop a command of the activities basic to undergraduate study: reading, writing, interpretation, and discussion. (For credit but not applicable toward degree.)

101  Communication Skills I  3 s.h.
Study of strategies for sentence and paragraph development; application of such strategies in descriptive, narrative, and expository essays; examination of writing as a process; oral presentation; introduction to library resources. (Does not apply to any major or minor in Communication Arts department.)

102  Communication Skills II  3 s.h.
Application in essays of a variety of purposes such as cause/effect, comparison/contrast, and definition: special emphasis on argumentation; development of library research paper; study of professional writing; participation in stages of writing process; presentation of oral argument. (Does not apply to any major or minor in Communications Arts department.)

105  Creative Writing  4 s.h.
Critical study and practical application of the techniques of poetry, fiction, and drama, with emphasis on creative expression.

116  Portfolio Development  1 s.h.
Process of identifying prior learning and developing learning components; gathering necessary information; determining credit equivalency; and preparing portfolio for assessment.

132  Newspaper Reporting (JRN*)  3 s.h.
200 Technical Writing 3 s.h.
Theory and application of technical writing principles; basis of library
research and preparation of research paper; writing business letters, personal
data sheets; the problems solving report, including graphics aids; practice in the
oral presentation of technical information to groups.

209 Approaches to Grammar 4 s.h.
This course provides an historical sketch of the development of the
English language and treats the interplay between theory of language and
approaches to the study of grammar. By tracing the evolution of dictionaries,
spellers, grammars and handbooks of English - influenced by the processes of
decay, growth, and confusion - the course emphasizes how politics and culture
interact and influence English morphology, syntax, semantics, and rhetoric.

223 Ideas in World Literature 3 s.h.
Survey of Western civilization as expressed in major literary works
which reveal the distinctive ideals, values, and attitudes of various eras; includes
works outside the Western tradition produced during the same eras.

262 Language & Culture 3 s.h.
The central concerns of this course are how and why people
communicate in the ways they do. Habitual talking, listening, and writing
behaviors of individuals and groups will be examined, as well as the influences
of home, community, and culture on the language structures and language uses
of individuals. Culture, as it influences linguistic preference, will be considered,
as will methods of semiotic and discursal analysis.

295 Critical Writing & Literary Analysis 4 s.h.
A study and practice of the methods used to analyze the contents of a

JAPANESE (JPN)

101, 102 Beginning Japanese I, II  4, 4 s.h.
  Introduction to the rudiments of spoken and written Japanese. Focus on
  the four language skills: speaking, listening, reading and writing; particular
  emphasis is placed on speaking and listening. Introduction of hirigana and
  katakana writing systems, as well as to a limited number of Chinese characters
  (Kanji). The social and cultural context of Japanese language is given close
  attention. Recitation sessions emphasize correct pronunciation, rhythm and
  accent. Students are expected to practice with audio tapes outside of class.
  Prerequisite for JPN 102 is JPN 101.

201, 202 Intermediate Japanese I, II  4, 4 s.h.
  Continuation of the study of Japanese, concentrating on the acquisition
  of more advanced grammatical patterns, vocabulary and 200 Toyo Kanji.
  Intensive classroom drills provides opportunities to practice listening as well as
  to gain confidence in speaking within a structured setting. Emphasis on
  recitation, reading and writing. Students are expected to practice with audio
  tapes outside of class. Prerequisite for JPN 201 is JPN 102; prerequisite for JPN
  202 is JPN 201.

301, 302 Advanced Japanese I, II  4, 4 s.h.
  Intensive training in the four language skill areas, concentrating on the
  acquisition of advanced grammatical patterns, vocabulary and 350 additional
  Kanji. Classroom drills and recitation target specific patterns, with emphasis on
  use of patterns in different settings. Students are expected to practice with
  audio tapes outside of class. Prerequisite for JPN 301 is JPN 202; prerequisite
  for JPN 302 is JPN 301.
321 Survey of Japan (HIS) 3 s.h.
Introduction to Japanese history, religion, culture, geography, statecraft and social institutions. The approach of the course is historical-chronological, emphasizing how the distinctive attitudes of the Japanese have emerged and changed over time. The arts in particular will be examined, since they offer the single most eloquent record of Japanese culture and reflect how the Japanese have defined themselves and their vision of life.

351 Japanese Language Pedagogy 2 s.h.
A three-week intensive seminar in language pedagogy for teachers of the Japanese language. The seminar is designed to help K-12 teachers perfect their grasp of the more difficult grammatical patterns of modern Japanese, to deepen their understanding of the social and cultural context in which these patterns can be used, and to help them learn how best to teach Japanese to K-12 students.

402 Advanced Spoken Japanese 3 s.h.
The course gives practice in speaking Japanese at an advanced level, with emphasis upon developing familiarity with different styles of delivery appropriate to formal and informal speaking situations.

423 Japanese Literature in Translation 3 s.h.
A survey of Japanese literature from antiquity to the present, emphasizing the development of Japanese culture and civilization and the distinctive themes, values, ideals and literary forms of various periods. The relationship between literature and the performing arts in Japan is given special attention. Works will be read in translation.

JOURNALISM & PUBLIC RELATIONS (JRN)

121 Introduction to Commercial Art (ART*) 4 s.h.

132 Newspaper Reporting (ENG) 3 s.h.
Organization of the modern newspaper, news values and news sources; structures of the news story; practical training in gathering and writing typical news stories.

205 Public Relations Writing 3 s.h.
Acquaints student with functions of public relations in our society and explains basic theories and principles in publicity writing and placement. Prerequisite: JRN 132 or departmental approval.

251 A Survey of Telecommunications (SPH*) 3 s.h.
Editorial Writing & Feature Writing 3 s.h.
Study of writing of newspaper features, principles and ethics of editorial judgment; the means of persuasion; nature, structure, and function of the editorial; editorial page layout and content; writing of opinion articles. Prerequisite: JRN 132 or departmental approval.

Photography I (ART) 3 s.h.
Basic black-and-white photography; principles of light, lenses and film; processing and darkroom techniques; participation in all phases of photograph production from initial composition to finished print.

Photography II (ART) 3 s.h.
A further exploration of black-and-white photographic processes including slides, printing, and negative development; archival and gallery black-and-white printing; emphasis on visualization and creativity. Prerequisite: JRN 313 or permission of instructor.

Newspaper Production 2 s.h.
Techniques and hands-on experience of covering beats, digging out stories, writing stories, and validating facts under pressure of deadlines through working on the school publication. Prerequisite: JRN 132, 286 or departmental approval.

Television Production Techniques I (SPH*) 3 s.h.
Television Production Techniques II (SPH*) 3 s.h.

Editing & Copyreading 3 s.h.
Principles of editing, headline writing, page make-up, use of pictures in newspapers, special sections, magazines. Prerequisite: JRN 132 or departmental approval.

Scriptwriting, Proposal Writing, & Budgeting for Television (SPH*) 3 s.h.

Field Production and Editing I (SPH*) 3 s.h.
Field Production and Editing II (SPH*) 3 s.h.

Foundations of Mass Communication 3 s.h.
Theory of behavior in communications in general and the mass media in particular. The design and evaluation of public opinion studies and research topics in communications with emphasis on the effects that the various media have had on consumers.

Television News Reporting and Production (SPH*) 3 s.h.

Advanced Newspaper Production 2 s.h.
Selecting and measuring type, photographic art, captions, mastheads and logos; designing pages within constraints of newshole and budget; editing
the school publication under actual deadline conditions. Prerequisite: JRN 132, 316, 357 or departmental approval.

451 Directing & Producing for Television (SPH*) 3 s.h.

491 Journalism/Public Relations Practicum/Cooperative Education 3-12 s.h.
On-campus or on-the-job experience in publications, publicity, or promotion work. One or more cooperative education experiences may substitute for the practicum. Prerequisite: JRN 132, 286, 357 or departmental approval.

LEGAL ASSISTANT (LAW)

100 Legal Assistant Orientation 3 s.h.
Introduction to the various roles of the legal assistant with an emphasis upon functions, ethics and skills, legal terminology, the court system.

101 Legal Research & Writing I 3 s.h.
An introduction to the law library and the use of legal references; the techniques of legal research as used in writing letters, instruments, pleadings, briefs and memoranda. Emphasis on State law.

121 Legal Research & Writing II 3 s.h.
Further development of research and writing skills analyzing a fact situation and following the evolution of a typical lawsuit. Emphasis on Federal law. Prerequisite: LAW 101.

201 Legal Interviewing & Investigations 3 s.h.
Collection, organization and use of facts, sources of evidence and leads, access to records, evaluation of testimony and physical evidence, interviewing.

