

Position Open: Health Problems in the Physical and Applied Science Program.

MADONNA UNIVERSITY is a Franciscan, Catholic co-educational liberal arts university located in Livonia, MI, a western suburb of the metropolitan Detroit area. The growing student body of 4,400 is an exciting and diverse mix of traditional and non-traditional commuter students representing all ages and ethnicities of Southeastern Michigan. Teaching is of primary importance. Faculty members actively participate in university governance and academic affairs.

The College of Social and Natural Sciences offers programs that focus on the physical and Applied Science, Natural Science, Forensic Science, and the Social Sciences. Our mission is to provide excellent educational experiences at the undergraduate levels leading to a bachelor's degree that would enable our students to get a rewarding job in their field of study or continue to graduate schools. The College's programs are based on the Catholic and Franciscan intellectual tradition of Madonna University to foster scientific inquiry and service to society.

The Physical and Applied Science program invites applications for an adjunct position as Adjunct Instructor or Adjunct Assistant Professor [rank commensurate with experience] to teach Health Problems for the Fall of 2021.

Qualifications:

1. Master's or PhD degree in the Biological Sciences or An MS degree in Public Health with a strong background in Anatomy and Physiology.
2. Candidate must demonstrate the ability to teach in an online setting.
3. Excellent oral, written, and interpersonal communication skill.

Review of applications will begin immediately.

Application Process:

To apply, please submit a cover letter, curriculum vita, transcripts, teaching philosophy, and three letters of recommendation to:

Roger Steele, Faculty Contract Specialist
Human Resources Department
