REFUND AND RETURN TO TITLE IV (R2T4) POLICY

Title IV funds are awarded to a student under the assumption that the student will attend University for the entire period for which the assistance is awarded. When a student withdraws, he/she may no longer be eligible for the full amount of Title IV funds originally awarded. If a student receiving Title IV funds completely withdraws from classes before 60% of the term has completed, the University is required to determine how much of the financial aid was earned up to the time of withdrawal. The University and/or the student must return unearned Title IV funds to the federal government. This situation could result in the student owing aid funds to the University, the government or both.

The federal formula requires a return of Title IV aid if the student received federal financial assistance in the form of a Pell Grant, Supplemental Educational Opportunity Grant, Federal Stafford Student Loan or PLUS Loan and withdrew on or before 60% of the term was completed. To determine the amount of aid the student has earned up to the time of withdrawal, divide the number of calendar days the student attended classes by the total number of calendar days in the term. Scheduled breaks of more than five days or more are excluded. The percentage derived is then multiplied by the total federal funds that were disbursed (either to the student’s account or to the student directly by check) for the term. This calculation determines the amount of aid earned by the student, which he/she may keep (for example, if the student attended 25% of the term, the student has earned 25% of the aid disbursed). The unearned amount (total aid disbursed less the earned amount) must be returned to the federal government by the university or the student.

Any unearned Title IV aid must be returned to the federal government within 45 days of the date of the determination of your withdrawal. The Financial Aid Office will notify the student with instructions on how to proceed if the student is required to return funds to the government.

A student may be eligible for a post-withdrawal disbursement if, prior to withdrawing, the student earned more federal financial aid than was disbursed. If a student is eligible for a post-withdrawal disbursement for Title IV funds, it will be processed for the student and a refund will be issued within 14 days of the credit balance.

If the post-withdrawal disbursement includes loan funds, Madonna University must get the student’s permission before it can disburse the loan. Students may choose to decline some or all of the loan funds so that s/he does not incur additional debt. A notice will be sent out to the student, and the signed, original document must be returned to Madonna within 14 days.

If it has been determined that a student has unofficially withdrawn, the Return to Title IV calculations will assume 50% completed, unless otherwise documented by the student.