222 Domestic Relations 3 s.h.
Divorce law, including interviewing, determination of jurisdiction, counseling, investigation; drafting, serving and filing of legal papers; Friend of the Court Act and property settlements.

235 Real Estate 3 s.h.
Interviewing and data collection, title work, mortgage work, taxation, drafting of purchase and sale agreements, closing, liability, insurance.

241 Contractual & Commercial Relations 3 s.h.
Fundamentals and theory of the law of contracts. Sales transactions, the Uniform Commercial Code, banking transactions, consumer law, analysis of standard commercial contracts.
### Litigation (257) 3 s.h.
Pre-trial, trial, appeal, and enforcement/compliance procedures for civil and criminal cases, through courts and administrative agencies. Data collection and analysis; calendar control and scheduling; organization and coordination of exhibits; drafting of interrogatories, replies and pleadings.

### Civil Procedure (263) 3 s.h.
A theoretical and practical approach to civil procedure. Topics covered include: jurisdiction, venue, conflict of laws, and procedural concepts. Prerequisite: LAW 101.

### Criminal Procedures (CJ*) (305) 3 s.h.

### Using Computers in the Law (326) 3 s.h.
Fundamentals of computer-assisted legal research; the use of computers in legal drafting; and law firm utilization of computers for business. Prerequisite: CIS 225 or 238 or CSC 208.

### Business Associations (345) 3 s.h.
Pre-incorporation and incorporation procedures, directors' meetings, stockholders' meetings, public sales of securities, foreign jurisdictions, amending Articles of Incorporation and by-laws, partnership agreements and dissolution.

### Law Office Economics & Management (357) 3 s.h.
Supervision, personnel, types of legal practice, governance, finances, equipment and facilities, timekeeping, billing, administrative reports, document control.

### Taxation I (ACC*) (358) 3 s.h.

### Taxation II (ACC*) (361) 3 s.h.

### Legal Issues for Older Adults (GER*) (370) 2 s.h.

### Probate Estates (386) 3 s.h.
Probate administration, Michigan Probate Code, gift taxes, decedents' estates, including determination of assets, federal and state death returns, fiduciary income tax returns, transfer of securities, closing documents.

### Constitutional Law (CJ*/PSC) (405) 3 s.h.

### Special Problems in Law (419) 1-3 s.h.
Study of selected areas of paralegal practice on a seminar basis.
**422 Torts: An Overview of Negligence**  
3 s.h.  
Fundamentals of tort law with emphasis on application to fact situations encountered in legal practice. Areas covered are intentional interferences and defenses, negligence and defenses, strict liability, product liability, misrepresentation, defamation, wrongful death, medical malpractice and auto negligence.

**423 Medical-Legal Concepts and Medical Records**  
3 s.h.  
Practical applications of legal concepts to medical-legal records. Medical terminology and review of medical records will be covered.

**425 Health Care Law and Public Policy (AHA*)**  
3 s.h.

**427 Evidence**  
3 s.h.  
Practical use of evidentiary rules in terms of case development and the trial process, including pre-trial discovery plans, trial preparation, and trial assistance.

**433 Administrative Procedures**  
3 s.h.  
Rules of procedure and evidence for workers' compensation, and social security.

**495 Legal Seminar & Practicum/Cooperative Education**  
4-6 s.h.  
In-service training, demonstration of professional legal assistant skills in an employment situation, self-assessment, evaluation of personal and program curriculum, strategy for continuing legal education. Position arranged by student. Permission of instructor required. Prerequisite: completion of 24 s.h. of law classes.

**MANAGEMENT (MGT)**

**216 Human Behavior & Attitudes (CJ)**  
2 s.h.  
Holistic approach to understanding oneself; discussion of various approaches to personal growth and development; overview of communication skills and practices; analysis of personal values and attitudes. No credit within business major.

**236 Principles of Management (CJ)**  
3 s.h.  
An introduction to the nature and principles of management; history, theories, practices, problems, and techniques: characteristics and qualities of managers; contemporary trends in management thought and practice. (Also offered through TV.)

**302 Organizational Behavior**  
3 s.h.  
Analysis of group and individual behavior in the organization; analysis of social structures which affect management policies and procedures. Prerequisite: MGT 236.

492 Cooperative Education 1 s.h.

495 Business Policy 3 s.h.
Capstone course; students bring to bear all the experience and knowledge of their study of business administration to analyze central problems of profit and not-for-profit enterprise and to apply strategic management in developing business policy. Case study approach. Prerequisites: Major in Accounting, Business Administration, Computer Information Systems, Financial Administration, International Business, Management, or Marketing. To be taken in final six hours of program.

MARKETING (MKT)

244 Principles of Marketing 3 s.h.
Study of marketing concepts, terminology, and applications, with special emphasis on the marketing mix relationships: e.g., product, price, promotion, and distribution. Introduction to the role and operation of marketing functions and their respective influence on the organization, both internally and externally. (Also offered through TV)

255 Consumer Behavior (FCR) 3 s.h.
The study of the impact of consumer behavior on the market. Analysis of the buying decision process and how it is affected by advertising, public relations, and the mass media. Emphasis on consumer-oriented legislation. Prerequisite: MKT 244.

307 Promotional Strategy 3 s.h.
A study of key promotional tools of advertising, public relations, sales and sales promotion. Major emphasis on identifying the factors that become the basis of managerial strategy which determine promotional decisions. Prerequisites: MKT 244 and 255.

366 Industrial Marketing 3 s.h.
A study of industrial marketing as a specialization. Examines characteristics of the industrial marketplace and emphasizes key differences from the consumer goods marketplace. Topics include: value analysis, current market analysis, marketing mix management techniques, how business organizations buy, product development, pricing, competitive bidding and control of costs, and developing and evaluating industrial marketing strategies. Prerequisites: ACC 201, MGT 236, MKT 307.
368 Marketing Communications 3 sh.
Principles of effective communications as applied to marketing operations including preparation of marketing surveys and sales communications; preparation of oral presentations and video informational programs. Prerequisites: MGT 236, MKT 244 and ENG 102.

373 Principles of Advertising 3 sh.
Intended for students with career plans in advertising and related fields. Emphasis on application of theory and strategies. Students develop and apply marketing and creative skills in analyzing advertising problems and preparing advertisement concepts. Examination of the strategic, practical, and ethical dimensions of advertising through applications. Prerequisite: MKT 307 or 368.

387 Sales Management 3 sh.
Introduction to organization and direction of sales programs, involving personal selling activities and integration of sales efforts with other marketing elements of the firm, implementation of sales programs, selection of appropriate sales personnel, designing and implementing sales policies and procedures, evaluation and control of sales force performance. Prerequisites: MKT 244 and MGT 236.

415 Marketing Management 3 sh.
A study of the overall marketing strategy pertaining to problems experienced in today's economy, utilizing a case study method. Emphasis on physical distribution, cost analysis, and effective pricing. Prerequisites: QS 355, minimum of 12 sh. in marketing, and senior standing.

233 Learning and Teaching Number Concepts (EDU) 3 s.h.
This course is designed specifically for prospective elementary school teachers. Its purpose is to help students understand and use the underlying principles of key mathematical concepts in a problem solving environment. The focus of the course is on number sense and numeration, whole number operations, fractions and decimals, computational algorithms, patterns, relations, functions and informal algebra. Students will also be introduced to a variety of materials, activities and strategies appropriate to teaching elementary school mathematics. This course is a requirement in the planned program for elementary school certification; it satisfies the general education requirement for students in the Elementary Teacher Education program. Prerequisite: MTH 104 or equivalent.

234 Learning and Teaching Geometric and Statistical Concepts (MTH*) 3 s.h.
This course is designed specifically for prospective elementary school teachers. Its purpose is to help students understand and use key mathematical concepts in a problem solving environment. The focus of the course is on mathematical logic; properties of two- and three-dimensional geometric figures; similarity and congruence; motion geometry; common and metric measurement; statistical methods to describe, analyze and use data; and probability applied in everyday life. Students will also be introduced to a variety of materials, activities and strategies appropriate to teaching elementary school mathematics. This course is a requirement in the planned program for elementary school certification. Prerequisites: MTH 104 and MTH 233.

235 Probability & Statistics 4 s.h.
Descriptive statistics, averages and variations, elementary probability theory, binomial and normal distributions, estimation and hypothesis testing. Prerequisite: one year of algebra.

251, 252 Calculus with Analytic Geometry I, II 5, 4 s.h.
Limits of functions, derivatives and applications, definite integrals, conic sections, exponential and logarithmic functions, transcendental functions, indeterminate forms, improper integrals, Taylor's Formula, infinite series. Prerequisite: MTH 121 or departmental approval. Computer Science majors must complete both courses with a C or better grade within the first 20 hours of their major.

291 Cooperative Education in Operations 2-3 s.h.
Cooperative education experience with emphasis on computer operations. Consent of an advisor is required.

325 Introduction to Statistical Research 3 s.h.
An extension of statistical techniques to include analysis of variance and correlation. Develops the ability to understand and evaluate research papers. Consideration is given to legitimacy of design, appropriateness of analysis and validity of conclusions. Prerequisite: MTH 235.
330  **Modern Algebra** 3 s.h.
Study of groups, rings, integral domains and fields; development of the rational, real and complex number fields. Prerequisite: MTH 252.

341  **Linear Algebra** 3 s.h.
Elementary theory of polynomials and vector spaces, systems of linear equations, determinants, linear transformations and matrices. Prerequisite: MTH 252.

351  **Calculus with Analytic Geometry III** 4 s.h.
Plane curves and polar coordinates, vectors and analytical geometry in three dimensions, vector valued function, partial differentiation, multiple integrals; topics in vector calculus, differential equations. Prerequisite: MTH 252.

451  **Introduction to Real Analysis** 3 s.h.
Introduction to logic and the study of proof, set theory, relations, functions, and an analysis of the real number system. Prerequisite: MTH 351.

453  **Differential Equations** 3 s.h.
Relevant techniques of solving first-order differential equations, linear differential equations, and linear systems, basic theories behind various solution techniques to various fields. Prerequisite: MTH 252.

465  **Foundations of College Geometry** 3 s.h.
The study of points, lines and planes, separations, curves and surfaces, congruence, measures, parallelism and similarity, non-Euclidean geometries. Prerequisite: MTH 252.

495  **Senior Seminar** 2 s.h.
A course designed to give experience in preparing and presenting a scientific paper. Taken by mathematics students with senior status as a requirement for graduation; to be taken in the final six hours of the program.

**MEDICAL TECHNOLOGY (MTE)**

201  **Introduction to Health Technology (AHA*)** 2 s.h.

305  **Clinical Hematology** 4 s.h.
Introduction to hematology with emphasis on normal and abnormal formed elements of human blood. Laboratory practice in enumeration, identification and interpretation of dyscrasias as they relate to the clinical situation.

307  **Immunohematology and Serology** 4 s.h.
Immunologic principles and practice of blood transfusion science for the medical technologist. Laboratory practice in antigen identification, antibody detection, cross-matching, and procedures aimed at diagnosis and treatment of hemolytic disorders.
309  **Hemostasis and Special Procedures**  3 s.h.
Pathophysiology of the hemorrhagic processes, including vascular and platelet disorders, coagulation defects, and DIC. Laboratory in screening and differential diagnosis of bleeding problems; clinical analysis of body fluids in health and disease.

363  **Clinical Chemistry I (CHM)**  1-6 s.h.
Physiological chemistry of carbohydrates, lipids and proteins in health and disease. Laboratory diagnosis of cardiovascular, respiratory, hepatic and renal disorders. Prerequisite: CHM 161 or CHM 361.

365  **Clinical Chemistry II (CHM)**  1-6 s.h.
Pathophysiological diagnosis of endocrine, hematologic, bone, muscle, metabolic and neoplastic disease. Principles of toxicology, and therapeutic drug monitoring, quality assurance, and proficiency testing. Prerequisite: CHM 161 or CHM 361.

393  **Clinical Internship I**  6 s.h.
Supervised clinical practice for students in MLT program. Prerequisites: MTE 300, 301, 302, 363, 365 and department approval.

394  **Clinical Internship II**  1-6 s.h.
Supervised clinical practice in approved clinical laboratory. Prerequisite: departmental approval.

451  **Internship I**  2-10 s.h.
Clinical practice in CAHEA medical technology program. Prerequisites: all MTE courses with grades of C or better and departmental approval.

452  **Internship II**  2-10 s.h.
Clinical practice in CAHEA medical technology program. Prerequisites: all MTE courses with grades of C or better and departmental approval.

453  **Internship III**  2-10 s.h.
Clinical practice in CAHEA medical technology program. Prerequisites: all MTE courses with grades of C or better and departmental approval.

476  **Issues in Health Care Administration (AHA*/RTE)**  3 s.h.

478  **Educational Principles for Health Care Personnel (AHA*/RTE)**  2 s.h.

495  **Senior Seminar (AHA*/RTE)**  2 s.h.
Evaluation of allied health practices and procedures with emphasis on summation and integration for the entry-level practitioner. Required for B.S.M.T. students; to be taken in the final six hours of the program.

365 Market Field Study 2 s.h.
An in-depth study of a fashion market district emphasizing history, creation, production, and distribution of fashion. On site visit for a three to five day period.

430 Theories and Practices of Merchandising 3 s.h.
Applications of merchandising planning concepts utilizing computer systems. Development of processing tasks using merchandising case studies. Simulation problem solving. Prerequisites: MM 348, CIS 238.

445 Retail Management 2 s.h.
Study of the role of the retail manager, with examination of selected current topical issues. Review of budgetary standards and techniques used for strategic planning. Emphasis placed on critical analysis and decision making. Prerequisites: MM 240, MGT 236.

491 Cooperative Education 1-4 s.h.
Supervised work experience in a professional situation related to the student's area of specialization. Prerequisite: approval of advisor.

495 Seminar 2 s.h.
In-depth consideration of controversial issues in a related field, integration and verification of exit-level competencies.

MUSIC (MUS)

105, 106, 107 Piano for the Adult 2 s.h. each
Basic course with emphasis on fundamental keyboard technique and musicianship. Credit not applicable to piano majors.

108.3-108.9 Chorale 1 s.h. each
Study and performance of sacred and secular choral literature; development of a discriminatory taste in music through experience in actual participation.

109 Voice Class I 2 s.h.
Practical approach to fundamentals of good singing techniques: support, vowel formation, concepts of resonance. Emphasis is on establishment of good vocal habits and exercises for development of the signing and speaking voice.

110 Voice Class II 2 s.h.
Continuation of Voice Class I.

111, 112 Theory I, II 4, 4 s.h.
Aural, visual and written approach to musicianship: sightsinging, melodic and harmonic dictation; four-part writing; triads, sevenths, modulation.
### Voice

**115, 116 Voice**  
2, 2 s.h.  
Voice placement; vocalization for tone production, intonation, breath control, relaxation, resonance, vowel formation and study of the consonants; simple songs with English diction suitable to acquired technique; introduction to the Art Song: Italian Art Song, selected arias.

### Piano

**121, 122, 221, 222, 321, 322, 421, 422 Piano**  
2 s.h. each  
Study of keyboard theory; techniques and repertoire designed to meet needs of individual students.

### Organ

**124, 125, 224, 225, 324, 325, 424, 425 Organ**  
2 s.h. each  
Organ technique; application to basic materials; congregational accompaniment; repertoire designed to meet needs of individual students.

### Violin

**126, 127, 226, 227, 326, 327, 426, 427 Violin**  
2 s.h. each  

### Guitar

**128, 129, 228, 229, 328, 329, 428, 429 Guitar**  
2 s.h. each  

### Flute

**131, 132, 231, 232, 331, 332, 431, 432 Flute**  
2 s.h. each  

### Saxophone

**136, 137, 236, 237, 336, 337, 436, 437 Saxophone**  
2 s.h. each  

### Clarinet

**141, 142, 241, 242, 341, 342, 441, 442 Clarinet**  
2 s.h. each  

### Viola

**143, 144, 243, 244, 343, 344, 443, 444 Viola**  
2 s.h. each  

### Trumpet

**151, 152, 251, 252, 351, 352, 451, 452 Trumpet**  
2 s.h. each  

### Trombone

**156, 157, 256, 257, 356, 357, 456, 457 Trombone**  
2 s.h. each  

### Music Through the Ages

**202 Music Through the Ages**  
3 s.h.  
Introduction to music designed especially for the non-musician to increase understanding and enjoyment of music through intelligent listening habits. Includes music literature together with life and thought during major historical eras; contemporary composers and new trends.

### Theory III, IV

**211, 212 Theory III, IV**  
4, 4 s.h.  
Advanced sight singing and dictation; four-part writing; non-harmonic tones, chromatic harmony, modulation, twentieth-century practices.

### Voice

**215, 216, 315, 316, 415, 416 Voice**  
2 s.h. each  
Continuation of 115, 116; more advanced repertoire.

### Music for the Classroom Teacher (EDU)

**309 Music for the Classroom Teacher (EDU)**  
2 s.h.  
Development of the basic knowledge of the melodic, rhythmic, and harmonic elements of music; introductory experiences in reading and playing
music using the autoharp, guitar, piano, and recorder. The course is particularly designed for but not limited to, the elementary school teacher. Prerequisite: EDU 200.

405  Choral Techniques I  
Integrated course in development of choral tone, blend, balance, articulation and appropriate baton techniques.

406  Choral Techniques II  
Continuation of MUS 405 with further emphasis on style and rehearsal procedures.

417  Church Music (RST)  
Course dealing with the practice of church music in Catholic and Protestant traditions; a survey of music literature for liturgical purposes; principles of church music administration and program organization.

495  Music Management Seminar  
A seminar in which students will, through class discussion, presentations, and directed projects, acquire information and skills pertinent to their particular interests and goals, as well as an overview of the entire music management field.

NATURAL SCIENCE (NSC)

125  Health Problems (FCR)  
Biological approach to health and disease in man. Study of drugs, smoking, alcohol, venereal disease, sex education, nutrition, heredity, and topics of current interest. (For non-science majors.)

216  Earth Science  
Encompasses the rocky surface of our planet as related to the earth’s mineral and energy resources, oceans, climate, interaction with the sun, history as a member of the solar system, and fate in the hands of man. Includes laboratory. Interdisciplinary course designed for General Science and non-science majors.

225  Human Nutrition (FCR*)  

303  Oceans: Our Continuing Frontier  
Introduction to the whole range of human involvement with the sea, emphasizing awareness of and possible solutions to technological problems inherent in exploring the sea. Interdisciplinary course designed for General Science and non-science majors.

315  Physical Aspects of Aging (GER*)  

325  The Ascent of Man  
Presentation of interrelationships of science and humanities throughout history. Discussion of the role of science and technology on the course of human events; course based on TV series. (For non-science majors.)
329  Principles of Astronomy  
Provides a comprehensive introduction to astronomy. Topics include the 
solar system, stars, galaxies, cosmology, and history of astronomy. 
Astronomical laboratory investigations are part of the course. Interdisciplinary 
course designed for General Science and non-science majors.

373  Science Foundations I: Chemistry & Life Science (EDU)  
An introduction, for pre-service elementary teachers, to the basic 
concepts of matter: atoms, molecules, its changes, properties, and reactions. 
Plant and animal life, genetics, food cycle, changes in digestion, and 
ecosystems. Lecture 3 hours, laboratory 3 hours. Prerequisite: MTH 104 or 
equivalent. (For non-science majors.) Offered in Term I only.

374  Science Foundations II: Astronomy, Earth Science & Physics (EDU)  
A continuation of basic science concepts for pre-service elementary 
teachers; study of the solar system, the earth’s structure and the laws and forces 
which govern our planet and the universe as a whole. Lecture 3 hours, 
laboratory 3 hours. Prerequisite: NSC 373; MTH 104 or equivalent. (For non-
science majors.) Offered in Term II only.

495  Senior Seminar  
Preparation and presentation of a scientific paper. Taken by students 
with senior status as a requirement for graduation; to be taken in the final six 
hours of the program.

NURSING (NUR)  

110  Introduction to Professional Nursing  
Introduction to professional nursing through an overview of significant 
eras, events and persons affecting the historical evolution of nursing from 
animal until modern times.

111  Current & Future Trends in Nursing  
Overview of current and future trends in healthcare which affect the 
development and practice of professional nursing. Introduction to sociological, 
philosophical, scientific, legal and ethical concepts which form a foundation for 
baccalaureate nursing education, as well as introduction to nursing theory and 
nursing process.

202  Basic Concepts of Nursing  
Introduction to the basic concepts underlying nursing practice, 
including nursing process, major theoretical constructs for use in assessment of 
client needs, communication skills, the teaching-learning process, and physical 
assessment skills. Application of concepts in structured health care settings 
with older adults. Enrollment limited to basic nursing students. Prerequisites: 
BIO 243, 244; CHM 161; PSY 245. Corequisites: NUR 110 and 111; SOC 101.

Nursing Research 2 s.h.
Examination and analysis of the components of the research process as they are used by nurse consumers of nursing research. Emphasis on the use of research, theory and methodology as applicable to clinical practice. Prerequisite: NUR 212, NUR 204 for LPNs, RN licensure for RNs.

Psychiatric Nursing and Mental Health Concepts 5 s.h.
Application of nursing process to clients and groups of clients experiencing stressors that affect their mental health and ability to function successfully in the community. Developmental and personality theories and interpersonal concepts are used as framework for teaching the therapeutic use of self. Clinical practice in a variety of mental health settings with clients, groups of clients, and their families. Prerequisite: 300 level nursing courses.

Community Health Nursing 5 s.h.
Application of nursing process to the total health needs of individuals, families, and groups in the community. Focus is on environmental and public health concerns affecting the health of clients, and special roles of the nurse in meeting health needs on a community basis. Clinical practice in a variety of health departments and home care settings. Prerequisite: 300 level nursing courses.

Health Promotion 3 s.h.
Application of nursing process to the community as client, with exploration of health promotion needs of a specific community through assessment (data collection, analysis, and nursing diagnosis). Student then plans, implements and evaluates a health promotion project designed to meet one of these identified needs. Prerequisite: 300 level nursing courses.

Nursing Leadership & Management 5 s.h.
Study of nurse as an administrative patient care provider. Facilitates understanding of the role and functions of the nurse manager and how the baccalaureate nurse uses managerial/leadership concepts and skills in own nursing practice. Clinical practice in a variety of settings. Prerequisite: 300 level nursing courses.

OCCUPATIONAL SAFETY & HEALTH (OSH)

Standards & Regulations 3 s.h.

Building Construction (FS) 3 s.h.
Study of fundamental concepts of building design and construction; site selection, code compliance, architectural plans, incorporation of mechanical and power devices; terminology.
291 Cooperative Education I (FS)  1-3 s.h.
Field placement in either municipal, industrial, hospital, or similar settings that provide experience in the area of occupational safety. Pre-service students only.

293 Internship I (FS)  1-3 s.h.
Field placement in either municipal, industrial, hospital, or similar settings that provide experience in the area of occupational safety. Pre-service students only.

302 Field Experiences (FS)  1-3 s.h.
Credit awarded individuals for evidence of full-time employment of two or more years in the field of occupational safety. Documentation of competencies required.

311 Industrial Safety and Health (FS)  3 s.h.
A study of numerous job related safety and health hazards associated with a wide range of occupations in industrial work environments.

321 Construction Safety  2 s.h.
Study of factors in building structures and in use of tools and materials that cause accidents. Application of regulations and standards of Michigan Department of Labor - Construction Division. Development of safety awareness to prevent or reduce accidents on construction sites.

322 Inspection & Survey of Facilities (FS)  3 s.h.
Safety and health hazards, both common and unique to various kinds of occupancies; including residential, industrial, and commercial. Includes surveying procedures, hazard recognition and evaluation and the application of appropriate measures to assure maximum life and property safety. Prerequisite: OSH 215 or consent of advisor.

328 Fire & Arson Investigation (FS*)  3 s.h.

331 Safety Program Management  3 s.h.
Examination of the organizational concepts of a safety program, with emphasis on organizational safety programs, objectives, responsibilities, and implementation; accident control and reports; motivation and incentives.

350 Hydraulics & Water Supply (FS*)  3 s.h.

352 Industrial Hygiene I  3 s.h.
Familiarization with irritating or toxic substances and various occupational stress factors causing employee discomfort or illness; emphasis on sources and the control of environmental pollution, concepts of industrial hygiene; hazard evaluation and elimination of related problems. Prerequisites: CHM 111, BIO 224 or 243 and 244 or NSC 125.

COURSE DESCRIPTIONS

OCCUPATIONAL SAFETY
PHILOSOPHY (PHL)

101 Introduction to Philosophy 3 s.h.
A study of the meaning of philosophy, basic philosophical concepts, terminology, methods, problems, systems and schools. Core requirement for Pastoral Ministry majors and minors. Requirement for Religious Studies majors and minors.

105 Anthropology: Philosophy of Person (HUM) 3 s.h.
An analysis of human experience and nature found through examination of the questions about the nature of reality, knowledge, values, freedom and destiny. (Recommended especially for students interested in the human sciences and psychology.)

155 Inquiry Into Values (HUM/RST) 3 s.h.
An inquiry into the fundamental Christian philosophical values which form the foundation of Western civilization as reflected in the writings of Augustine and Aquinas. (Recommended especially for those interested in religious studies.)

201 Logic 3 s.h.
Introduction to the principles of correct reasoning. A study of the basic argument patterns in ordinary discourse: syllogisms; distinguishing premises from conclusions; evaluation of evidence; deduction and induction; focus on relationship between language and logic and the fallacies arising from the ambiguities of grammar and semantics. Prerequisite: PHL 101 or permission of the instructor.

221 Person & Society 3 s.h.
A study of political philosophy as conceived by the classic Greek philosophers leading up to a consideration of the philosophical supports of our American Republic. (Recommended especially for students interested in history, political science and business.)

315 Phenomenology & Existentialism 3 s.h.

**Cross-Country Skiing** - Instruction in a leading recreational sport. Students will be acquainted with conditioning, injury prevention, equipment, skills and safety at various skill levels. Meets 5 weeks, winter term only.

**Golf** - Concentration in eliminating poor habits and playing technique, and improving one's game. Students will learn scoring, handicapping, fundamentals, trouble shots, and strategy.

**Jogging** - This individualized course is geared toward the development of a safe running program. Areas such as prevention of injury, diet, nutrition, weight control, pulse monitoring, and proper attire will be covered.

**Physical Fitness & Conditioning I & II** - A multi-faceted course for the promotion of good health. Students develop individualized fitness programs. Areas covered include injury prevention, diet, exercise, nutrition, and weight control. Emphasis is on lifetime work-outs.

**PHYSICS (PHY)**

**253 General Physics I** 4 s.h.
Fundamental methods of mechanics, molecular physics, heat and sound. Opportunity for experiments at Argonne National Laboratory near Chicago. Lecture 3 hours, laboratory 3 hours. Prerequisites: MTH 105 and 106, or 121, or the equivalent. (Offered Term I.) (Formerly PHY 252)

**254 General Physics II** 4 s.h.
Fundamental methods and principles of magnetism, electricity, optics, light and atomic physics. Opportunity for experiments at Argonne National Laboratory near Chicago. Lecture 3 hours, laboratory 3 hours. Prerequisites: MTH 105 and 106, or 121, or the equivalent. (Offered Term II.) (Formerly PHY 251)
271  Fundamental Electronics  4 s.h.
Study of power and energy of A.C. and D.C. circuits; introduction to
diodes, transistors, transducers, and their applications in circuits and modern
instruments. Lecture 3 hours, laboratory 3 hours. Prerequisite: PHY 254 or
departmental approval. (Offered Term I.)

351  Modern Physics: Atomic & Nuclear  4 s.h.
Investigation of properties of atoms and the nucleus, the changes under
the influence of relativity and the impact of the quantum theory. Applications of
instruments in studying nuclear reactions. Lecture 3 hours, laboratory 3 hours.
Prerequisite: PHY 254 or departmental approval. (Offered Term III.)

451  Electronics: Digital Techniques  4 s.h.
Number systems, digital codes, and Boolean algebra used in analysis of
digital logic circuits; logic gates, encoding and decoding; Flip-flops, counters,
registers and integrated circuits; introduction to interfacing. Lecture 3 hours,
laboratory 3 hours. Prerequisite: PHY 271 or equivalent. (Offered Term II.)

POLISH (POL)

101, 102  Elementary Programmed Polish I, II  4, 4 s.h.

Physiological Psychology 3 s.h.
Ways in which behavior is influenced by physiological processes within the body and by the evolution of the species. Study of the nervous system; sensory and motor systems; biological mechanisms influencing daily activity rhythms, motivation, emotion, learning, gender identity. Normal and abnormal brain functioning. Prerequisites: PSY 101 and BIO 101 or equivalent.

Pastoral Counseling (HUM/RST) 2 s.h.

Social Psychology (SOC) 4 s.h.

Field Placement in Applied Mental Health I, II 4, 4 s.h.
This field experience will provide professionally supervised practical experience in mental health intervention and/or intervention evaluation. Opportunity will be provided to utilize interventions covered in the Field Seminar in Applied Mental Health I and II. Students will engage in fifteen hours per week of field experience for two consecutive terms (400 hours minimum). PSY 370 is to be elected in the Fall term, PSY 371 in the Winter term. Prerequisite: PSY 101. Prerequisites or corequisites: PSY 316 and PSY 342. Corequisites: PSY 380 with PSY 370; PSY 381 with PSY 371.

Field Placement Seminar in Applied Mental Health I, II 2, 2 s.h.
This seminar will serve as the academic interface of the Field Placement in Applied Mental Health I and II. The seminar will offer coursework in introductory mental health interventions and intervention evaluation, including: listening/crisis intervention skills, group intervention skills, introductory behavioral intervention and program evaluation. Prerequisite: PSY 101. Prerequisites or corequisites: PSY 316 and PSY 342. Corequisites: PSY 370 with PSY 380; PSY 371 with PSY 381.

Theories of Personality 4 s.h.
An overview of the major theories of personality, the role of personality theories in development, how various personality theories can be distinguished from one another, and an evaluation of these theories. Prerequisites: PSY 101, junior or senior standing, Psychology major or minor or permission of the instructor.

Thought & Mood Disorders 3 s.h.
A study of severe and profound emotional disturbance. Aspects of differential diagnosis, descriptions within classifications, and characteristics of mood and thought disorders; specifically concerning such classifications as affective disorders, schizophrenic disorders, dissociative thought disturbances, and anxiety disorders. Prerequisites: PSY 101 and PSY 342.
483 Introduction to Experimental Psychology 4 s.h.
A critical study of experimental methods, problems, materials, results and conclusions with emphasis on conducting and interpreting psychological research. Each student will conduct a small scale research experiment of their choosing with the approval and assistance of the instructor. Prerequisite: MTH 235.

495 Seminar in Psychology 4 s.h.
The study of theoretical foundations in combination with current research issues which are of prominent importance within the study of psychology. Emphasis is placed on the motivational sources of human behavior. Prerequisite: senior standing.

QUANTITATIVE SYSTEMS (QS)

355 Applied Business Statistics 3 s.h.
Applied study of computerized statistical analyses as they relate to general business operations. Statistical procedures include descriptive statistics, t-test, ANOVA, two-way ANOVA, chi-square and simple correlation. Case study methodology heavily employed. Term project (completed by small teams) required. Prerequisites: CIS 238, MTH 235, and junior standing.

422 Tests and Measurements 3 s.h.
Study of occupational/attitudinal surveying, testing and evaluation, studies of validity, reliability, internal/external designs, item analysis, factor analysis, quantitative and qualitative analytical approaches. Course work includes measurement and development of instrumentation as applied to work climate studies, organizational behavior research and job-satisfaction/self-esteem surveys. Students will design and implement an original human resources valuative survey applicable to either the private or public sector. Prerequisites: MGT 302, MGT 310, QS 355, and junior standing.

423 Marketing Research 3 s.h.
Study of both consumer and industrial marketing research covering areas of problem definition, survey design, sampling questionnaires, data collection, quantitative and qualitative analysis, graphics design and report writing/presenting. A high level of analytical expertise will be required as student teams complete an original market research study for a selected multinational corporation and offer a formal presentation. Prerequisites: MKT 255, MKT 368, QS 355, and junior standing.

424 Applied Productivity Science 3 s.h.
Includes study of break-even analysis, linear programming (simple-x), simulation, PERT/CPM, and statistical process control. Emphasis on applications in a case study methodology from both production and service environments. Students will design an original POM plan for a selected business or organization, using the appropriate techniques. Term project required. Prerequisites: MGT 393 or MGT 421, QS 355, and junior standing.
RADIOGRAPHY (RTE)

110 Introduction to Radiography 5 s.h.
Medical terminology, nursing arts, safety, darkroom chemistry and techniques.

115 Principles of Radiographic Exposure 5 s.h.
Study of principles of radiographic exposure, factors affecting radiography quality, with a correlation to X-ray techniques as applied in the radiographic suite.

150 Radiobiology 5 s.h.
Structure and function of the human body; special emphasis on skeletal anatomy with integration of topographic anatomy and radiographic appearance.

200 Radiographic Positioning 5 s.h.
Study and demonstration of standard and special radiographic positioning and topographic anatomy.

250 Radiologic Physics 5 s.h.
Electricity, radiation, production of X-rays and theory of ionizing radiation.

294 Internship I 1-6 s.h.
Supervised clinical practice in approved radiography/nuclear medicine facility. Prerequisite: departmental approval.

300 Clinical Practicum 7 s.h.
Supervised practical experience in radiographic examination with periodic evaluation of radiographs produced.

Advanced courses in radiologic technology include:

375 Allied Health Management (AHA/MGT*) 3 s.h.

394 Internship II 1-6 s.h.
Supervised clinical practice in approved radiography/nuclear medicine facility. Prerequisite: departmental approval.

476 Issues in Health Care Administration (AHA*/MTE) 3 s.h.

478 Educational Principles for Health Care Personnel (AHA*/MTE) 2 s.h.

An interdisciplinary course comprising selected topics in Geography, History, Political Science, and Sociology integrated into an overview of the structure of the respective disciplines and designed to provide solid content background and resources for elementary school teachers. Prerequisites: SOC 101, and PSC 251 or GEO 301.

**495 History & Social Science Seminar (HIS)**  
4 s.h.  
Theoretical and philosophical foundations of history and the social sciences, including a paper or project reflecting methodological skills. Prerequisite: senior status.

**SOCIAL WORK (SW)**

**230 Introduction to Social Work**  
4 s.h.  
Examines social work as a helping profession within a historical context, working with individuals, families, groups, organizations and communities (micro, mezzo, macro systems). Defines the concepts of social systems, problem-solving, planned change, and human diversity. Establishes the knowledge, skills, and values bases through the theoretical framework of a systems-ecological perspective. Begins to look at the value and strength of diversity in cultures. Focuses on the beginning level of generalist practice with populations, i.e. gay/lesbian, people of color, elderly, and women who are vulnerable, discriminated against and suffer oppression. Introduces concepts of quantitative research. Stresses self-assessment and aptitude for social work. Includes a pre-field requirement of 50 hours experience. Prerequisites: SOC 101, PSY 101.

**235 Generalist Practice Methods I**  
4 s.h.  
Uses the Generalist Intervention model as a specific process of problem solving including: defining issues, collecting and assessing data, planning and contracting, identifying alternative interventions, selecting and implementing appropriate courses of action; using appropriate research to monitor and evaluate outcomes; applying appropriate research based knowledge, termination and followup with emphasis on mezzo systems and the interplay of micro and macro systems. Emphasis on the resources of the individual as a member of a
culture within American society. Focus on solving problems with a wide range of skills including: communication, trust building, interviewing, and conflict resolution that are appropriate to a diverse population. Focus on knowledge, skills and values that reflect the unique nature of social work. Discussion on the issues of oppression, discrimination, and exploitation particularly as connected with gay/lesbian, people of color, women, elderly and other vulnerable groups. Prerequisites: SOC 101, PSY 101.

239 Empathy Listening Skills (SOC*) 1 s.h.

240 Human Behavior & Social Environment I 3 s.h.
Provides content on theories and knowledge of human bio-psycho-social development to prepare a foundation on which to build generalist practice skills. Focus is on understanding the interplay between and among micro, mezzo, and macro systems of individuals, groups, families, and communities as they impact practice. Special emphasis will be placed on understanding the system wide impact of poverty, oppression, discrimination, and exploitation upon women, minorities, gays/lesbians, and other vulnerable groups. Use of both quantitative and qualitative research. Prerequisites: BIO 101, ECN 271, PSC 251, PSY 101, SOC 101.

341 Human Behavior & Social Environment II 2 s.h.
Builds upon the content of SW 240, Human Behavior and Social Environment I. Focus is on human diversity and how it impacts generalist practice. Provides content on the differences and similarities in the experiences, needs, and beliefs of people. Emphasis is given to diversity as a strength and not a weakness. Includes content on oppression, discrimination, and exploitation and its impact on diverse groups through micro, mezzo, and macro systems. Prerequisite: SW 240.

350 Social Welfare 4 s.h.
Examines the history, mission, and philosophy of the social work profession. Describes the history and current patterns of provision of social welfare services. Looks at conditions that make it difficult for individuals, families, and communities to meet their needs and force them to rely on the social welfare system. Examines the literature to develop a critique of the social welfare system. Pays special attention to the impact of the system on oppressed, discriminated against and exploited groups. Provides students with a framework to evaluate the forces in society that impact the social welfare system. Includes content on peace and its relationship to social welfare. Includes research skills in program evaluation. Prerequisite: SW 230.

365 Social Policy 4 s.h.
Provides an analysis of current social policy within the context of the historical and contemporary factors that shape policy. Examines the role of social policy as a resource or barrier to oppressed, discriminated against, and
exploited groups. Looks at the impact of social policy on social work practice. Presents a framework for analyzing social policies in light of principles of social and economic justice. Looks at the political processes used to influence policy and develops skills in empowering individuals, groups, families, and communities to use the process to obtain resources. Emphasis is placed on research skills to formulate and evaluate social policy. Prerequisite: SW 350.

370 Generalist Practice Methods II 4 s.h.
Examines the models, processes, and skills of generalist social work interventions appropriate to beginning levels of practice as they apply to individuals, families, and groups in their specific sociocultural contexts. Reinforcement of social systems theory and the ecological-life model in individual and multi-person interaction. Use of planned change with mezzo systems and the interaction of micro and macro systems in a problem solving process. Practice specifically with mezzo systems in identifying intervention and the use of action plans with focus on the service network and collaboration and the resources clients bring to the situation. Use of research to monitor and evaluate outcomes and practice in applying research-based knowledge with a comparison of qualitative and quantitative types. Prerequisite: SW 235.

390 Generalist Practice Methods III 4 s.h.
Examines the structure of and behavior in organizations including the formal and informal network characteristics of the bureaucratic settings of social agencies and institutions. Identifies skills needed to evaluate programs and ways to use agency resources to provide effective services to clients. To provide students with the skills to promote social change as related to macro systems. Focus on achieving social and economic justice and for combatting the causes and effects of institutionalized forms of oppression and exploitation of groups that are vulnerable and discriminated against, i.e., gay/lesbians, minorities of color, elderly, women, and others through professional use of self. Prerequisite: SW 370.

465 Generalist Practice Methods IV 3 s.h.
Focuses on macro systems in a diverse society using the generalist perspective. Examines various perspectives on the meaning of community. Emphasis is on the application of planned change using the problem-solving process to communities with attention given to the inter-play between and among the micro and mezzo systems (communities). Included is content on discrimination, exploitation and oppression, particularly as it relates to women, minorities of color, gays/lesbians, elderly and other clients from differing social, cultural, racial, religious, spiritual and class backgrounds. Prerequisite: SW 390.

480, 490 Field Placement I, II 4, 4 s.h.
Supervised social work generalist practice with opportunities to apply structured learning opportunities that enable students to compare their practice experiences and to apply foundation knowledge, skill, values, and ethics to
practice. Students are directly engaged in the delivery of services to individuals, families, groups, organizations and/or communities, particularly those who are vulnerable, exploited and discriminated against. Fifteen hours per week in the field for two consecutive terms (400 hours minimum) accompanied by mandatory weekly seminars (SW 485/495). Verification that the Program’s goals have been met and that students are prepared for beginning level generalist practice and/or graduate social work studies. Prerequisites: SW 370 for 480; SW 390 for 490 and formal admission to the program; corequisites: SW 485 with 480, SW 495 with 490.

485, 495 Field Placement Seminar I, II 2.2 s.h.
Mandatory weekly seminar to accompany Field Placement I, II. Review of field activities with emphasis on assessment of the student’s ability to apply knowledge, values and skills to practice. Focuses on the preparation for beginning level with populations who are vulnerable, discriminated against and suffer oppression, such as gay/lesbians, people of color, women, and the elderly. Review of agency data as useful in research, program evaluation, and to determine if the services are appropriate and meet needs of clients. Prerequisites: SW 370 for 485; SW 390 for 495 and formal admission to the program; corequisites: SW 480 with 485; SW 490 with 495.

487 Social Work Research 4 s.h.
Examines current research theory and methodology within the context of building knowledge for generalist practice including evaluation of macro-service delivery systems. Qualitative and quantitative methodologies are presented. An original research project is undertaken that utilizes computer-based statistical analyses. Ethical standard of scientific inquiry are emphasized especially as they relate to the impact of research on women, minorities of color, gay/lesbians and other vulnerable groups. Helps students become consumer of research as well as gaining skills in research as a means of evaluation. Prerequisite: SW 390.

SOCIOLOGY (SOC)

101 Introduction to Sociology & Cultural Anthropology 4 s.h.
Foundations and principles of social order, social control, social institutions and social life in America and other cultures. Focus on how people’s conditions, character and life chances are influenced by organizations and institutions. 323 Juvenile Justice (CJ*) 3 s.h.

339 Dual Diagnosis: Substance Abuse and Mental Health (SA*) 1 s.h.

343 Chemical Dependency: Focus on the Individual (SA*) 1 s.h.

344 Chemical Dependency: Effects on the Family (SA*) 1 s.h.

346 Prevention Aspects of Chemical Dependency (SA*) 1 s.h.
353 Marriage & the Family (FCT/RST) 4 s.h.
354 Substance Abuse and AIDS (SA*) 1 s.h.
356 Chemical Dependency: Its Grief and Loss (SA*) 1 s.h.
357 Chemical Dependency: Staff and Program Development (SA*) 1 s.h.
358 Writing Goals, Objectives and Activities (SA*) 1 s.h.
361 Chemical Dependency: Recovery and Spirituality (SA*) 1 s.h.
362 Chemical Dependency: Focus on Adolescence (SA*) 1 s.h.
363 Chemical Dependency and the Elderly (SA*) 1 s.h.
364 Substance Abuse and the Disabled Population (SA*) 1 s.h.
365 Chemical Dependency: Focus on Women (SA*) 1 s.h.
367 Social Psychology (PSY) 4 s.h.
  Examination of the complex ways in which human beings comprehend themselves and their social environment. Focus on how one's identity is "socially constructed" in all phases of the life cycle. Emphasis on influence of culture and society on attitudes, personality and behavior, attraction, aggression, conformity, power and dynamics of the group. Prerequisite: SOC 101 or PSY 101.
365 Social Change in the Sixties 2 s.h.
  Analyses of dramatic aspects of social change in the 1960s, such as civil rights, student, anti-war, and women's movements. Social and historical contexts will be considered, as well as how individuals experienced this period of change.
371 Special Topics 1 s.h.
  Analyses of current issues and topics from a sociological perspective. Will normally be offered on a weekend format (Friday night and Saturday).
380 Dynamics of Sex Roles (HIS) 4 s.h.
  An examination of socially constructed sex roles and how these roles change in response to internal contradictions, as well as political and economic forces. A consideration of various women's liberation movements and their impact on family structure, education, work, and male-female relationships.
414 Conflict Resolution in the Classroom, at Home, and on the Job 1 s.h.
  Will examine the social psychological perspective of conflict and peacemaking. Focus will be on learning a model of conflict resolution that is rooted in concepts such as contact, cooperation, communication, negotiation and non-violence. Classroom experiments will be conducted to facilitate learning.
415 Social Gerontology (GER*) 3 s.h.

442 Urban Sociology 4 s.h.
Examines historical and current patterns, structures, functions and problems of urban communities. Emphasis on the nature of the city and consequences of urban planning on political and economic aspects in an era of scarcity and increasing diversity. Focus on both historical and contemporary conditions and life styles of cities, suburbs and rural areas. Prerequisite: SOC 101.

449 Chemical Dependency: Planning and Treatment (SA*) 1 s.h.

490 Social Research Methods 4 s.h.
An examination of various research methods in sociology and related social science disciplines. Consideration of the complexity and usefulness of social research within academic and non-academic settings. Analyses of how the scientific method helps us to better understand social structure and interaction. Topics include: the nature and structure of causation and social inquiry, methods of observation, analysis of data, types of social statistics, and uses of social research. Students will have an opportunity to complete a research project and gain practical experience.

491, 492 Chemical Dependency Cooperative Education (SA*) 2-4 s.h.

493, 494 Chemical Dependency Practicum (SA*) 2-4 s.h.

495 Sociology Seminar 4 s.h.
A specialized seminar for majors intended to link critical areas of theoretical concern to the techniques and debates of current research. Both classical and contemporary social theory will be examined, as well as research methodologies appropriate to sociology. Students will design and complete original research related to major areas of sociological concern. Prerequisites: senior standing and departmental approval.

SPANISH (SPA)

101, 102 Elementary Programmed Spanish I, II 4, 4 s.h.
Introduces the basic skills for mastery of the Spanish language; listening, speaking, reading and writing. Spanish culture and civilization are also studies. At least one hour of language learning is required daily.

Students elect a program of study in a Spanish-speaking country or in Spain. Options are open for study during the summer and/or academic year.

SPECIAL EDUCATION (SED)

The Exceptional Learner in the Classroom (EDU*) 3 s.h.

Learning Disabilities 3 s.h.
An introduction to the field of learning disabilities. The historical development of the field and theoretical models of learning disabilities. Current definitions of learning disabilities which address the etiological factors and characteristics associated with the condition. Prerequisites: EDU 200 and EDU/SED 330.
401 Speech & Language Development & Disorders in Children (SPH) 3 s.h.
Focus on language models and language development from birth to pre-adolescence, including various language disorders and methodology for classroom teachers. Some attention to speech problems and remediation techniques: cerebral palsy, cleft palate and autism. Prerequisite: SED 330.

409 Practicum in Diagnostic & Prescriptive Techniques 4 s.h.
Training in the administration of educational evaluations and the interpretation of the results in written form. Emphasis is on the selection, administration, scoring and interpreting of information and formal tests in oral, written language, reading and mathematics. Understanding of the psychometric properties of standardized tests. Prerequisites: EDU/PSY 330 and SED 345.

451 Elementary Methods of Teaching the Learning Disabled 4 s.h.
Overview and analysis of current practices and research findings related to teaching elementary students. Specific procedures for conducting informal assessments and planning in academic and non-academic areas, including social and interpersonal, study and pre-vocational skills. Emphasis on remediation of academic and social skill deficits. Lecture, 3 hours, field experience 1 hour. Prerequisite: SED 345.

455 Secondary Methods of Teaching the Learning Disabled 4 s.h.
Overview and analysis of current practices and research findings related to teaching secondary students with learning and behavior problems. Specific methods for conducting informal assessments and implementing strategies for planning in academic and nonacademic areas, including social and study skills. Administrative placement issues, activities within the resource room and the roles of the regular and special education teaching staff are emphasized. Issues and models of post-secondary transition programs. Lecture 3 hours, field experience 1 hour. Prerequisite: SED 345.

471 Directed Teaching: Elementary Learning Disabilities 6 s.h.
Ten full weeks of student teaching in an elementary/middle school setting with a cooperating teacher and with students who are certified under the category of learning disabilities. Prerequisite: admission to Directed Teaching. Corequisite: SED 495.

475 Directed Teaching: Secondary Learning Disabilities 6 s.h.
Ten full weeks of student teaching in a middle/secondary school setting with a cooperating teacher and with students who are certified under the category of learning disabilities. Prerequisite: admission to Directed Teaching. Corequisite: SED 495.

481 Learning Disabilities Practicum I: Elementary/Middle School 2 s.h.
Supervised practicum of 90 hours of classroom teaching with elementary/middle school students who are certified as learning disabled. Limited to students who already have one or more special education endorsement.
Learning Disabilities Practicum II: Elementary/Middle School  2 s.h.
Final supervised practicum of 90 hours of classroom teaching with elementary/middle school students who are certified as learning disabled. Limited to students who already have one or more special education endorsement. Prerequisite: SED 481. Corequisite: SED 495.

Learning Disabilities Practicum I: Middle/Secondary School  2 s.h.
Supervised practicum of 90 hours of classroom teaching with middle/secondary school students who are certified as learning disabled. Limited to students who already have one or more special education endorsement.

Learning Disabilities Practicum II: Middle/Secondary School  2 s.h.
Final supervised practicum of 90 hours of classroom teaching with middle/secondary school students who are certified as learning disabled. Limited to students who already have one or more special education endorsement. Prerequisite: SED 485. Corequisite: SED 495.

Learning Disabilities Seminar  1 s.h.
A culmination of the learning disabilities sequence to be taken with Directed Teaching (SED 471 or 475) or the final practicum (SED 483 or 486). Research of current issues in learning disabilities. Research findings related to teaching behaviors and methods, service delivery models and program interventions will be analyzed. May not substitute for a required course. Prerequisite: admission to directed teaching or final Learning Disabilities practicum.

SPEECH & DRAMA (SPH)

101, 102 Beginning American Sign Language I, II (SLS*)  4, 4 s.h.

105 Communication 3 s.h.
Principles of speech communication applied to a wide range of speaking situations: interpersonal, group and public. Emphasis on preparation, delivery, persuasive techniques, listening and responding to messages. Opportunity to practice speaking skills.

201, 202 Intermediate Sign Language I, II (SLS*)  4, 4 s.h.

251 A Survey of Telecommunications (JRN)  3 s.h.
An integrated approach to electronic media, its technical and economic nature, and its consideration as both a product of social forces and as a social force itself.

300 Children’s Literature & Drama (ENG*/EDU)  4 s.h.

316 Group Dynamics & Discussion Techniques (PSY*/SOC)  4 s.h.
341, 342 Acting Techniques I, II 4, 4 s.h.
Basic forms and methods of expression, including voice projection and
diction; development of individual talents in pantomime, improvisation, acting,
and oral interpretation. Lecture and laboratory.

351 Television Production Techniques I (JRN) 3 s.h.
Basic techniques and equipment used in cable, industrial/educational and
commercial television production; emphasis on set-up and operation of cameras,
microphones, videotape recorders, lights, and studio and control room equipment.

352 Television Production Techniques II (JRN) 3 s.h.
Production techniques and equipment used in cable, industrial/educational and commercial television; emphasis on program production and organization, directing, camera techniques, lighting techniques, videotaping, and integration of field produced tapes. Prerequisite: SPH 351 or permission of instructor.

371 Scriptwriting, Proposal Writing, & Budgeting for Television (JRN) 3 s.h.
A study of the preparation of the television program proposal, budgeting problems and considerations, and the development of the final program script. Prerequisite: SPH 351 or permission of instructor.

381 Field Production and Editing I (JRN) 3 s.h.
Consideration of the unique characteristics of single camera production or videography for corporate, commercial, and consumer use. Emphasis on directing theory, camera technique, sound, lighting, and editing. Prerequisite: SPH 351.

382 Field Production and Editing II (JRN) 3 s.h.
Advanced field production and editing with emphasis on creative camera and lighting techniques, shot continuity, audio, electronic graphics, developing an edit decision list and special effects. Prerequisite: SPH 381.

401 Speech & Language Development & Disorders in Children (SED*) 3 s.h.

411 Television News Reporting and Production (JRN) 3 s.h.
Electronic journalism techniques and hands-on experience of producing a short news program including researching and writing the stories, newsgathering techniques, interviewing, on camera reporting, anchoring, and assembling the program elements. Prerequisites: SPH 351, 381.

415 Film Appreciation 4 s.h.
Examination of those aspects of film that qualify it as an art form worthy of critical attention.
451 Directing & Producing for Television (JRN) 3 s.h.
A theoretical and practical approach to organizing and directing television programs for broadcast, corporate, and educational use. Students will actually produce and/or direct a program for broadcast. Prerequisites: SPH 252 and permission of instructor.

491 Cooperative Education 3-12 s.h.

SUBSTANCE ABUSE (SA)

200 Chemical Dependency: General Information (SOC) 1 s.h.
Review of the research about the scope of the problem; definition of terms and vocabulary; review of different theories of addiction; focus on disease concept of alcoholism.

210 Substance Abuse Credentialing (SOC) 1 s.h.
Criteria for State credentialing levels; content manuals; accelerated method of learning; requirements and assistance through practice; practice for State exam. To prepare participants for level one of State credential.

212 Chemical Dependency: Special Populations and Credentialing (SOC) 1 s.h.
Emphasis on the special needs, interventions and approaches for diverse populations with substance abuse problems. Focus on women, youth, aged, Black and Hispanic. Content manuals for second level of State Substance Abuse credential.

214 Chemical Dependency Resources (SOC) 1 s.h.
Films and videos on chemical dependency; discussion; lists of resources and referrals; for those who want information to determine which other classes may suit their needs or interests. To provide information to University and community personnel regarding chemical dependency for personal or professional use as a prevention measure.

245 Chemical Dependency: Advanced Communication Skills (SOC) 1 s.h.
Gathering information using special and specific tools and assessments; focus on rescuing and co-dependence; how to use confrontation; practice in empathy; undoing family patterns and individual behaviors.

339 Dual Diagnosis: Substance Abuse and Mental Health (SOC) 1 s.h.
This class is an introduction to understanding the assessment and treatment of individuals who have a dual disorder of mental illness and chemical dependency. Prerequisite: SA 200.

343 Chemical Dependency: Focus on the Individual (SOC) 1 s.h.
Identification of a chemically dependent person; stages (progression) and behaviors; obstacles in getting or giving help (denial, rescuing, enabling, games) and resources available (self-help groups, EAPs, out- and in-patient facilities). Prerequisite or corequisite: SA 200.
Chemical Dependency: Effects on the Family (SOC) 1 s.h.
Emerging knowledge and research, effects on children; adult children of alcoholics; characteristics; myths; family roles; repeated patterns. Potential for suicide, depression, domestic violence, incest. Focus on dysfunctional families and adult children. Prerequisite: SA 200.

Prevention Aspects of Chemical Dependency (SOC) 1 s.h.
Review rites of passage, developmental stages, focus on healthy families; information about school based programs; current prevention activities in state and nationally; and networking. Development of a plan of action.

Substance Abuse and AIDS (SOC) 1 s.h.
An introduction to issues relevant to the substance abuse treatment field as it encounters the impact of HIV/AIDS. This course is intended to acquaint the student with factors related to treatment considerations, methods for reducing high risk behaviors, prevention measures, high risk groups, social interventions, and epidemiologic and psychiatric data. This course will provide students with pertinent information on the connection between drug usage, HIV/AIDS, the treatment field and society.

Chemical Dependency: Its Grief and Loss (SOC) 1 s.h.
The class will focus on the grief and loss issues that confront individuals in recovery. Issues such as family dysfunction, interpersonal loss and lifestyle changes will be discussed in the context of chemical dependency treatment.

Chemical Dependency: Staff and Program Development (SOC) 1 s.h.
This class is an introduction to developing effective chemical dependency treatment programs. Emphasis will include program design, grant writing, funding, human resource development, team building, conflict resolution, supervision, and available resources in the community.

Writing Goals, Objectives and Activities (SOC) 1 s.h.
The proper format for writing goals, objectives and activities in either behavioral or quantitative terms for the appropriate situation. Inclusion of timeframes, obstacles and resources. Practice and application. For all career majors. A prerequisite for SA 449, Chemical Dependency: Planning and Treatment.

Chemical Dependency: Recovery and Spirituality (SOC) 1 s.h.
The class will address the theme of spirituality as a key element of chemical dependency treatment in the 1990s. Themes such as healing, forgiveness and acceptance will be discussed within the context of addiction and holistic recovery. Specific intervention strategies will be presented to deal with this vital therapeutic issue.
362 Chemical Dependency: Focus on Adolescence (SOC) 1 s.h.
Identification of issues unique to adolescent chemical dependence (absence of physical dependency, effects on emotional growth and social development); effects on parents and siblings; obstacles to treatment and resources available.

363 Chemical Dependency and the Elderly (SOC) 1 s.h.
This class will be an introduction to the issues of chemical dependency and the elderly. Focus will include assessment, psychosocial factors, treatment strategies, model program designs and other community resources that address this high-risk, problem-prone client population.

364 Substance Abuse and the Disabled Population (SOC) 1 s.h.
An introduction to substance abuse issues and the relationship to the affected disabled population. This class is designed to acquaint students with the unique treatment issues involved when providing services to disabled individuals. This class will provide students with pertinent information to address the needs of the disabled population(s).

365 Chemical Dependency: Focus on Women (SOC) 1 s.h.
Identification of issues specifically related to chemical dependent females (accelerated progression, guilt, shame, societal values); obstacles to treatment (secrets, child care, financial concerns); resources available and needs unmet.

449 Chemical Dependency: Planning and Treatment (SOC) 1 s.h.
Case illustrations of chemically dependent persons; assessment of problems; development of treatment plan, including correctly stated goals, objectives, activities; evaluation of success and termination plans. To enhance professional’s ability in assessing, planning, and treating chemically dependent individuals. Prerequisite: SA 358.

491, 492 Chemical Dependency Cooperative Education (SOC) 2-4 s.h.
493, 494 Chemical Dependency Practicum (SOC) 2-4 s.h.
The course will provide students with the opportunity to pursue field work directly related to interest in the field of chemical dependency. The experience will be observation, data collection and specialized interaction. This is a “capstone” course for the certificate program, so only students who have completed or are near completion of the 15 semester hours in chemical dependency for the certificate may take this course. The number of semester hours will determine the required amount of time in the field and the type of assignment that will be due. Students will meet three times during the term in a seminar setting. This will be offered as a Cooperative Education course, so arrangements must be made with the Sociology Department Chairperson in the term prior to taking the course.

The IMJ, the first initial of Madonna, is a tribute to Mary, the patroness of Madonna University.

The flame symbolizes the Holy Spirit, the source of all knowledge, and signifies the fact that liberal arts education is the aim of Madonna University whose motto is *Sapientia Desursum* (Wisdom from Above).

The upward movement of the slanted IMJ implies continuous commitment to meeting the ever growing educational needs and assurance of standards of academic quality.

The box enclosing the IMJ is symbolic of unity through ecumenism.

The heavy bottom line of the box signifies the Judeo-Christian foundation of the University.

(The Madonna University logo was adopted in 1980)

*Madonna University guarantees the right to equal education opportunity without discrimination because of race, religion, sex, age, national origin or disabilities.*
